Ralph Bunche Joseph D. imaginable goal The still young United Nations was widely respected and regarded as humankind s best hope for resolving global conflicts African and Asian nations having recently won their freedom from colonial domination sought dignity and influence on the world stage At the helm of their international efforts was U Thant a practicing Buddhist from a remote town in Burma who as the UN s first non Western secretary general became the Cold War era s preeminent ambassador of peace From the moment of his predecessor's mysterious death in 1961 Thant faced a deluge of violent conflicts in Congo Yemen Cyprus and Nigeria as well as one between India and Pakistan that threatened larger conflagrations Crucially during the Cuban Missile Crisis he played an indispensable role virtually hidden until now in defusing tensions and helping both superpowers find a way back from nuclear confrontation For years Thant also challenged Washington over its war in Vietnam identifying paths to peace that could have saved the lives of millions Drawing on newly declassified documents Thant's grandson historian Thant Myint U gives a riveting account of how his grandfather's gentle yet willful disposition shaped his determination to avoid a third world war give voice to the newly decolonized world create a fairer international economy and safeguard the environment Rather than a vestige of an idealistic past U Thant's fight for peace is central to a fresh understanding of our world today Confronting the Veil Jonathan Scott Holloway, 2003-04-23 In this book Jonathan Holloway explores the early lives and careers of economist Abram Harris Jr sociologist E Franklin Frazier and political scientist Ralph Bunche three black scholars who taught at Howard University during the New Deal and together formed the leading edge of American social science radicalism Harris Frazier and Bunche represented the vanguard of the young black radical intellectual activists who dared to criticize the NAACP for its cautious civil rights agenda and saw in the turmoil of the Great Depression an opportunity to advocate class based solutions to what were commonly considered racial problems Despite the broader approach they called for both their advocates and their detractors had difficulty seeing them as anything but black intellectuals speaking on black issues A social and intellectual history of the trio of Howard University and of black Washington Confronting the Veil investigates the effects of racialized thinking on Harris Frazier Bunche and others who wanted to think beyond race who envisioned a workers movement that would eliminate racial divisiveness and who used social science to demonstrate the ways in which race is constructed by social phenomena Ultimately the book sheds new light on how people have used race to constrain the possibilities of radical politics and social science thinking Ralph Bunche An American Odyssey Brian Urguhart, 1998-10-06 A biography of the United Nations mediator and winner of the 1950 Nobel Peace Prize for his work on the armistice between Israel and its Arab neighbors The Crisis .1972-12 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda
