

Return Of The Amami Islands

Shinnosuke Takahashi

Return Of The Amami Islands:

The Return of the Amami Islands Robert D. Eldridge, 2004-01-01 From January 1946 through December 1953 the residents of the Amami Islands underwent a period now referred to as ryuri no hibi the days of trial like Okinawa these islands had been politically and administratively separated from Japan and placed under U S military rule In this work Robert D Eldridge documents the drawn out debates and the decisions that led to the complete reunification of the Amami Islands with Japan He carefully traces the U S military s insistence on occupying Okinawa and the Amami Islands under the rationale of increased international security the U S State Department s desire to uphold the Atlantic Charter by rejecting territorial expansion Amamian activists assertive argument for reversion to Japanese rule and the Japanese government s work to reach an agreement with the U S Eldridge draws on original documents from the reversion movement several volumes of memoirs and remembrances written by participants in the movement and numerous declassified documents of the Japanese and U S governments Scholars of international relations including those who study Okinawa s long tenure under U S military rule will learn much from this nuanced and revealing account of an important but oft neglected occurrence in U S Japan relations

Revolution, State Succession, International Treaties and the Diaoyu/Diaoyutai Islands Tseng Hui-Yi, 2017-05-11 Dynamism in Sino Japanese relations of which the Diaoyu Diaoyutai Islands dispute constitutes a major part has greatly overshadowed not only prospects of positive collaboration between China and Japan but also regional order in East Asia On the surface the essence of the dispute focused on sovereignty which entails competition for maritime resources development and strategic access to the adjacent waters as a critical transportation and military route What lies at the crux however is the conflict between different sets of values which lead and shape their interpretations of international treaties changes of governments and impacts of this upon these Asian states attitudes toward how sovereignty and territory should be understood in contemporary Asia The Diaoyu Diaoyutai Islands dispute has lapsed into dormancy since intense discussions in the period from 2010 to 2012 However the disagreement is far from being resolved This book draws on structural issues underlying the on going dispute along with the concomitant multifaceted challenges that need to be investigated At a juncture when the prospect of the Sino Japanese relations remains gloomy this book provides conceptual and practical insights invaluable to the field of law history and politics shedding light on the refinement of relevant international law and rules of engagement in a normative sense

Civil Defense in Japan Yasuhiro Takeda, Jun Ito, Yusuke Kawashima, 2023-12-01 In 2004 Japan instituted a system to protect citizens against military attacks and terrorism for the first time after World War II Faced with the Tokyo subway attack 1995 the 9 11 terrorist attacks 2001 and the changing security environment in East Asia the Japanese government was forced to implement the most extensive reform of its domestic crisis management kiki kanri system in the postwar era Japan s civil defense system is now called civil protection kokumin hogo Two world wars in the 20th century led to the development of national institutions based on civil defense in Western democratic countries including

the United States and Canada As times have changed most countries have adopted a comprehensive crisis or emergency management system integrating civil defense and disaster management against natural and technological hazards However Japan continues to take a different path Why has a comprehensive crisis management system yet to be formed How do complex and fragmented institutions work This book examines the institutions and policies of civil protection i e Japan s civil defense and further analyzes their effectiveness and issues Furthermore it also examines the trade offs resulting from the coexistence of two independent institutions civil protection and natural disaster management A valuable read for scholars of Japan s public administration and security defense policy as well as for those researching and comparing disaster preparedness across countries

The Bonin Islanders, 1830 to the Present David Chapman, 2016-02-23 This book is a collection of interwoven historical narratives that present an intriguing and little known account of the Ogasawara Bonin archipelago and its inhabitants The narratives begin in the seventeenth century and weave their way through various events connected to the ambitions hopes and machinations of individuals communities and nations At the center of these narratives are the Bonin Islanders originally an eclectic mix of Pacific Islanders Americans British French German Portuguese Italian and African settlers that first landed on the islands in 1830 The islands were British sovereign territory from 1827 to 1876 when the Japanese asserted possession of the islands based on a seventeenth century expedition and a myth of a samurai discoverer As part of gaining sovereign control the Japanese government made all island inhabitants register as Japanese subjects of the national family register The islanders were not literate in Japanese and had little experience of Japanese culture and limited knowledge of Japanese society but by 1881 all were forced or coerced into becoming Japanese subjects By the 1930s the islands were embroiled in the Pacific War All inhabitants were evacuated to the Japanese mainland until 1946 when only the descendants of the original settlers were allowed to return In the postwar period the islands fell under U S Navy administration until they were reverted to full Japanese sovereignty in 1968 Many descendants of these original settlers still live on the islands with family names such as Washington Gonzales Gilley Savory and Webb This book explores the social and cultural history of these islands and its inhabitants and provides a critical approach to understanding the many complex narratives that make up the Bonin story

From Japanese Empire to American Hegemony Matthew R. Augustine, 2022-12-31 When American occupiers broke up the Japanese empire in the wake of World War II approximately 1 7 million people departed Japan for various parts of Northeast Asia The mass exodus was spearheaded by Koreans many of whom chartered small fishing vessels to ship them back quickly to their liberated homeland while wartime devastation hampered the return of Okinawans to their archipelago By the time the officially endorsed repatriation program was inaugurated however increasing numbers of people began escaping US military rule in southern Korea and the Ryukyu Islands by smuggling themselves into occupied Japan How and why did these migrants move across borderlines newly drawn by American occupiers in the region Their personal stories reveal what liberation and defeat meant to displaced peoples and

how the compounding challenges of their resettlement led to the expansion of smuggling networks The consequent surge of unauthorized border crossings spurred occupation authorities into forging exclusionary migration regulations Through a comparative study of Korean and Okinawan experiences during the postwar occupation era Matthew Augustine explores how their migrations shaped and were in turn shaped by American policies throughout the region This is the first comprehensive study of the dynamic and often contentious relationship between migrations and border controls in US occupied Japan Korea and the Ryukyus examining the American interlude in Northeast Asia as a closely integrated regional history The extent of cooperation and coordination among American occupiers as well as their competing jurisdictions and interests determined the mixed outcome of using repatriation and deportation as expedient tools for dismantling the Japanese empire The heightening Cold War and deepening collaboration between the occupiers and local authorities coproduced stringent migration laws generating new problems of how to distinguish South Koreans from North Koreans and Ryukyuans from Japanese In occupied Japan fears of communist infiltration and subversion merged with deep seated discrimination transforming erstwhile colonial subjects into aliens and illegal aliens This transregional history explains the process by which Northeast Asia and its respective populations were remade between the fall of the Japanese empire and the rise of American hegemony

Okinawa & Japan's Southwest Islands Jo Davey, 2024-08-09 Brand new from Bradt is Okinawa and Japan's Southwest Islands the sole travel guidebook dedicated to the archipelago stretching from the southern tip of mainland Japan to Taiwan whose landscapes include award winning beaches coral reefs tropical jungles and ancient forests This guide contains all the detailed information that travellers need to get the most out of their visit from accommodation and restaurants to transport and sights Japan expert Jo Davey complements this with rich context and entertaining insights to help readers understand this fascinating region covering culture recipes architectural highlights historical episodes and traditional folktales Japan's Southwest Islands are a remote but rewarding and geographically diverse area that comprises the Satsunan Islands formed of the Osumi and Amami islands and the Ryukyu Islands consisting of the Okinawa Kerama Miyako and Yaeyama islands The capital city of Naha on Okinawa honto is a bright and busy hub of history art karate and food Thanks to its many US military bases and post war occupation by the US Naha is a fusion of Japanese and American culture In contrast the more remote islands preserve traditional Ryukyuan life with festivals architecture traditional accommodation and religious sites Depending where you travel you can dive with manta rays off Iriomote or kayak along its jungle rivers hike through Yakushima's ancient forest search for star sand on Taketomi pay tribute to the fallen of World War II at museums and monuments on Okinawa honto cycle between Miyako's award winning beaches take home a chunk of rope from the world's largest tug of war in Naha or go whale watching off the Kerama Islands Wherever you go the islands amazing food known for being the world's healthiest cuisine can be found throughout the archipelago As well as dedicated chapters covering each island group the book also provides a glimpse into the gateway cities of Tokyo and Kagoshima with

coverage that highlights little known areas activities accommodation and restaurants Throughout extensive practical information includes transport seasonality itineraries visas and budgeting Whether you come for culture or cuisine karate or nature diving or trekking let Bradt s Okinawa and Japan s Southwest Islands be your guide *The Translocal Island of Okinawa* Shinnosuke Takahashi,2024-06-13 The Translocal Island of Okinawa reveals the underrepresented memories visions and actions that are involved in the making of Okinawan resistance against its subordinated status under the US Japan security system beyond the narrowly defined political cultural and geographical borders of locality As Okinawa s base politics is a problem deeply rooted in the context of East Asia so is the history of the people s protest movement The issue examined in this book is the arbitrary distinction of scale between local which tends to be employed for a particular territory demarcated by a cohesive culture and regional a larger area that consists of myriad localities Locality Shinnosuke Takahashi here argues is neither self evident fixed nor homogenous but is established through historical processes that involve interaction conflict and negotiation of individuals and communities across territorial and cultural boundaries This book reveals the novel concept of Okinawa as a translocal island which offers a way to understand locality in the context of Okinawan activism as a product of multiple cultural and human flows as opposed to the conventional way of framing the local community as fixed internally cohesive and rigidly bordered It makes an exciting contribution to the field of modern Japanese and East Asian studies by stimulating discussions on the richness and scale of local civic activism that is increasingly becoming a key political feature of the East Asian region Report United States. Congress. House, **Human-Plant Entanglement: Thinking with Plants in the Anthropocene** ,2025-06-12 Human Plant Entanglement Thinking with Plants in the Anthropocene is an edited collection that redefines the boundaries of phytocentric scholarship By foregrounding the question of the Anthropocene at the centre of plant studies this book illustrates how attentiveness to plant life can allow our habitual anthropocentric instrumental assumptions to be invaded by a unique phytocentric impression that presents a new ethical imaginary for a human plant relationship With twelve carefully argued essays this book sets a new benchmark in the field of Critical Plant Studies **Foreign Relations of the United States, 1964-1968, Volume XXIX, Part 2: Japan** United States. Department of State,Karen L. Gatz,2006-08-08 This volume is part of a subseries of the Foreign Relations of the United States that documents the most issues in the foreign policy of the 5 years 1964 1968 of the administration of Lyndon B Johnson This volume documents U S policy toward Japan during a period of increasing change in the relations between the two allies Japan was fast becoming a major economic power while still relying on the United States for its security A theme of the coverage in fact is the ongoing U S effort to encourage Japan to assume a greater role in its own military defense and to play a greater role on the world stage especially in terms of economic development of the rest of Asia Another major theme is U S efforts to encourage the continuation of a moderate pro Western Japanese Government

Reviewing **Return Of The Amami Islands**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Return Of The Amami Islands**," an enthralling opus penned by a very acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
