African Adventure Denis D. Lyell, 2016-07-26 THIS small volume contains some of the letters I have received during the last thirty years or more from well known big game hunters and field naturalists many of whom have now passed away They were so interesting to me that I thought they might interest others who have shot in wilder Africa Moreover they describe conditions which are no longer possible considering the way many parts of that continent have been opened up since the Great War Whether the spread of a so called civilization is a good thing I do not wish to discuss but I know there are many men including myself who would prefer the older times when things were less complicated and conventional Many people are now going in for photography more than shooting and in a way this is a good thing as it will naturally help to conserve the game It is however a much less risky amusement to take animals pictures I mean dangerous animals than to try to kill them for game such as lion elephant buffalo leopard and rhinoceros are seldom dangerous until they are wounded and followed up in thick cover Some people may doubt this statement but it is nevertheless true as all experienced hunters can vouch **The Illustrated London News** ,1927 **Bulletin of the British Ornithologists' Club** ,1928 **No More Champagne** David Lough, 2015-11-03 Meticulously researched by a senior private banker now turned historian No More Champagne reveals for the first time the full extent of the iconic British war leader s private struggle to maintain a way of life instilled by his upbringing and expected of his public position Lough uses Churchill s own most private records many never researched before to chronicle his family s chronic shortage of money his own extravagance and his recurring losses from gambling or trading in shares and currencies Churchill tried to keep himself afloat by borrowing to the hilt putting off bills and writing all over the place when all else failed he had to ask family or friends to come to the rescue Yet within five years he had taken advantage of his worldwide celebrity to transform his private fortunes with the same ruthlessness as he waged war reaching 1945 with today s equivalent of 3 million in the bank His lucrative war memoirs were still to come Throughout the story Lough highlights the threads of risk energy persuasion and sheer willpower to survive that link Churchill s private and public lives He shows how constant money pressures often tempted him to short circuit the ethical standards expected of public figures in his day before usually pulling back to put duty first except where the taxman was involved In The Frame Dick Francis, 2019-09-02 From a New York Times bestseller action character and color ride in perfect balance in a thriller about a horse portraitist turned amateur sleuth Kirkus Reviews Dick Francis Edgar Award winning master of mystery and suspense takes you into the thrilling world of horse racing Charles Todd a renowned painter of horses is shocked when he turns up at his cousin Donald s house for a weekend visit to find his cousin s young wife dead on the floor and Donald the police s prime suspect Determined to prove Donald s innocence Todd trails a series of clues from England to Australia to New Zealand only to realise someone is trailing him Someone with every intention of taking him out of the picture for good Praise for the writing of Dick Francis Dick Francis is a wonder The Plain Dealer Few things are more convincing than Dick Francis at a full gallop Chicago Tribune Few match Francis for dangerous flights of fancy and pure inventive menace Boston Herald The

master of crime fiction and equine thrills Newsday Francis has the uncanny ability to turn out simply plotted yet charmingly addictive mysteries The Wall Street Journal Francis is a genius Los Angeles Times Nobody executes the whodunit formula better Chicago Sun Times A rare and magical talent who never writes the same story twice The San Diego Union Tribune

Churchill and Colonist Ii Fred Glueckstein, 2014-12-12 Winston Churchill didn't just have a knack for statesmanship He also had quite an eye for horses The British politician was seventy five when he bought his first racehorse Colonist II who proved to be one of the most popular and remarkable horses of his era winning thirteen of twenty four races and placing in five others After Churchills defeat as prime minister these were much needed victories and they helped the elder statesman deal with his political failures Just as importantly the success led him to buy more horses and sparked a greater interest in the sport among the general public The rekindling of interest mirrored Churchills own love affair with horses One of his earliest known writings is a letter he sent to his mother in May 1882 in which he mentioned his horse RobRoy named after the Scottish hero Whether or not it was one mile or more than two the French bred grey colt proved that he could be just as steadfast and courageous as Churchill himself Together Churchill and Colonist II captured the heart of a nation

Dorneywood Dan Ryan, 2012-05 Dorneywood is a continuation of the novel Enigma and it is a work of fiction The names characters places and incidents portrayed in this novel are the product of the author's imagination or have been used fictitiously The characters are placed in two time periods Part One is from December 7 1929 to December 7 1938 and is narrated by Sir John Atwell Sir John Atwell is the undercover personage for Admiral James Caldwell whose attempted assassination at the end of Enigma left everyone hanging will he live will he die He lives and assumes the identity of a British nobleman He returns to his home at Springwell In the novel Springwell is based upon the purchase of Chartwell by Winston Churchill in 1921 Winston Churchill faced a similar situation in his life at this time in history Churchill entered the British army in 1893 fought at the battle of Khartoum with the Nile Expeditionary Forces in 1898 and was in the Boer War of 1899 He was elected to parliament for Oldham in 1900 was Under secretary of State for the Colonies in 1906 married Clementine Hozier in 1908 and was Home Secretary in 1910 He served as First Lord of the Admiralty Minister of Munitions and Secretary for War and Air during WWI In 1921 he was voted out of office and the House of Commons In 1929 Churchill has returned as Chancellor of the Exchequer and offers the narrator of part one Sir John Atwell a similar position to what he held in Washington D C He is given an estate in southern England called Dorneywood and is asked to set up a farm setting like that of the NIA in Lancaster Virginia This new effort is called Dorneywood Institute Part two is called Infamie and the characters are placed in the second time period December 7 1938 to December 7 1940 The narrator of part two is Louis Caldwell son of Admiral James Caldwell The father suffers a stroke on December 7 1938 and Louis is asked to assume his father's position on a temporary basis until he can return to work The second part is the start of WWII in Europe and ends with the completion of the Battle of Britain The novel is a work of fiction Its location was inspired by my time spent in London during the spring semester of 1974 The Rotary Foundation Group Exchange district 114 in England invited a number of

scholars from the United States to spend time in England living with various Rotarians of District 114 I was teaching at the University of Nebraska in Omaha at the time and I was chosen to represent District 565 of the United States It was during this time that I came to know the people of Reigate Redhill and Merstham just south of London This is where I met some of the characters for my novels and I visited Chartwell a number of times The Baroness Churchill lived in Chartwell with her husband until his death on January 24 1965 She willed the estate to the British Government upon her death but would accept visitors from the United States who were writing about her husband on certain occasions I had the opportunity to walk through the house and gardens with other Rotary members The written word cannot describe all that it meant to me to see the house as it existed in 1929 The historical events which are outlined in this book all took place The dates and locations are accurate but the characters are the products of my overactive imagination Some persons mentioned however are real You cannot write about this period of our history without making reference to elected officials Country Life ,1998
