Dreme,2023-02-28 About the Book This book predicts a future when the population of the world is near one hundred billion and on the verge of a super science All life will be at risk if testosterone driven males are still in charge of the monetary and power resources of the world In this future world the world government has passed strict laws that require castration of any male found guilty of any sexual assault or of using violence to commit any crime Regarding reproduction only one replacement child per adult is allowed A replacement child is not mandated but if one is cloned or otherwise brought into existence the parent is required to raise and support that child until it reaches the legal age of thirty Many men are refusing to make a replacement commitment in order to have the freedom to live their lives as they see fit and scientists are predicting the extinction of the human male now called a drone within the next three hundred years About the Author James B Dreme is the oldest of seven children He dropped out of high school during his junior year in order to join the service as the Viet Nam War was first heating up in the spring of 1965 After four years in the Navy he met the expectations of the church he was a fifth generation member of and fulfilled a successful two year mission After his mission he got engaged and started school at A S U After that he graduated from Arizona State University and taught school for a little under a decade Dreme then got divorced and re enlisted for two more years in the Navy He became an aircraft structural mechanic second class petty officer and switched to teaching individual students in their homes until he retired **The Black Widow Clique** Genesis Woods,2018-04-24 Best friends and blood sisters for life Melonee Reid and Fiona White have one goal in life to get rich and live comfortably but growing up in the inner city of Los Angeles isn t helping them obtain that goal That is until Fiona comes up with a plan to marry for money and murder for even more The girls seek out older

established wealthy bachelors drawing them into a web of deception with their good looks sexy bodies and loving personalities Once their last names are changed and the ink is dry on the insurance policies the clique executes their plan to have the new husbands die accidental deaths leaving their fortunes to the widowed wives Their little marry for money scam works for years until things take a drastic turn and one friend s connection to the new mark has her questioning her role in the Black Widow Clique The other friend still wants to carry out the murderous plan to get a hold of a multimillion dollar insurance policy Friendship will be tested lies will be told and loyalty will come into play when one black widow decides that their cozy web of deception love and money isn t big enough for two anymore
