Cultural Politics in Modern India Makarand R. Paranjape, 2016-01-22 India s global proximities derive in good measure from its struggle against British imperialism In its efforts to become a nation India turned modern in its own unusual way At the heart of this metamorphosis was a colourful cosmopolitanism the unique manner in which India made the world its neighbourhood The most creative thinkers and leaders of that period reimaged diverse horizons They collaborated not only in widespread anti colonial struggles but also in articulating the vision of alter globalization universalism and cosmopolitanism This book in revealing this dimension offers new and original interpretations of figures such as Kant Tagore Heidegger Gandhi Aurobindo Gebser Kosambi Narayan Ezekiel and Spivak It also analyses cultural and aesthetic phenomena from the rasa theory to Bollywood cinema explaining how Indian ideas texts and cultural expressions interacted with a wider world and contributed to the making of modern India

The Armenians in the Medieval Islamic World Seta B. Dadoyan,2017-07-28 In the third volume of the trilogy Seta B Dadoyan focuses on social and cultural aspects rather than the core political focus exhibited in her first two volumes Her objective is to suggest political readings of these themes and related texts by revealing hitherto unstudied and novel interactions in the cities of Asia Minor during the Mongol Period Dadoyan focuses on the Armenian condition and role in the medieval Islamic world She argues that if the entire region was the habitat of most of the Armenians their history too is part of these locations and peoples Dadoyan draws the outlines of a new philosophy of Armenian history based on hitherto obscured patterns of interaction The first three chapters of this volume are dedicated to the images of Prophet Muhammad in Armenian literature Dadoyan shows that direct interactions and borrowings happened regularly from Islamic sciences reform projects poetry and arts Dadoyan argues that the cosmopolitan urban environments were radically different from rural areas and close interactions took different and unexpected patterns In the last part of the volume she presents the first and only polemical apologetic Armenian texts addressed to Islam at the end of the fourteenth century This book is essential for all historians and Middle East scholars and is the latest volume in Transaction s Armenian Studies series

Yoga, Karma, and Rebirth Stephen Phillips,2009-06-26 For serious yoga practitioners curious to know the ancient origins of the art Phillips lays out the philosophy of action knowledge and devotion as well as the processes of meditation reasoning and self analysis that formed the basis of yoga in ancient and classical India

Theory of Value Roy W. Perrett,2013-10-15 First Published in 2001 While classical Indian philosophy is incredibly rich in rigorous discussion s of topics in epistemology logic and metaphysics comparable discussions in the area s of ethics politics and aesthetics were not as extensive as might have been expected The selections in this volume discuss

Indian treatments of topics in the theory of value like the proper ends of life the relation of dharma and moksa liberation and pleasure the sources of our knowledge of right and wrong the ethics of non violence the status of the supra moral egoism and altruism the theory of rasa aesthetic experience and catharsis *The Faustus Myth in the English Novel* Şeyda Sivrioğlu,2017-06-23 The Faustus myth before being identified as a myth was the folktale of a man named Faustus who lived in Germany Underneath the popularity of this myth lies the basic human instinct to trespass the limits of traditional knowledge in pursuit of self definition authentic knowledge and power This search and transgression also involve the desire to exercise the right of making free authentic choices Faustus represents universal issues that are relevant for all human beings which explains the reason why he has acquired mythic stature Indeed a most persistent myth has evolved the appeal of which has led one writer after the other to reshape it After his story became popular he reappeared even in contemporary culture in different art forms such as literature both high brow and popular including comics the ballet and the opera The real historical Faustus came onto the scene as a scholar and persistently reappeared in literature assuming different identities which however shared basically the same qualities This book demonstrates and offers different perspectives to versions of the Faustus myth in literature Christopher Marlowe s *The Tragical History of the Life and Death of Doctor Faustus* Goethe s *Faust* and John Fowles *The Magus* *The Faustus Myth* is a cycle which starts and ends in tragic circumstances in Christopher Marlowe s Renaissance Faustus in salvation in Johann Wolfgang von Goethe s *Faust* and in meaninglessness ambiguous collapses in John Fowles existentialist Nicholas Urfe **The Armenians in the Medieval Islamic World, Volume Three** Seta B. Dadoyan,2013-09-23 In this first of a massive three volume work Seta B Dadoyan studies the Armenian experience in the medieval Islamic world and takes the reader through hitherto undiscovered paradigmatic cases of interaction with other populations in the region Being an Armenian Dadoyan argues means having an ethnic ancestry laden with narratives drawn from the vast historic Armenian habitat Contradictory trends went into the making of Armenian history yet most narratives fail to reflect this rich texture Linking Armenian Islamic history is one way of dealing with the problem Dadoyan s concern is also to outline revolutionary elements in the making of Armenian ideologies and politics This extensive work captures the multidimensional nature of the Armenian experience in the medieval Islamic world The author holds that every piece of literature including historical writing is an artifact It is a composition of many elements arranged in certain forms order sequence proportion detail intensity etc The author has composed and arranged the larger subjects and their sub themes in such a way as to create an open dynamic continuity to Armenian history that is intellectually intriguing aesthetically appealing and close to lived experiences *The Self-giving God and Salvation History* Matthew L. Becker,2004-08-20 Analyzes Johannes von Hofmann s entire theological oeuvre *Language and Ontology* Kanti Lal Das,Anirban Mukherjee,2008 The book highlights the concept of ontology relationship between language and ontology the distinction between ontology and reality the role of linguistic philosophers in dealing with ontology etc Apart from these

the eminent scholars address themselves with the ontology behind the value of valuation exclusion and discrimination inter religious dialogue Indian theories of language values in cinema poetic language etc **The Advaita of Art** Harsha V. Dehejia,1996-01-01 This inquiry is an undertaking to demonstrate that aesthetic experience in the classical Indian tradition on its merit without being subordinated to rituals and practices commonly held under the rubric of religion is capable of providing a transcendent experience to a prepared aesthete Dr Dehejia examines the dynamics of two aesthetics processes that stemming from aesthetic emotion or rasa and aesthetic form or rupa and cogently underpins them within the advaitic epistemology of Kasmir Saivism The Advaita of Art Dr Dehejia argues is a joyous celebration of affirmation and assertion and not negation The Self and Its Brain Karl R. Popper,John C. Eccles,2012-12-06 The problem of the relation between our bodies and our minds and espe cially of the link between brain structures and processes on the one hand and mental dispositions and events on the other is an exceedingly difficult one Without pretending to be able to foresee future developments both authors of this book think it improbable that the problem will ever be solved in the sense that we shall really understand this relation We think that no more can be expected than to make a little progress here or there We have written this book in the hope that we have been able to do so We are conscious of the fact that what we have done is very conjectural and very modest We are aware of our fallibility yet we believe in the intrinsic value of every human effort to deepen our understanding of our selves and of the world we live in We believe in humanism in human rationality in human science and in other human achievements however fallible they are We are unimpressed by the recurrent intellectual fashions that belittle science and the other great human achievements An additional motive for writing this book is that we both feel that the debunking of man has gone far enough even too far It is said that we had to learn from Copernicus and Darwin that man s place in the universe is not so exalted or so exclusive as man once thought That may well be **Utopia and Consciousness** William S. Haney II,2011-04-15 In his book Archaeologies of the Future The Desire Called Utopia and Other Science Fictions 2007 Fredric Jameson analyzes the multiple components of utopia and the possibility of achieving utopia in the near future As this book argues however human civilization will never achieve utopia unless humans reach a state of pure consciousness in which they will use their full mental potential and avoid making blunders in life that would undermine the possibility of a utopia This book develops a non teleological comparative poetics between Western and Sanskrit literary traditions by analyzing their opposing theories of language consciousness and meaning This comparison seeks to demonstrate the complementary nature of their two perspectives the objective conceptual emphasis of contemporary Western theory and the subjective experiential emphasis of Sanskrit poetics The potential contribution to the West of Indian culture in general and Sanskrit poetics in particular centers on the phenomenon of direct experience Without the direct experience of pure consciousness humans will not achieve a state of utopia because they will remain entangled in materialism without access to idealism or spiritualism available only through the direct experience of the unity of pure

consciousness or the void of conceptions
