Return To Santa Flores:

Return to Santa Flores Iris Johansen, 2013 Returning home from attending school in Europe Jenny Cashman sets out to prove to her guardian Steve Jason that she is no longer a child but a woman worthy of his love and affection

Return to Santa Flores Iris Johansen, 2013-07-30 1 New York Times bestselling author Iris Johansen offers readers a classic tale of a love that seems impossible and a hunger that is undeniable Jenny Cashman longs to escape the refined rarified air of her exclusive Swiss education At nineteen she's desperate for independence and to once again see the man she loves So she sells her belongings leaves Europe and heads to Las Vegas The sight of Steve Jason's newest palatial hotel and casino thrills Jenny but not as much as the sight of the man himself Steve came to her rescue after her father died paying for her years of expensive schooling Now she must convince him that she's old enough to make her own decisions including about her passion for him Steve Jason is a powerful mogul a man who came from nothing and made a name for himself in the industry before he was thirty years old He takes great care to keep all emotional involvement with others to a bare minimum with only one exception Jenny has always been incredibly important to him But how can he keep her safe when she seems oblivious to her own stunning beauty and the reactions she gets from other men It will take all of Steve's resolve to protect her especially from his own desires

The Spanish Lake Oskar Hermann Khristian Spate, 2004-11-01 This work is a history of the Pacific the ocean that became a theatre of power and conflict shaped by the politics of Europe and the economic background of Spanish America There could only be a concept of the Pacific once the limits and lineaments of the ocean were set and this was undeniably the work of Europeans Fifty years after the Conquista Nueva España and Peru were the bases from which the ocean was turned into virtually a Spanish lake

Familia Robert R. Alvarez, 1987 Anthropologists historians and sociologists will find here a striking challenge to accepted explanations of the northward movement of migrants from Mexico into the United States Alvarez investigates the life histories of pioneer migrants and their offspring finding a human dimension to migration which centers on the family Spanish American and English exploits paved the way for exchange between Baja and Alta California Alvarez shows how cultural stability actually increased as migrants settled in new locations bringing their common values and memories with them
