What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as The X Files and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of millennarian activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture A Culture of Conspiracy Michael

Barkun,2013-08-15 It is well known that some Americans are obsessed with conspiracies Films best selling books and television shows talk about plots by the Illuminati or sightings of black helicopters But American society has changed dramatically since A Culture of Conspiracy was first published in 2001 In this revised and expanded edition leading expert Michael Barkun delves deeper into America s conspiracy subculture exploring the rise of 9 11 conspiracy theories the birther controversy surrounding Barack Obama s American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media Unraveling the extraordinary genealogies and permutations of these increasingly widespread conspiracies Barkun shows how the web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture By looking closely at the manifestations of these ideas in a wide range of literature and source material Barkun finds that America is in the throes of an unrivaled period of millenarian activity and underscores the importance of understanding why this phenomenon is permeating segments of mainstream American culture Book jacket

Channeling Into the New Age Henry Gordon,2011-04-29 What exactly is the New Age movement Why has it become the dominant force of the Zeitgeist invading nearly every aspect of American life After years of researching this burgeoning movement columnist author and magician Henry Gordon is one of the world s foremost experts on every aspect of the New Age its derivations and content the people most involved in it the forces that motivate and prolong it and the enormous amount of money changing hands as the me generation takes on astrology crystals runes channeling mysticism yoga acupuncture herbal medicine telepathy precognition clairvoyance biofeedback biorhythms reincarnation and every sort of psychological technique for heightened awareness At the forefront of the brouhaha is high profile actress lecturer and free

spirit Shirley MacLaine This book is strictly unauthorized a freewheeling and spirited roast of the New Age including a history of trends leading to the movement rooted in 19th century occultism and observations on the vast amount of coverage given to the movement and to New Age celebrities by the print and broadcast media Although Gordon delights in skewering the absurdities of the New Age there s a serious emphasis to his research and his message While the gurus are busy channeling into new realities they are becoming phenomenally rich without contributing in any significant way to the alleviation of human unhappiness and very often without making any sense at all Sharp wit and common sense Wise and often hilarious Rocky Mountain News **Ramtha Intensive Soulmates** ,1987 **The New Age Movement** Margrethe Løøv,2024-10-02 This Element introduces New Age religion The New Age Movement is a loosely cohesive conglomerate of different spiritual currents with no common founder leader institution dogma or scripture Because of its diversity it may appear amorphous and incoherent at first sight This Element emphasizes both the unity and diversity of the New Age It approaches the phenomenon from three main perspectives 1 the historical development of New Age religion 2 ideas and practices associated with the New Age and 3 the social organization of the New Age movement It thus provides a wide angle view that sketches out some of the main patterns that emerge from a mosaic of individual currents and actors associated with the New Age It also highlights some of the differences within the movement by exploring some ideas and practices in depth
