exemplifying that many of us as individuals whether good bad ugly or indifferent are shaped by our experiences as early as childhood Dexter Howard 2014 states That s what s missing as I look at the landscape of our society identity and much needed affirmation Mothers are designed to nurture but fathers provide identity and affirmation Without those things it leaves a hole in the heart of a child Parents don t realize that broken relationships not only affect the couple involved but it affects and shapes their children We are the sum total of our experiences And like a flowing river those same experiences and those yet to come continue to influence and reshape the person we are and the person we become None of us are the same as we were yesterday nor will be tomorrow B J Neblett Oftentimes we ask the question Why do bad things happen to good people However we learn the best lessons and gain wisdom in the worst circumstances It is amid life challenges catastrophes and calamities that we understand that even when you have experienced great loss God can still use what you have left Life has taught me it s not what we go through that damages us but an unwillingness to forgive the process designed to work for our greater good The Bible says in Psalms 37 23 that the steps of a good man are ordered by the Lord Most of us believe that God is a God that only orders blessings However life has shown me that God does not just order blessings but God orders trials He orders setbacks and he orders challenges but in God s ordering he will never put on us more than what we can bear

**Soul Friends** Stephen Cope, 2017-04-04 Most of us will have many friends throughout our lifetimes friends of all shapes sizes and callings Many of these are wonderful meaningful friendships Some are difficult But some magic few of these are connections that have gone right to our soul These five or seven or ten friendships have been powerful keys to determining who we have become and who we will become These are the people I call Soul Friends As the Senior Scholar in Residence for over 25 years at the renowned Kripalu Center Stephen Cope has spent decades investigating and writing about the integration of body mind and spirit and the rich complexity of our relationships with others and with

ourselves Perhaps the central truth that arises from his work is this human beings are universally wired for one thing vital connection with one another Soul Friends invites us on a compelling journey into the connectivity of the human psyche the study of which has fascinated scholars philosophers and thinkers for centuries Cope seamlessly blends science scholarship and storytelling drawing on his own life as well as the histories of famous figures from Eleanor Roosevelt to Charles Darwin to Queen Victoria whose formative relationships shed light on the nature of friendship itself In his exploration he distills human connection into six distinct yet interconnected mechanisms containment twinship adversity mirroring identification and conscious partnership Then he invites us to reflect on how these forms of connection appear in our own lives helping us work toward a fuller understanding of who we have become and who we will become Without a doubt the journey to our most fulfilled selves requires us to look within But in order to truly thrive we must make the most of who we are in relation to one another as well Unsparingly honest deeply wise and irresistibly readable Soul Friends gives us a map to find our way
