undisputable movement It had numerous different influences and strong and sometimes even radical beliefs which did not only evoke sympathy and understanding Especially Ralph Waldo Emerson on of the most important person of this movement was criticized for his ideas 1 Some contemporary artists like Edgar Allan Poe even had cravings to murder some Transcendentalists² although this statement probably has to be seen in regard to Poe s common irony Poe and other authors used their work to express their distaste for Transcendentalism and tried to ridicule it for example by exaggeration 3 In this term paper I will answer the following question What are the typical elements of Transcendentalism in Emerson s Poetry and how are they ridiculed by Edgar Allan Poe To answer this question I chose Emerson s poem Give All To Love In my analysis of the poem I will show that it contains a lot of typical elements of Transcendentalism which is the reason why I chose this particular poem of Emerson The work of Poe I will use is his short story The Fall of the House of Usher There are several works of Poe where he tries to ridicule Transcendentalism but I chose this short story since it is probably his most famous one Concerning my secondary literature I tried to find a mixture of classical references like Literary Transcendentalism by Lawrence Buell and of new and rather fresh internet sources To achieve a high level of reliability for my internet sources I almost only used homepages of american universities With this mixture I want to demonstrate that the topic of my term paper has been and still is relevant to literary studies I will start with a chapter about the Transcendentalism in general the role of Emerson and name some of the criticism of Transce

Ralph Waldo Emerson as a Critic of Literature Dora B. Robertson, 1929

The Critical Reception of Emerson Sarah Ann Wider, 2000 A history of the most important scholarly criticism of Emerson from his time down to the present Since the 1820s Ralph Waldo Emerson has provoked an unsettled response from his readers and contentiousness among critics Critics still contest Emerson s position Was he poet or philosopher Did he liberate American literature or narrow it to a one dimensional idea Is his signature concept of self reliance the most profound contribution to democratic individualism or the epitome of capitalism s impoverished thought But by the mid 20th century the swing between condemnation and celebration of Emerson had given way to the familiar story of his bisected career which provided a neat structure for viewing his life and work and shaped our thought about him Now that story is being challenged by the application of poststructuralism and textual editing and with the publication of an amazing repertoire of editions the Emerson canon is changing The result is that Emerson criticism now faces a far more complex group of writings than before One hundred and fifty years after Emerson styled himself an experimenter who would unsettle all things this new critical history illustrates the continuing thought provoking success of that experiment Sarah Ann Wider is Professor of English at Colgate University in Hamilton New York

Ralph Waldo Emerson Manfred Pütz, J. K. Adams, J. Boeck, 1986 Emerson scholarship has been particularly productive in the last couple of decades At the same time however bibliographies have been slow in catching up with this development Only few selective checklists cover modern criticism on Emerson none of them going beyond the seventies It is the object of the present bibliography to document all Emerson criticism of the twentieth century up to the mid eighties
