The Things I Want Most Richard Miniter, 2009-09-16 The remarkable story of a couple who risked everything to open their home and their hearts to answer an abandoned child's wish It was a small note buried in the file of a deeply troubled eleven year old boy a plea for a normal life Rich and Sue Miniter couldn't ignore The Things I Want MOST A family A fishing pole A family The Miniters heard in that simple note the voice of a frightened child who wanted what all children want and need someone to love who would love them in return So they brought Mike home to the cozy country inn they'd restored and managed in rural upstate New York There over the next year they would try to make Mike's dream come true But first they would have to work through the fear anger and distrust that accompanied this boy who had lived his whole life with the label severely emotionally disturbed For the biggest obstacle to Mike's happiness was Mike himself who gave the Miniters every reason to give up but one the power of love When Richard and Sue Miniter decided to open their home and their hearts to a foster child they couldn't imagine the frustrations and joys the breakthroughs and setbacks not to mention the emotional toll that awaited them Here is the remarkable true story of how their lives changed forever with their decision to answer an abandoned child's wish for THE THINGS I WANT MOST

Gothic Things Jeffrey Andrew Weinstock, 2023-07-04 SHORTLISTED THE ALLAN LLOYD SMITH PRIZE FOR BEST MONOGRAPH Offering an innovative approach to the Gothic Gothic Things Dark Enchantment and Anthropocene Anxiety breaks ground with a new materialist analysis of the genre highlighting the ways that since its origins in the eighteenth century the Gothic has been intensely focused on ominous matter and thing power In chapters attending to gothic bodies spaces books and other objects Gothic Things argues that the Gothic has always been about what happens when objects assume mysterious animacy or potency and when human beings are reduced to the status of just one thing among many more powerful others In exploring how the Gothic insistently decenters the human Jeffrey Andrew Weinstock reveals human beings to be enmeshed in networks of human and nonhuman forces mostly outside of their control Gothic Things thus resituates the Gothic as the uncanny doppelgänger of twenty first century critical and cultural theory lurking just beneath the surface and sometimes explicitly surfacing as it haunts considerations of how human beings interact with objects and their environment In these pages the Gothic offers a dark reflection of the contemporary nonhuman turn expressing a twenty first century structure of feeling undergirded by

anxiety over the fate of the human spectrality monstrosity and apocalypse Substituting horror for hope the Gothic Weinstock explains has been a philosophical meditation on human relations to the nonhuman since its inception raising significant questions about how we can counter anthropocentric thought in our quest to live more harmoniously with the world around us
