What Is History For?

Arthur Alfaix Assis,2014-01-01 A scholar of Hellenistic and Prussian history Droysen developed a historical theory that at the time was unprecedented in range and depth and which remains to the present day a valuable key for understanding history as both an idea and a professional practice Arthur Alfaix Assis interprets Droysen s theoretical project as an attempt to redefine the function of historiography within the context of a rising criticism of exemplar theories of history and focuses on Droysen s claim that the goal underlying historical writing and reading should be the development of the subjective capacity to think historically In addition Assis examines the connections and disconnections between Droysen s theory of historical thinking his practice of historical thought and his political activism Ultimately Assis not only shows how Droysen helped reinvent the relationship between historical knowledge and human agency but also traces some of the contradictions and limitations inherent to that project

Dipesh Chakrabarty's eagerly anticipated book examines the politics of history through the career and in many ways tragic fate of the distinguished historian Sir Jadunath Sarkar 1870-1957 One of the most important scholars in India during the first half of the twentieth century Sarkar was knighted in 1929 and is still the only Indian historian to have ever been elected an Honorary Fellow of the American Historical Association He was a universalizing and scientific historian highly influential during much of his career but by the end of his lifetime he became marginalized by the history establishment in India History Chakrabarty writes sometimes plays truant with historians by the 1970s when Chakrabarty himself was a novice historian Sarkar was almost completely forgotten Through Sarkar's story Chakrabarty explores the role of historical scholarship in India's colonial modernity and throws new light on the ways that postcolonial Indian historians embraced a more partisan idea of truth in the name of democratic and anti colonial politics *A Companion to the Philosophy of History and Historiography* Aviezer Tucker, 2011-06-28

A COMPANION TO THE PHILOSOPHY OF HISTORY AND HISTORIOGRAPHY The philosophy of historiography examines our representations and knowledge of the past the relation between evidence inference explanation and narrative Do we possess knowledge of the past Do we just have probable beliefs about the past or is historiography a piece of convincing fiction The philosophy of history is the direct philosophical examination of history whether it is necessary or contingent whether it has a direction or whether it is coincidental and if it has a direction what it is and how and why it is unfolding The fifty entries in this Companion cover the main issues in the philosophies of historiography and history including natural history and the practices of historians Written by an international and multi disciplinary group of experts these clearly written entries present a cutting edge updated picture of current research in the philosophies of historiography and history This Companion will be of interest to philosophers historians natural historians and social scientists **Biographical Dictionary of North American and European Educationists** Richard

or insight has challenged Christian theology so steeply in the modern period as historicism The two hundred year old notion that concepts ideas and theories all are influenced or occasioned by historical circumstances is today a commonplace in all fields Davaney s authoritative text traces with clarity and skill the history of historicism and its various meanings for the German Enlightenment through its Continental and distinctly American developments to its contemporary postmodern incarnations BOOK JACKET Droysen and the Prussian School of History Robert Southard,2021-12-14 The Prussian School of History first predicted and advocated then celebrated and defended the unification of Germany by Prussia Experts in German historiography and the history of German liberalism have often complained about the lack of a book in any language that traces the origins and explains the ideas of this school of history Here is that book Robert Southard finds that for the Prussian School history had an agenda These historians generally expected history to complete its main tasks in their own time and country The outcome of their politics was really an end of history not a cessation to historical occurrences but a cessation of onward historical movement because the historical process had already achieved its long term beneficent purposes Leading us through the intricacies of important but untranslated works of J G Droysen Max Duncker Rudolph Hayn and Heinrich von Sybel Southard demonstrates their belief that the historical sequence was a continual unfolding of God s plan Indispensable for those interested in the history of German historical writing this book also has major implications for understanding the history of political liberalism A Global Encyclopedia of Historical Writing D.R. Woolf,2014-06-03 First published in 1998 Routledge is an imprint of Taylor Francis an informa company The German Historicist Tradition Frederick C.
