## **Rapture Of Politics:**

*Poetics of Politics* Sebastian M. Herrmann, Carolin Alice Hofmann, Katja Kanzler, Stefan Schubert, Frank Usbeck, 2015-04-22 This volume proposes the poetics of politics as an analytic angle to interrogate contemporary cultural production in the United States As recent scholarship has observed American literature and culture around the turn of the millennium while still deeply informed by the textual self consciousness of postmodernism are marked by a rekindled interest in matters of social concern This revived interest in politics is frequently read as a grand epochal transition Sidestepping such a logic of periodization this book points to the interplay between the textual and the political as a dynamic always locally specific that affords unique insights into the characteristics of the contemporary moment The sixteen case studies in this book explore this interplay across a wide range of media genres and modes Together they make visible a broad cultural concern with negotiating social relevance and textual self awareness that permeates and structures contemporary US popular culture

**Evangelical Millennialism in the Trans-Atlantic World, 1500-2000** C. Gribben, 2015-12-04 This book offers the first complete overview of the intellectual history of one of the most significant contemporary cultural trends the apocalyptic expectations of European and American evangelicals in an account that guides readers into the origins its evolution and its revolutionary potential in the modern world

**Christotainment** Shirley R. Steinberg, Joe L., Joe L. Kincheloe, 2018-04-17 For more than two thousand years Christian expansion and proselytizing was couched in terms of defending the faith Until recently in the United States much of that defense came in the form of reactions against the liberal influences channeled through big corporate media such as popular music Hollywood movies and network and cable television But the election of Ronald Reagan as a Hollywood President introduced Christian America to the tools of advertising and multimedia appeals to children and youth to win new believers to God s armies Christotainment examines how Christian fundamentalism has realigned its armies to combat threats against it by employing the forces it once considered its chief enemies the entertainment media including movies television music cartoons theme parks video games and books Invited contributors discuss the critical theoretical frameworks of top selling devices within Christian pop culture and the appeal to masses of American souls through the blessed marriage of corporatism and the quest for pleasure

*The Rapture of Politics* Steve Bruce, Peter Kivisto, William H. Swatos, Jr., Theologically conservative Protestants have entered the political arena with an agenda that is at once political and religious Assessing the current impact of this New Christian Right NCR on American politics the contributors to this new book present provocative and diverse perspectives on a phenomenon that has despite its pervasiveness in American culture been too little examined While some contributors show a disdain for the NCR others evince genuine sympathy for the movement Steve Bruce takes aim at sociologists of religion who in his estimation have exaggerated the strength of the NCR Clyde Wilcox believes the NCR attracts only a limited electoral following and will have little success at the state and national levels Stephen Johnson reports on voting patterns of Catholics mainline Protestants

and conservative Protestants in Muncie Indiana And Phillip Hammond and his associates observe that the main fault line between conservatives and liberals is now over family values John Simpson singles out debates over abortion and homosexuality as the most potent cultural divisions arising out of the 1980s Lyman A Kellstedt and colleagues mark the 1992 presidential election as a watershed event beginning a dramatic new cleavage in the two party system James M Penning and Matthew C Moen address issues related to NCR organizations and their place in the political arena It is clear that the NCR will remain a part of the religious and political landscape for some time though there is little consensus over where the NCR will be located in that landscape The Rapture of Politics will be of interest to political scientists theologians sociologists and scholars of American culture

**The Politics of Civil Society** Powell, Fred, 2013-04-24 The politics of civil society is an original thought provoking analysis which challenges one dimensional neoliberal thinking about civil society and seeks to rediscover its radical roots The original edition shifted the scholarly debate onto the new ground offering an accessible and compelling analysis of one of the central issues of our times In the second revised edition of this indispensable book the author looks behind the mirror of power to discover the reality of civil society or Big Society as it has become known He finds not one but three forms of civil society radical liberal and conservative In complex interplay between state and civil society the author argues that citizens contend for power through civil society This is both an age long pursuit dating from antiquity and a contemporary democratic struggle between competing visions of modernity that determines the real in politics as experienced by the citizens The book will have wide appeal to a broad cross disciplinary audience

**Rapture's Witness** Tim LaHaye, Jerry B. Jenkins, 2009 Three nonbelievers and a pastor search for answers when people suddenly disappear and three quarters of the world fall to disease and natural disaster as a world leader who might be the Antichrist comes to power

The Case for Biblical Antichrist, Global Government, and the Man Chosen to Save America Luis Munoz, 2024-11-04 The godfather of the global mafia Rockefeller indicated that he and other globalists are relying on the right major crisis and the nations will accept the New World Order Moreover the renowned globalist and Obama s advisor Strobe Talbott said In the next century 21st nations as we know it will be obsolete all states will recognize a single global authority National sovereignty wasn t such a great idea after all And James Paul Warburg said We shall have World Government whether or not we like it The only question is whether World Government will be achieved by consent or conquest Who are America s true enemies How are they operating inside America How are they plotting to destroy America s democracy and sovereignty Robert F Kennedy Jr on April 1 2024 told CNN I can make the argument that President Biden is a much worse threat to democracy than Trump Again Robert on April 2 2024 told Fox News President Biden has done something no other president has done which is to order media particularly social media Facebook Instagram to censor his political opponent President Biden is a much worse threat to democracy and the reason for that is President Biden is the first candidate in history the first president in history that has used the federal agencies to censor political speech to censor his opponent And he added that

Biden is a genuine threat to our democracy Keep in mind that Robert K is a liberal Democrat Former president Barack Obama and his wife Michael are using their Netflix Predictive Programming movie Leave the World Behind to reveal how he and the global gang intend to put the US government under a global dictatorship Their ploy includes A simple three stage maneuver that could topple a country s government from within That country s government is no other but the US government which will be the real target for a coup d etat and civil war The first maneuver to destroy America is Isolation By that they mean disabling the sectors of communication and transportation making the target as deaf dumb and paralyzed as possible The second maneuver consists of creating a synchronized chaos to terrorize the American people with covert attacks and misinformation overwhelming their defense capabilities and leaving their weapon system vulnerable to extremists and their own military Without a clear enemy or motive people would start turning on each other If done successfully the third stage would happen on its own The Obama Netflix civil war movie describes the globalists plot to create the right major crisis that they have envisioned to establish a global government The plot seems to include widespread use of state terrorism to attack America from within with tens of thousands of radical Muslim terrorists that are already in America The goal is to topple the US government declare martial law change the Constitution and put the country under a global tyranny I am using this book to show that Obama and Biden have been working in league with the evil global mafia to cement America s transition from democracy to dictatorship Also this book shows the globalists plot for world government and the man with the call and vision to lead it Barack H Obama the biblical Antichrist and awaited Mahdi of Islam Therefore Americans have a critical choice to make choose Obama s radicalized democrat gang and you will destroy America s democracy and sovereignty Choose Donald Trump and you will empower the man called to defeat the enemies of humanity and tyranny Trump is the man destined to vindicate God s name and restore America to its rightful place before God takes His people in the rapture

Fear Zygmunt Bauman,2013-05-08 Modernity was supposed to be the period in human history when the fears that pervaded social life in the past could be left behind and human beings could at last take control of their lives and tame the uncontrolled forces of the social and natural worlds And yet at the dawn of the twenty first century we live again in a time of fear Whether its the fear of natural disasters the fear of environmental catastrophes or the fear of indiscriminate terrorist attacks we live today in a state of constant anxiety about the dangers that could strike unannounced and at any moment Fear is the name we give to our uncertainty in the face of the dangers that characterize our liquid modern age to our ignorance of what the threat is and our incapacity to determine what can and can t be done to counter it This new book by Zygmunt Bauman one of the foremost social thinkers of our time is an inventory of liquid modern fears It is also an attempt to uncover their common sources to analyse the obstacles that pile up on the road to their discovery and to examine the ways of putting them out of

action or rendering them harmless Through his brilliant account of the fears and anxieties that weigh on us today Bauman alerts us to the scale of the task which we shall have to confront through most of the current century if we wish our fellow humans to emerge at its end feeling more secure and self confident than we feel at its beginning America on the Edge H. Giroux,2006-03-31 Henry Giroux s latest work is a compelling collection of new and classic essays Key topics such as education and democracy terrorism and security and media and youth culture are critiqued in Giroux s signature style This is a fascinating collection for Giroux fans and educators alike **David Hare** Hersh Zeifman,2019-07-15 Learning that David Hare has written sixteen stage plays eight collaborations and eleven screenplays for film and television one might be surprised by the fact that this leading English artist is not yet fifty years old He was only twenty two when his first play was performed by the Portable Theatre and he was a major voice on the British stage before he was thirty The present volume is the first major collection of essays devoted to Hare and its editor Hersh Zeifman who is a professor at York University Toronto is well qualified to assemble and supervise such a significant undertaking As co editor of the prestigious journal *Modern Drama* he has been exposed to all the major authors and topics of modern theatre and is ideally positioned to discern Hare s pivotal role on the contemporary stage *A Free Church, a Holy Nation* John Bolt,2001 In addition to considering such key issues as poverty wealth and power theocracy and pluralism civil religion the culture wars and political cooperation between evangelicals and Roman Catholics Bolt also draws extended comparisons between Kuyper s views and the thought of Alexis de Tocqueville Lord John Acton Pope Leo XIII Walter Rauschenbusch and Jonathan Edwards A distinctive feature of this study is its focus on the rhetorical poetic character of Kuyper s public theology and practice as a political leader Bolt shows how focusing on Kuyper s rhetorical and mythopoetic perspective rather than on his theological and philosophical ideas provides contemporary evangelicals with a more credible and effective theology for the public square Jacket *Spaces of Security and Insecurity* Dr Alan Ingram,Professor Klaus Dodds,2012-11-28 Drawing on critical geopolitics and related strands of social theory this book combines new case studies with theoretical and methodological reflections on the geographical analysis of security and insecurity It brings together a mixture of early career and more established scholars and interprets security and the war on terror across a number of domains including international law religion migration development diaspora art nature and social movements At a time when powerful projects of globalization and security continue to extend their reach over an increasingly wide circle of people and places the book demonstrates the relevance of critical geographical imaginations to an interrogation of the present **Critical Digital Studies** Arthur Kroker,Marilouise Kroker,2008-01-01 Since its initial publication *Critical Digital Studies* has proven an indispensable guide to understanding digitally mediated culture Bringing together the leading scholars in this growing field internationally renowned scholars Arthur and Marilouise Kroker present an innovative and interdisciplinary survey of the relationship between humanity and technology The reader offers a study of our digital future a means of understanding the world with new analytic tools and

means of communication that are defining the twenty first century The second edition includes new essays on the impact of social networking technologies and new media A new section New Digital Media presents important new articles on topics including hacktivism in the age of digital power and the relationship between gaming and capitalism The extraordinary range and depth of the first edition has been maintained in this new edition Critical Digital Studies will continue to provide the leading edge to readers wanting to understand the complex intersection of digital culture and human knowledge An Elegant Ending Samuel Cocar,2022-11-30 Millions of Christians the world over hold strong convictions about what happens to humankind at the end of history Jesus will rapture the church away Non Christians will suffer eternal conscious torment in hell We will play harps on clouds forever But what if conventional Christian ideas don t align with what the Bible actually teaches By scrutinizing the faulty assumptions and shaky exegetical foundations found in dispensationalism An Elegant Ending offers believers an eschatological vision that is simpler clearer and more strongly grounded in the biblical canon

**Apocalyptic Conspiracism** Tom Albrecht,Tristan Sturm,2024-12-12 In the USA politically conservative and right wing apocalyptic evangelicals hold that climate change science and Covid 19 are fabrications governed by manifest evil How do these groups generate and distribute these truth claims and why Using a sociological methodology informed by Bourdieu and Foucault this book offers tools for scholars and students to better understand the logic of climate denial within the context of American conservative evangelicalism and apocalypticism Tom Albrecht and Tristan Sturm coin and employ the term apocalyptic conspiracism to analyse the increasingly powerful confluence of apocalyptic and conspiracist discourses These dialogues create a holistic belief system which claims that the world will profoundly change for the worse due to a global network of interconnected conspiracies This book focuses on and expands the literature on the discursive practices of anthropogenic climate change and Covid 19 denialism Exploring religious apocalyptic and conspiracist belief systems the authors demonstrate how these affect geopolitical imaginations the perception of global crises as well as the environmentally relevant behaviour of American Evangelical Christians **Key Works in Critical Pedagogy** kecia hayes,Shirley R.

attention to the necessity for educators to take a critical stance with respect to the enactment of education to reproduce disadvantage. Among the theoretical frameworks included in the works are critical pedagogy, research hermeneutics, phenomenology, cultural studies, and post formal thought. *Key Works in Critical Pedagogy* is a comprehensive introduction to the scholarly contributions of one of the foremost educational researchers of our time.
