*High Fidelity News and Record Review* , 1999 Stars for Freedom Emilie Raymond, 2015-05-01 From Oprah Winfrey to Angelina Jolie George Clooney to Leonardo DiCaprio Americans have come to expect that Hollywood celebrities will be outspoken advocates for social and political causes However that wasn't always the case As Emilie Raymond shows during the civil rights movement the Stars for Freedom a handful of celebrities both black and white risked their careers by crusading for racial equality and forged the role of celebrity in American political culture Focusing on the Leading Six trailblazers Harry Belafonte Ossie Davis Ruby Dee Sammy Davis Jr Dick Gregory and Sidney Poitier Raymond reveals how they not only advanced the civil rights movement in front of the cameras but also worked tirelessly behind the scenes raising money for Martin Luther King Jr's legal defense leading membership drives for the NAACP and personally engaging with workaday activists to boost morale Through meticulous research engaging writing and new interviews with key players Raymond traces the careers of the Leading Six against the backdrop of the movement Perhaps most revealing is the new light she sheds on Sammy Davis Jr exploring how his controversial public image allowed him to raise more money for the movement than any other celebrity The result is an entertaining and informative book that will appeal to film buffs and civil rights historians alike as well as to anyone interested in the rise of celebrity power in American society A Capell Family Book A V Ethel Willis White Book *Impression Management Theory and Social Psychological Research* James T. Tedeschi, 2013-09-24 *Impression Management Theory and Social Psychological Research* gathers together the various strands of thinking and research on impression management This book does not easily lend itself to a singular organization

Not only do the authors deal with very different topics they sometimes disagree with one another on assumptions and interpretations Nevertheless there are chapters that tend to group together The book can be organized into six parts Part I General Theory consists of chapters that deal primarily with issues related to the reasons for and specific tactics of impression management Part II Impression Management and Laboratory Research includes two chapters that make a major contribution to the social psychology of the experiment Part III Attitudes as Tactics of Self Presentation centers around the concept of attitudes The chapters in Part IV Self Presentation and Harm Doing are organized around the theme of harm doing Part V Bargaining Distributive Justice and Impression Management focuses on the distribution of rewards in groups Part VI Individual Differences and Impression Management is concerned with individual differences such as mental illness social anxiety and shyness
