Rastafari Roots And Ideology:

Rastafari Barry Chevannes,1994 Interviews with 30 converts from the 1930s and 1940s are a component of Barry Chevannes book a look into the origins and practices of Rastafarianism From the direct accounts of these early members he is able to reconstruct pivotal episodes in Rastafarian history to offer a look into a subgroup of Jamaican society whose beliefs took root in the social unrest of the 1930s

Reggae Routes Kevin Chang, Wayne Chen,1998 Jamaican music can be roughly divided into four eras each with a distinctive beat ska rocksteady reggae and dancehall Ska dates from about 1960 to mid 1966 rocksteady from 1966 to 1968 while from 1969 to 1983 reggae was the popular beat The reggae era had two phases early reggae up to 1974 and roots reggae up to 1983 Since 1983 dancehall has been the prevalent sound The authors describe each stage in the development of the music identifying the most popular songs and artists highlighting the significant social political and economic issues as they affected the musical scene While they write from a Jamaican perspective the intended audience is any person local or foreign interested in an intelligent discussion of reggae music and Jamaica

Rastafari Reasoning and the RastaWoman Jeanne Christensen,2014-02-14 Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livity examines the complex ways that gender and race shaped a liberation movement propelled by the Caribbean evolution of an African spiritual ethos Jeanne Christensen proposes that Rastafari represents the most recent reworking of this spiritual ethos referred to as African religiosity The book contributes a new perspective to the literature on Rastafari and through a historical lens corrects the predominant static view of Rastafari women In certain Rastafari manifestations a growing livity developed by RastaMen eventually excluded women from an important ritual called Reasoning a conscious search for existential and ontological truth through self understanding performed in a group setting Restoring agency to the RastaWoman Christensen argues that RastaWomen intimately in touch with this spiritual ethos challenged oppressive structures within the movement itself They skirted official restrictions speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious intentional self examination characteristic of the Reasoning ritual With its powerful theoretically informed narrative Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livity will appeal to students and scholars interested in religious transformation resistance movements gender issues critical race studies and the history and culture of the English speaking Caribbean

Rasta, Race and Revolution Katrin Hansing,2006 Decades after its birth and subsequent tour du monde Rastafari has more recently also appeared in revolutionary Cuba How the movement has been globalized and subsequently localized in a socialist and Spanish speaking context are the main foci of this book In particular it examines how Cubans have adopted and adapted the movement to their own socio political and cultural context Particular attention is paid to Rastafari s development in the context of Cuba s current economic crisis and re appearance of more overt racism Based on extensive ethnographic

fieldwork in Cuba the study shows how Rastafari's growth and presence on the island have influenced and contributed to the formation and expression of new cultural identities and discourses with regard to what it means to be young black and Cuban. Katrin Hansing is a social anthropologist who has worked on numerous Cuba related issues. Her main areas of interests and expertise include migration, race, ethnicity and identity. She is currently the director of a German Research Council funded research project on Cuba's social collaboration ties in Africa.

Three Eyes for the Journey Dianne M. Stewart, 2005-07-07. Studies of African derived religious traditions have generally focused on their retention of African elements. This emphasis, says Dianne Stewart, slights the ways in which communities in the African diaspora have created and formed new religious meaning. In this fieldwork based study, Stewart shows that African people have been agents of their own religious ritual and theological formation. She examines the African derived and African centered traditions in historical and contemporary Jamaica: Myal Obeah, Native Baptist Revival, Zion Kumina and Rastafari, and draws on them to forge a new womanist liberation theology for the Caribbean.

Rastafari and the Arts Darren J. N. Middleton, 2015-02-11. Drawing on literary, musical and visual representations of and by Rastafari, Darren J. N. Middleton provides an introduction to Rasta through the arts broadly conceived. The religious underpinnings of the Rasta movement are often overshadowed by Rasta's association with reggae music, dub and performance poetry. *Rastafari and the Arts: An Introduction* takes a fresh view of Rasta, considering the relationship between the artistic and religious dimensions of the movement in depth. Middleton's analysis complements current introductions to Afro Caribbean religions and offers an engaging example of the role of popular culture in illuminating the beliefs and practices of emerging religions. Recognizing that outsiders as well as insiders have shaped the Rasta movement since its modest beginnings in Jamaica, Middleton includes interviews with members of both groups, including Ejay Khan, Barbara Makeda Blake, Hannah Geoffrey Philp, Asante Amen, Reggae Rajahs Benjamin Zephaniah, Monica Haim, Blakk Rasta, Rocky Dawuni and Marvin D. Sterling.

Soon Come Hugh Hodges, 2008. *Soon Come* celebrates Jamaican poetry as an expression and extension of the island's rich spiritual traditions, offering fresh insights into some of the late twentieth century's most important and influential poetry. Drawing inspiration from the history of Myal, Kumina, Revivalism and Rastafari, Hodges develops a critical language for the discussion of a wide range of Jamaican texts, both oral and written. Beginning with traditional proverbs and Anancy stories, *Soon Come* explores healing rituals, possession rites and miracles in Revival hymns, the seminal poetry of Claude McKay, Una Marson and Louise Bennett, the Rastafari influenced reggae of Bob Marley, Jimmy Cliff, Bunny Wailer and Ras Michael, the dub poetry of Linton Kwesi Johnson and Mutabaruka, and the groundbreaking work of Dennis Scott, Anthony McNeill and Lorna Goodison. What emerges is a profoundly hopeful vision of Jamaican poetry as an ongoing ritual that engenders the future even as it reimagines the past. Written in a lively, accessible style, *Soon Come* will appeal as much to the general reader as to the academic, to the serious Bob Marley fan as much as to the student of New World religious traditions.
