*The Rapid Healing Technique Book I* Jerriann J. Taber, Ph.d., Dr Jerriann J Taber Ph D, 2016-05-23 The Rapid Healing Technique Book One gives you the tools for transformation It is for the many people who are on the spiritual path no matter what part of the path you are on This book is meant to empower you and give you the tools to heal yourself There is an old saying There are many roads that lead to Rome just as there are many paths that lead to God The Rapid Healing Technique is only one way I do believe that it is a very simple and easy way that anyone can learn We are evolving spiritually at a very rapid rate now I have spent more than a quarter of a century in one of the traditional approaches to healing This was the very best available at the time It was a very deep body centered therapy dealing with repressed emotions bringing them up and healing them Now a more rapid form of healing has been revealed that is so simple that you can take your own power and be your own healer in partnership with the Master Jesus or any of the Masters that you feel a connection to If one feels stuck a therapist in the Rapid Healing Technique can be helpful but for the most part you can be your own healer This work will be especially easy for people who have done other types of healing work as they understand the healing process and have had experience in dealing with their feelings The only difference is that you move very quickly through your feelings Therapists will find the Rapid Healing Technique extremely beneficial for clients assisting them in their practice It is also very helpful for those who cannot seem to access their feelings and have symptoms to deal with In my own practice I sometimes use hypnosis work to get to the issues and then use the Rapid Healing Technique to heal the issues For myself because I had done so much emotional release work I have used it both ways

removing fears as well as using it very extensively on a symptomatic level I had polio at an early age 15 months old that left me with a smaller left leg and a limp there were still symptoms that had never been dealt with on a very deep cellular level I feel these issues were at the very core of my being The Rapid Healing Technique has allowed me to release tremendous tension on a very deep level There will always be some mystery in the spiritual realm that we will not understand but that also creates a challenge to keep moving toward a higher good within ourselves to move inward and upward *Deep Self-Healing* Louise Armitage,2018-08-07 In *Deep Self Healing* Louise Armitage a professional natural therapist describes her unexpected journey of mind body spirit healing and personal transformation through mindfulness meditation Her story explores how she faced healing the many faces of hard personal circumstances and bitter emotional pain common to many people like relationship breakdowns grief worthlessness powerlessness and anxiety As well as providing an in depth account of her own self healing process woven through her story are thoughtful discussions of important spiritual healing concepts such as the role of karma past lives and soul evolution *Deep Self Healing* is therefore a unique blending of an intimate and honest personal story with the important spiritual healing principles underpinning it For both healers and all who seek personal growth *Deep Self Healing a Personal Story and Spiritual Guide* offers a rare and highly useful resource This is a book to be read re read and well studied Scott Mandelker Ph D Teacher counsellor and author of *From Elsewhere* and *Universal Vision*
