Pauline Theology:

A Pauline Theology of Church Leadership Andrew D. Clarke, 2008-01-29 Scholarly studies consider Paul's views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deuterio Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul's particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul's critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul's attitude towards hierarchy egalitarianism authority responsibility and privilege

Pauline Theology and Mission Practice Dean S. Gilliland, 1996-08-01 Not since Roland Allen's book in 1912 has there appeared such a thorough study of the Apostle Paul's mission theology and methodology The value of this comprehensive survey writes Harry R Boer in the foreword lies in part in its grounding in careful expository studies of Paul's ministry as revealed in Acts and in the corpus of the Pauline epistles Again and again the author illustrates the abiding relevance of Paul's first century insights for missionary thought and practice in the twentieth century He draws not only on Scripture but also on personal insights and illustrations arising from two decades of missionary service And he enters into significant dialogue with representative missionary literature of the modern period The book's five parts cover theology the sources and nature of Paul's theology and his theological assumptions for mission conversion Paul's conversion in Acts conversion as reality experience and process and conversion and the real world the convert's new life what its spiritual basis is and how to live it the church its oneness diversity and contextuality its leadership worship discipline and finance and the missionary his or her credentials and ministry Paul's theology was irresistible because it was energized by a fresh life changing experience and supported by a new love for all people writes the author in the introduction He then elaborates on four characteristics of that theology it is dynamic evangelical pastoral and holistic The absolute commitment of mind and body soul and spirit that was Paul's his love for the Lord Jesus and lost people everywhere concludes the author in the epilogue must be the very heart of the church

Pauline Theology as a Way of Life Joshua W. Jipp, 2023-07-25 Paul is known as a theologian and indeed his writings yield rich theological insights But Paul was foremost a missionary and a pastor who wrote to real people and churches In this fresh approach to Pauline theology respected scholar Joshua Jipp brings Paul's pastoral concerns to the fore specifically his concern for human flourishing in his congregations Jipp argues that Paul's writings are best understood as invitations to a particular way of life one that is oriented toward the supreme good of experiencing life in God through participation in Christ For Paul Christ epitomizes the good life and enables others to live it While analyzing Paul's thought through this lens of well being and flourishing Jipp introduces conversation partners as points of comparison and contrast He interacts with ancient philosophy and modern positive psychology both of which also address the good life This important and substantial contribution to Pauline studies covers issues such as transcendence suffering and death relationships pursuit of Christian virtue and moral agency It will be a valuable resource for all students of Paul Now in paperback *Pauline Theology* E. Earle Ellis, 2005-02-08 The book should provide a lively counterpoint to both the standard liberal and conservative treatments in courses on Paul's view of ministry Theology Today Ellis judicious treatment and penetrating analysis of the relevant biblical material will force many of us to think more precisely about the concept of ministry in Paul's writings how ministry manifested itself in the churches of his day and what are its implications for us today Westminster Theological Journal Ellis gives a sound critique of liberation theology and sociopolitical action as ministry He gives a balanced view of the gifts and the fruit of the Spirit and on biblical grounds he defends the ordination of single and with qualifications married women Challenging but meant for the intelligent church member Librarian's World It's a gem It is a delightful summary in popular form of themes that Ellis has been at work on throughout his years of productive scholarship It is copiously footnoted with concise bibliographies on the points at hand Hence this short book becomes encyclopedic Calvin Theological Journal A splendid tour de force in the best sense James G D Dunn These essays represent in many respects a valuable corrective to much of what passes for biblical theology in our times Paul J Achtemeier *Pauline Theology* Joseph A. Fitzmyer, 1967 Presents in brief form the main thrust and elements of Paul's teaching It is a synthesis that is mainly descriptive and is intended as an introduction to the writings of Paul Each section includes a select bibliography of titles in the principal modern languages to introduce the reader to more specialized literature on Pauline topics *Pauline Theology, Or The Christian Doctrine of Future Punishment as Taught in the Epistles of Paul* Horace Lorenzo Hastings, 1861 **Paul, Apostle of God's Glory in Christ** Thomas R. Schreiner, 2006-02-01 Thomas R Schreiner gives a sound and insightful exposition and assessment of Paul's theology that is well geared to the needs of seminary students and working pastors **God's Saving Grace** Frank J. Matera, 2012-11-17 Distinguished biblical scholar Frank Matera here views the theology of the Pauline letters through the lens of the saving grace that Paul experienced at his call and conversion Focusing on Christology soteriology theology anthropology ecclesiology ethics and eschatology Matera explores both the unity and the diversity of the thirteen

Pauline letters Written in a clear and coherent style God's Saving Grace presents students professors and pastors with a comprehensive yet concise and accessible overview of the theology found in the entire corpus of Paul's letters *Paul, a New Covenant Jew* Brant Pitre, Michael P. Barber, John A. Kincaid, 2019-08-08 After the landmark work of E. P. Sanders the task of rightly accounting for Paul's relationship to Judaism has dominated the last forty years of Pauline scholarship Pitre Barber and Kincaid argue that Paul is best viewed as a new covenant Jew a designation that allows the apostle to be fully Jewish yet in a manner centered on the person and work of Jesus the Messiah This new covenant Judaism provides the key that unlocks the door to many of the difficult aspects of Pauline theology Paul a New Covenant Jew is a rigorous yet accessible overview of Pauline theology intended for ecumenical audiences In particular it aims to be the most useful and up to date text on Paul for Catholic Seminarians The book engages the best recent scholarship on Paul from both Protestant and Catholic interpreters and serves as a launching point for ongoing Protestant Catholic dialogue

Celebrating Romans Sheila E. McGinn, 2004 This book brings international Christian scholars together to celebrate Robert Jewett's lifelong interest in Romans by reviewing and significantly advancing five fruitful approaches to Paul's most influential work James D. G. Dunn Jeffrey B. Gibson and Graydon F. Snyder show where the new approach to Pauline theology elucidates and corrects earlier theological appropriations of the letter to the Romans William S. Campbell James D. Hester and Wilhelm Wuellner illustrate different models of rhetorical criticism Peter Lampe and Carolyn Osiek show what can be gained by a social historical approach to Romans Sheila E. McGinn Elsa Tamez and Pamela Thimmes demonstrate how a feminist hermeneutic clarifies key texts from Romans and challenges the interpretive tradition Keith Augustus Burton Lareta Halteman Finger and L. D. Hurst create a conversation between Paul's letter and contemporary culture An introduction provides context for these chapters by offering a helpful overview of recent trends in New Testament scholarship that are pertinent to Pauline studies particularly the study of Romans The authors all established teachers in academic and church settings recognize the need for analyses of the Bible that are substantial and scholarly but also intelligible to nonspecialists The essays in Celebrating Romans will challenge the thinking of students and scholars alike illuminating diverse methods of biblical analysis and fostering a deeper appreciation for and engagement with this crowning literary achievement of the apostle to the Gentiles Contributors Robert Atkins Keith Augustus Burton William S. Campbell James D. G. Dunn Lareta Halteman Finger Jeffrey B. Gibson James D. Hester Frank W. Hughes L. D. Hurst Peter Lampe Sheila E. McGinn Carolyn Osiek Graydon F. Snyder Elsa Tamez Pamela Thimmes Wilhelm Wuellner K. K. Yeo

The Origins of Pauline Pneumatology Finny Philip, 2005 Finny Philip inquires into Paul's initial thoughts on the Holy Spirit Paul's conviction that he was called to be an apostle to the Gentiles and that God bestowed the Spirit upon the Gentiles apart from Torah obedience is the basis for any inquiry on this subject Central to Philip's argument is Paul's conviction that God graciously endowed his Gentile converts with the gift of the Spirit an understanding that is rooted primarily in his conversion experience and secondarily in his experience with and as a

missionary of the Hellenistic community in Antioch In examining the range of expectations of the Spirit that were present in both Hebrew scripture and in the wider Jewish literature the author comes to the conclusion that such a concept is rare and that it is usually the covenant community to which the promise of the Spirit is given Furthermore Paul s own pre Christian convictions about the Spirit a result of his own self perception as a Pharisee and persecutor of the church display continuity between his thought patterns and those of Second Temple Judaism Paul s Damascus experience was an experience of the Spirit His experience of the glory of God in the face of Jesus Christ 2 Cor 3 1 4 6 provided him with the belief that there was now a new relationship with God which was possible through the sphere of the Spirit In addition Paul was influenced by the Hellenists whose theological beliefs included the perception of the church as the eschatological temple in which the Spirit of God is the manifest presence of God It is in these notions that one may trace the origins of Paul s thoughts on the Holy Spirit

The Satanward View James Kallas,2020-01-30 I have written what I would call descriptive theology as differentiated from what could be termed applied theology That is my primary attempt has been to show what the motifs and concepts of the New Testament meant to those people then rather than to seek to show what they might mean to us today Only rarely and only in passing have I tried to apply Put another way my main attempt has not been to apply these truths to our time Indeed I am often cognizant of the fact that I cannot I am uncomfortable with many of the conclusions that have been forced on me by these studies My purpose then is not to argue for the relevancy of these motifs as much as it is to point out the danger we face if we fail to reckon seriously with the obvious intent of some very obvious New Testament language Preface page 9 **A Theology of Paul and His Letters** Douglas J.
