Building a Collaborative Advantage Carey Doberstein, 2016-11-14 Homelessness is not a historical accident We know that it is the disastrous outcome of policy decisions made over time and at several levels of government Yet conventional theories in political science and public administration fail to explain why some approaches work while others fail In Building a Collaborative Advantage Carey Doberstein draws on network governance theory extended participant observation and more than sixty interviews with key policy figures to investigate how government and civil society actors in three major Canadian cities have organized themselves to solve public problems In Vancouver and Calgary where governance networks include affordable housing providers mental health professionals Aboriginal community members representatives of drop in centres and others with lived experience homelessness is on the decline In Toronto where municipal decision making was closed to civil society actors during the period of investigation homelessness levels remained stagnant Doberstein concludes that having a progressive city council is not enough Civil society organizations and actors must have genuine access to the channels of government power in order to work with policy makers to develop innovative and comprehensive solutions

Ladies Or Gentlemen Jean-Louis Ginibre, 2005 From Greek drama through vaudeville and modern cinema nothing in the theatrical experience has ever guaranteed a laugh like a man in a dress This spectacular pictorial history examines the grand tradition of male cross dressing in the movies through more than 700 photos more than half of which are previously unpublished The screen s greatest stars from comedians like Buster Keaton and Peter Sellers to serious actors like Marlon Brando and Max von Sydow are pictured in everything from bustiers to ball gowns Just as in real life the cinematic motives for cross dressing are complex ranging from plot device I Was a Male War Bride and social commentary Tootsie to the simple sight gags of Laurel and Hardy The book explores these and myriad other reasons actors are coaxed out of dress

suits and into dresses By turns provocative serious and silly Ladies or Gentlemen is a delightful study of a seldom explored facet of cinema history Raised by the System Wayne Ruth,2016-03-19 A touching story of a young man looking for love and knowledge at the same time looking for role models and teachers with which to emulate his life but only found life lessons to grow with This young mans life is embroiled with love hate betrayal and jealousy having been in and out of jail This book willtake you back to the days when times was hard so the only place you could turn to was the streets to only find out there is no love there You will find yourself deep into the story to the point where you may feel that the story is all about you
