Sexploitation Michèle Alexandre, 2014-12-17 Michèle Alexandre's innovative study examines how sexual profiling represses and oppresses and hinders various aspects of life for both genders and explores the ways in which the law and the community can help eradicate the practice of sexual profiling. Alexandre defines *sexploitation* as the perpetuation of myths and stereotypical notions regarding men and women in order to further an agenda of oppression and subordination in certain spheres of society. The most popular means through which this *sexploitation* is achieved is through a method Alexandre coins as sexual profiling. She argues that sexual profiling ultimately stifles the growth of our society by creating inefficient as well as oppressive systems and that its eradication can help increase the productivity as well as the morale of society. Alexandre opens the book by exploring in detail the various ways in which normative views of gender are constructed and perpetuated through media and societal norms. She then focuses on the ways in which recent legal opinions and developments contribute to perpetuate these restrictive and oppressive norms. Finally, Alexandre outlines a plan to help eliminate the presence of these destructive norms and attitudes from different sectors of society.

Critical Tales John D. Lyons, Mary B. McKinley, 2016-11-11 Appearing in print for the first time in 1558, the book that we now know as the *Heptameron* is the work of Marguerite Queen of Navarre. Left incomplete but dearly modeled on Boccaccio's *Decameron*, the *Heptameron* consists of a frame narrative and seventy-two tales told by five men and five women characters in the shady meadow at Notre Dame de Sarrance. As John D. Lyons and Mary B. McKinley contend in their introduction to this volume, the tales of the *Heptameron* portray the conflicts, ruptures, and upheavals that agitated early modern French society. They present a forum in which different elements of Renaissance and Reformation culture meet and at times collide. Contradictory suppositions about men and women are easily discerned behind almost all of the stories, and the discussions among the fictional storytellers represent attitudes both feminist and misogynist, masculinist and misandrous. Less oppositional are the religious conflicts among the storytellers; some are less ardently religious while others are concerned with the corporeal rather than the spiritual. The stories of the *Heptameron* are often cautionary tales about the corruption of the late medieval church about decadent priests and monks or about the unfortunate faithful whose belief in the efficacy of good works for salvation leads to disaster and death. The conflicts of the Reformation loom over the *Heptameron* not just as the origin of its ideological tensions but also as a prominent symptom of the larger related disruptions that marked sixteenth-century Europe. Provocative and wide-ranging, appealing to specialists in numerous fields, *Critical Tales* is the first collective volume of studies in English on the *Heptameron*. The authors Robert D. Cottrell, Hope Glidden, Marcel Tetel, Donald Stone, Tom Conley, Michel Jeanneret, Cathleen M. Bauschatz, François Cornilliat, and Ulrich Langer, Mary B. McKinley, Philippe de Lajarte, André Tournon, Daniel Russell, François Rigolot, Paula Sommers, and Edwin M. Duval present different approaches to Marguerite de Navarre's tales dealing with such topics as confession, rape, the impact

of printing on knowledge and narrative narrative theory and androgyny The contributors to Critical Tales like the storytellers of the Heptameron are not afraid to challenge the critical establishment and one another The book will be of interest to students and scholars of French and comparative literature and women s studies Becoming the Virgin God Intended for My Wife/Husband Miracle O. A. Bashorun,2006-08 **Elements of Tragedy in Flavian Epic** Sophia Papaioannou,Agis Marinis,2021-01-18 In the light of recent scholarly work on tragic patterns and allusions in Flavian epic the publication of a volume exclusively dedicated to the relationship between Flavian epic and tragedy is timely The volume concentrating on the poetic works of Silius Italicus Statius and Valerius Flaccus consists of eight original contributions two by the editors themselves and a further six by experts on Flavian epic The volume is preceded by an introduction by the editors and it concludes with an Afterword by Carole E Newlands Among key themes analysed are narrative patterns strategies or type scenes that appear to derive from tragedy the Aristotelian notions of hamartia and anagnorisis human and divine causation the transfer of individual characters from tragedy to epic as well as instances of tragic language and imagery The volume at hand showcases an array of methodological approaches to the question of the presence of tragic elements in epic Hence it will be of interest to scholars and students in the area of Classics or Literary Studies focusing on such intergeneric and intertextual connections it will be also of interest to scholars working on Flavian epic or on the ancient reception of Greek and Roman tragedy *Essential Eschatology* John E. Phelan Jr.,2013-11-01 Study of eschatology often gets bogged down in minutiae that rarely seems to affect daily life Avoiding this trap John Phelan gets to the heart of the matter by examining how Christian hope and practice of resurrection impact everything **Neoliberalism and Contemporary Literary Culture** Mitchum Huehls,Rachel Greenwald Smith,2017-09-19 Neoliberalism and Contemporary Literary Culture is essential reading for anyone invested in the ever changing state of literary culture **Companion Reader on Violence Against Women** Claire M. Cinema's Melodramatic Celebrity Mandy Merck, 2020-09-17 Challenging the study of both celebrity and the cinema Mandy Merck argues that modern fame and film melodrama are part of the same worldview one that cannot resolve the relation of personal worth to social esteem Tracing the history of this conundrum back to the philosophy of the seventeenth century and the theatre of the eighteenth she demonstrates its convergence in stage melodrama and its intensification in the Hollywood star system Are today's celebrities worth our attention In that demand for judgement and the hope for its visual guidance the melodramatic imagination survives permeating not only fiction film but documentary the artist's film and our self exhibition on social media Examining a range of classical and contemporary films from Charlie Chaplin's *City Lights* 1931 to Laura Poitras's *Citizenfour* 2014 the many remakes of *A Star Is Born* the compulsory exhibitionism of political celebrity and the unmasking of whistle blowers Merck illustrates the ways in which the cinema constantly restages the moral evaluation of prominent individuals whether they are actors artists politicians or activists

Violence Against Women in Early Modern Performance Kim Solga, 2009-09-29 Examining some of the most iconic texts in English theatre history including *Titus Andronicus* and *The Changeling* this book now in paperback with a new Preface reveals the pernicious erasure of rape and violence against women in the early modern era and the politics and ethics of rehearsing these negotiations on the 20th and 21st century stages

The Nonviolent Apocalypse Jeffrey D. Meyers, 2021-11-08 Revelation is resistance literature written to instruct early Christians on how to live as followers of Jesus in the Roman Empire *The Nonviolent Apocalypse* uses modern examples and scholarship on nonviolence to help illuminate Revelation's resistance arguing that Revelation's famously violent visions are actually acts of nonviolent resistance to the Empire The visions form part of Revelation's proclamation of God's way as a just and life giving alternative to the system constructed by Rome Revelation urges its readers to pursue this radical form of living engaging in nonviolent resistance to all that stands in the way of God's vision for the world

Conspiracy Theory in Latin Literature Victoria Emma Pagán, 2012-12-15 Conspiracy theory as a theoretical framework has emerged only in the last twenty years commentators are finding it a productive way to explain the actions and thoughts of individuals and societies In this compelling exploration of Latin literature Pagán uses conspiracy theory to illuminate the ways that elite Romans invoked conspiracy as they navigated the hierarchies divisions and inequalities in their society By seeming to uncover conspiracy everywhere Romans could find the need to crush slave revolts punish rivals with death or exile dismiss women denigrate foreigners or view their emperors with deep suspicion Expanding on her earlier *Conspiracy Narratives in Roman History* Pagán here interprets the works of poets satirists historians and orators Juvenal Tacitus Suetonius Terence and Cicero among others to reveal how each writer gave voice to fictional or real actors who were engaged in intrigue and motivated by a calculating worldview Delving into multiple genres Pagán offers a powerful critique of how conspiracy and conspiracy theory can take hold and thrive when rumor fear and secrecy become routine methods of interpreting and often distorting past and current events In Roman society where knowledge about others was often lacking and stereotypes dominated conspiracy theory explained how the world worked The persistence of conspiracy theory from antiquity to the present day attests to its potency as a mechanism for confronting the frailties of the human condition
