When seeking to understand what Paul and his coworkers were trying to accomplish it is no longer possible to ignore Graeco Roman cultural economic political and religious beliefs and practices Nor can one ignore the ways in which colonized and vanquished peoples adopted developed subverted and resisted these things Therefore in order to properly contextualize the Pauline faction the traditional background material related to Paul and politics must be developed in the following ways Pauline eschatology must be examined in light of apocalyptic resistance movements Pauline eschatology must be understood in light of the realized eschatology of Roman imperialism and the ideology of Rome its four cornerstones of the household unit cultural constructs of honor and shame practices of patronage and traditional Roman religiosity now all reworked within the rapidly spreading imperial cult's must be explored in detail This is the task of Pauline Eschatology the second volume of Paul and the Uprising of the Dead In it we will witness how Pauline apocalypticism ruptures the eternal now of empire and this then paves our way for the detailed study of Paulinism that follows in volume 3 Pauline Solidarity *Studies In Pauline Eschatology And Its Background* E J (Edwin John) 1882-1964 Pratt, 2025-05-22

Paul: Jew, Greek, and Roman Stanley E. Porter, 2009-01-31 What does it mean to study Paul the Apostle as Jew Greek and Roman The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic social and cultural designations Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural ethnic and even religious areas of the ancient world and one of many people of that world who evidenced such complexity This volume Paul Jew Greek and Roman explores a number of the important and diverse cultural ethnic and religious dimensions of the multi faceted background of Paul the Apostle Some of the treatments are focused and specific while others range over the broad issues that go to making up the world of the Apostle

The End of the Age Has Come C. Marvin Pate, 1995 The Christian according to the apostle Paul lives between two times The end is already present with Christ's death and resurrection but the end is yet to come with his second appearing Following the seminal work of Oscar Cullmann Marvin Pate argues that this already not yet eschatological tension lies at the heart of all writings of the apostle Paul and is in fact the key to understanding them Pate traces the concept of already not yet back to its Jewish roots and shows with exceptional clarity how Paul's teachings on God Christ human beings salvation the Holy Spirit the church society and the last things can be successfully placed within this already not yet framework In his analysis Pate exegetes numerous key passages in the Pauline letters

Paul and the Hope of Glory Constantine R. Campbell, 2020-11-24 A Unique Study of Pauline Eschatology that Is Both Exegetical and Theological One of the trajectories coming out of Constantine Campbell's award winning book Paul and Union with Christ is the significance of eschatology for the apostle Along with union with Christ eschatology is a feature of Paul's thinking that affects virtually everything else While union with Christ is the webbing that joins Paul's thought together eschatology provides the shape of his thought and thus gives shape to his teaching about justification resurrection the cross ethics and so forth There is considerable debate however about Paul's eschatology asking whether he is a covenant or an apocalyptic theologian In Paul and the Hope of Glory Campbell conducts a thorough exegetical study of the relevant elements of Paul's eschatological language metaphors and images including parousia the last day inheritance hope and others He examines each passage in context aiming to build inductively an overall sense of Paul's thinking The results of this exegetical study then feed into a theological study that demonstrates the integration of Paul's eschatological thought into his overall theological framework The study is comprised of three parts The first part introduces the key issues both exegetical and theological and sets the parameters and methodology of the book It also offers an historical survey of the scholarly work produced on Paul's eschatology through the twentieth century to the present day The second part contains the detailed exegetical analysis with chapters on each important Pauline phrase metaphor and image related to eschatology The third part turns its attention to

theological synthesis It recapitulates relevant conclusions from the evidence adduced in part two and launches into theological discussion engaging current issues and debates This volume combines high level scholarship and a concern for practical application of a topic currently debated in the academy and the church More than a monograph this book is a helpful reference tool for students scholars and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to eschatology in Paul s thinking

One Baptism Susan K. Wood, 2009-07-01 Most Christians would say that baptism is the one sacrament Christians of all denominations share that it is the source of ecumenical unity among all Christian churches But how true is that Is there really one baptism as we profess in the Nicene Creed If we disagree about what baptism does can we really say that baptism unites us To address this central question Susan Wood brings together the history and theology of baptism systematic sacramental and liturgical focusing especially on the divergent paths taken in the understanding of the sacrament since the Reformation Founded not only in her study of theology but also in her years of participation in ecumenical dialogues her perspective will illuminate this problem for readers and point the way toward deeper understanding

Justification, Volume 2 Michael Horton, 2018-11-27 The second of a two

volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it s often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 2 embarks on the theologically constructive task of investigating the biblical doctrine of justification in light of contemporary exegesis Taking up the topic from a variety of theological vantage points Horton engages with contemporary debates in biblical especially Pauline scholarship Part 1 draws out The Horizon of Justification from the Old Testament narratives of Adam and Israel Part 2 defines The Achievement of Justification in the blood of Christ and seeks to lay the groundwork for understanding its extent Part 3 focuses on The Gift of Righteousness delving into a clear articulation of what justification means its mechanism and the role of works on the day of judgement Part 4 proposes a way forward for Receiving Justification and understanding faith and justification within the broader framework of union with Christ Engaging and thorough Justification shows that the doctrine of justification finds its most ecumenically significant starting point and proper habitat in unity with Christ where the greatest consensus past and present is to be found among Orthodox Roman Catholic and Protestant theologies

Paul and the Parousia Joseph Plevnik, 2014-04-23 Surprisingly there has never been a comprehensive exegetical study in English of Saint Paul s view of the second coming or Parousia of Christ In this methodical analysis Joseph Plevnik brings nearly three decades of research to bear on the question of Paul s understanding of this most central tenet of the whole Christ event With careful attention to the concepts and terms underlying the notion of the Lord s coming Plevnik examines the key Pauline texts such as 1 Thess 5 1 11 and 1 Cor 15 23 28 Plevnik then constructs a viable theological interpretation of the great Christian hope including the language of hope Christ s parousia and judgment conflict at Christ s return the place of the church and Paul s apocalyptic theology This volume will be indispensable for any study of Pauline theology the Parousia the theology of hope and apocalypticism It is my hope that the book will be not only a scholarly contribution on the topic but also of some personal value to the reader and to the preacher It may provide a timely reading at the close of the second millennium The times and seasons however are not for us to determine but a proper preparedness for the Lord s coming is the message of the New Testament and of Paul in particular If the Lord s coming may no longer be said to be near it can still be desired Marana tha
