**Randfontein Estates** Anthony Hocking,1986      **Uranium - Past and Future Challenges** Broder J. Merkel,Alireza Arab,2014-08-28 This book is the collection of papers from the latest International Uranium Mining and Hydrogeology Conference UMH VII held in September 2014 in Freiberg Germany It is divided to five sessions Uranium Mining Uranium and Phosphates Clean up technologies for water and soil Uranium and daughter nuclides and basic research and modeling Each session covers a wide range of related topic and provides readers with up to date research and solutions on those matters      *Johannesburg* Keith Beavon,2022-08-01 Until now there has been no single text that brings together the material that reveals the unfolding geography of Johannesburg South Africa This books describes the history of the city from its days as a mining camp to its position of premier metropolis in Africa The present geography of Johannesburg and the problems and dysfunctions that is hat exhibited at various stages in its history since 1886 cannot be understood without a firm grasp of what has evolved of the past 120 years      **Skillings' Mining Review** ,1990-07      **Witwatersrand Gold--100 Years** E. S. A. Antrobus,1986      **The History of Black Mineworkers in South Africa: The rise and struggles of the National Union of Mineworkers 1982-1994** Victor Leonard Allen,1992      *Journal of the South African Institute of Mining and Metallurgy* South African Institute of Mining and Metallurgy,1987      *Historic Overview of the Witwatersrand Goldfields* J. R. F. Handley,2004      **South African Mining, Coal, Gold & Base Minerals** ,1989      **Joint Acquisitions List of Africana** ,1986      **Historical Dictionary of Greater Johannesburg** Naomi Musiker,Reuben Musiker,1999 In just over a century of existence Johannesburg the City of Gold has played a vital role in the development of South Africa Today it is the center of Gauteng the province which serves as the economic heart of the entire region The city continues to exert influence over the whole of the African sub continent Johannesburg s evolution in the last two decades provide important insights into the transformation of South Africa as a whole The Dictionary is of great value to readers who wish to understand events that shaped South Africa in the successive eras of gold discovery British colonization Nationalist Party apartheid legislation and transformation under the aegis of the African National Congress The Musikers make an important departure from previous historical surveys in that they include information on the role of the original indigenous inhabitants of South Africa who occupied the area of the future city long before the first white settlers and who through their intensive labor on the gold mines played a decisive role in the progress of Johannesburg The present volume besides covering the economic and political history of Johannesburg also deals with cultural aspects of the city including architecture art music and theatre which provide a fascinating multi cultural portrait of the cosmopolitan city      **The History of Black Mineworkers in South Africa: Apartheid repression and dissent in the mines, 1948-1982** Victor Leonard Allen,1992      **The History of Black Mineworkers in South Africa** Victor Leonard Allen,1992 This book the first of two volumes places black mineworkers into a central determining role in South African history The success of the mining industries and the prosperity

of the country have depended upon the efforts and skills of low paid black workers They have determined the scope of mining and the technological quality of its operations It was essentially their sacrifices which made it possible for the mining houses to earn massive profits The impressive and glamorous infra structure of South African society which is reflected in the spacious homes of the whites equipped with swimming pools and saunas and guarded and serviced by blacks is derived from those profits Yet apart from occasional references to them as tribal natives or migrant workers nameless and without identities except as numbers black mineworkers have been largely excluded from from the history of South Africa They have not even been credited with a history of their own     *The South African Journal of Economic History* ,2005     Buccaneer Jeremy Lawrence,2001     Aspects of Johannesburg History Reuben Musiker,1987     **Business Archives** ,1988
