Our Better Nature Philip J. Dreyfus, 2012-04-03 Few cities are so dramatically identified with their environment as San Francisco the landscape of hills the expansive bay the engulfing fog and even the deadly fault line shifting below Yet most residents think of the city itself as separate from the natural environment on which it depends In Our Better Nature Philip J Dreyfus recounts the history of San Francisco from Indian village to world class metropolis focusing on the interactions between the city and the land and on the generations of people who have transformed them both Dreyfus examines the ways that San Franciscans remade the landscape to fit their needs and how their actions reflected and affected their ideas about nature from the destruction of wetlands and forests to the creation of Golden Gate and Yosemite parks the Sierra Club and later the birth of the modern environmental movement Today many San Franciscans seek to strengthen the ties between cities and nature by pursuing more sustainable and ecologically responsible ways of life Consistent with that urge Our Better Nature not only explores San Francisco s past but also poses critical questions about its future Dreyfus asks us to reassess our connection to the environment and to find ways to redefine ourselves and our cities within nature Only with such an attitude will San Francisco retain the magic that has always charmed residents and visitors alike **The Keystone** ,1925

South of South Beach Keith G. Laufenberg, 2014-07-05 South of South Beach takes the reader back in time to the 60 s and 70 s during a time when South Beach was nothing like the glitzy Art Deco district it is today but more of a dilapidated run down section of real estate where Chris Dundee runs the 5th Street Gym and many transplanted prizefighters Muhammad Ali among them roam the streets looking for something to while away the hours while they prepare their bodies for the task of fighting another highly trained boxer who wants to beat their brains out even as they wish to do much the same to them The girls stroll parts of South Beach in bikinis and the Beatles have even visited the 5th Street Gym recently the beat generation is giving way to the hippie free love generation so come back in time and visit what today is one of the world s great vacation centers but at this time during the 1960 s was more of a slum or a ghetto to avoid at your own peril especially a small stretch of beach just south of South Beach **A Golden State** Marlene Smith-Baranzini, 1999 A collection of essays on mining and economic development in California from the Gold Rush through the end of the 19th century This is the second in a series of four volumes commemorating the state s sesquicentennial **The Infamous King Of The Comstock** Michael J. Makley, 2006-01-09 William Sharon was one of the most colorful scoundrels in the nineteenth century mining West He epitomized the robber barons of the nation s Gilded Age and the political corruption and moral decay for which that period remains notorious yet he was also a visionary capitalist who controlled more than a dozen of the greatest mines on Nevada s mighty Comstock Lode built the Virginia the machinations of rampant Gilded Age capitalism and the sophisticated financial and technological infrastructure that supported Virginia City s boomtown economy The Infamous King of the Comstock offers a significant fresh perspective on Nevada and the mining West **The Blind Boss and His City**

Adolph Sutro William R. Huber,2020-04-13 Adolph Sutro was forever seeking challenges Emigrating from Prussia to the U S at age 20 the California gold rush lured him west At the Comstock Lode in Nevada he conceived an idea for a tunnel to drain the hot water that made the mines perilous and inefficient But he would have to overcome both physical obstacles and powerful opposition by the Bank of California to realize his vision Back in San Francisco Sutro bought one twelfth of the city including the famous Cliff House perched over the Pacific Ocean When it burned to cinders on Christmas Day 1894 he built a massive eight story Victorian replacement He used his expertise in tunneling and water solutions to create the world's largest enclosed swimming structure the Sutro Baths six glass covered heated saltwater pools with capacity of 1 000 swimmers Other challenges followed but Sutro was not invincible After a two year term as mayor of San Francisco he succumbed to debilitating strokes which left him senile His death in 1898 started disputes among his heirs six children by his wife and two by his mistress that lasted more than a decade
