Revelation And Faith:

Unveiled Faith Wade M. Hurt, 2009-10 So then faith comes by hearing and hearing by the word of God Romans 10 17 A spiritual journey is awaiting you If you have lost your footing in your Christian life or have slowly let yourself become blinded by the world then you are in need of divine faith Guided by Scripture you will unlock the mysteries of the early Church as you learn the difference between biblical faith divine faith human faith and counterfeit faith Through this wisdom you will come to know what the perfect will of God is for your life helping you to better understand the blessings he has in store for you on this earth as well as in heaven By submitting yourself to the present voice of God you will become stronger spiritually and tighten your focus on your duties as a Christian By picking up this book your understanding of faith will never be the same Join author Wade M Hurt down the path to Unveiled Faith *Revelation and Reason: The Christian Doctrine of Faith and Knowledge* Emil Brunner, 1946

The Meaning of Revelation Helmut Richard Niebuhr, 2006-02-01 This reissue of a 20th century classic emphasizes an understanding of God's revelation that takes seriously both the Bible itself and modern ideas about the nature of history Includes a new Foreword by Ottati which sets Niebuhr's work in the context of his other writings and explores the significance of this book *The Churches of Revelation* Dr. David Bernhard Bowers, 2023-02-09 Every student of the Bible approaches the book of Revelation with a sense of awe as they attempt to fold the greatness of God within the mind of humanity Many rush to examine the significant prophecies without adequately dealing with the introductory chapters Exploring the beginning chapters of the Revelation of Jesus Christ with a modern application Dr David B Bowers examines the initial communiqué given by our Lord to the Apostle John The churches of Revelation within reflect not only the status of the true Christian church throughout history but also reveal significant elements of the church in modern times that must not be missed **Behind The Faith** Tony Mariot, 2018-10-17 We should not base our beliefs on

some emotional experience we had which we cannot really explain with any substance other than to attribute the experience to something we want to believe was spiritual or God inspired This choice belief and faith should not be an unexplainable gut feeling or some thought shrouded in a cosmic concept of God that is neither specific nor explainable Neither should we hide behind peer pressure that makes us feel guilty if we denied having any real belief in the existence of God at all None of these aspects are the basis to knowing anything let alone foundations of a faith The question then becomes how do we know what is true and what to believe on the ground where we live What are the facts and what is folklore How can we know for certain This writing is intended to discuss what is biblically spoken of behind the faith of what Christians believe It is not however about conspiracies in the church or an attempt to air any dirty laundry The book of Revelation was chosen as the principle text of this discourse because it is intermingled throughout Scripture like no other It provides seamless segues that will open up opportunities to address other related questions in Scripture as we examine what is behind the faith **Thunder Vision** Calvin, 2013-12-30 To the Church of Christ Who is God and what evidence is there that what he says is real and true What are

the promises of God Has God delivered on his promises If The God of the Bible is the one and only true god is there a logical way to see and know the things he claims is true In this Book Thunder Vision I would like to make the case that the book of revelation gives us the ability to see the evidence on all these questions In the post modern world we live we are bombarded with questions about God and our faith in god that are hard to answer We hear Questions like these almost every day People are looking for the truth some belief the bible at face value and some look for more concrete evidence In the end we all have to look at the evidence in the Creation and more importantly his revealed will in his law and through his Son Jesus Christ Because of my belief and faith in God as an Evangelical Christian and student of the Bible faith has been essential for understanding his Promises On the other hand I want to show you there are Logical numerical patterns encoded in the Chapters and verses of the book of revelation that will enhance your faith which in turn authenticates the words of God by using simple math Addition division subtraction This plays on our intellect and in turn helps us to understand what he is saying This pattern of numbers or seals in the book of revelation lets us see God and his promises to us in the rest of the bible clearer than ever before The Bible was written to us by God through many people through the ages as we look back into history at His promises in the light of the seven seals this helps us understand him more The seals coincide with the seven days of creation in genesis and we see this pattern throughout the bible as a whole So when God references ideas and promises in Prophecies in the seven seal structure we can always get a better sense what he is talking about My hope is that we will learn to love him more through Johns teaching in the book of Revelation

On Divine Revelation Réginald Garrigou-Lagrange, 2022 Fr R ginald Garrigou Lagrange O P understood that theological decline followed from a deficient account of divine revelation In *On Divine Revelation* one of his most significant works here available in English for the very first time he offers a classic treatment of this foundational topic It is an organized and thorough defense of both the rationality and supernaturality of divine revelation He presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism naturalism agnosticism and pantheism the motives of credibility and much more Though written a century ago *On Divine Revelation* will restore confidence in theology as a distinct and unified science and return focus to the fundamental questions of the doctrine of revelation It also serves as a salutary corrective to contemporary theology s anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the Triune God who has revealed his inner life and salvific will Readers will see the great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the gift of faith

Liberation of Dogma Juan L. Segundo, 2004-08-04 In a playful foreword that isn t Juan Luis Segundo calls his present work posthumous both because the sensitivity of the topic puts any future works in jeopardy and because it provides the logical key to all his previous theological

work Thirty years a theologian Segundo has tried to interpret the meaning of the gospel for believers today One of the pioneers of Latin American liberation theology he has tried especially to discern the relevance of faith to the emancipation of human beings from conditions of oppression In *The Liberation of Dogma* he turns to foundational questions of Christian faith seldom addressed by liberation theology the meaning of revelation and its articulation in dogma Beginning with a brilliant historical survey of the development of scripture Segundo lays the basis for his understanding of revelation as a process of divine pedagogy an interaction between God and the human community in which the latter learn how to learn The subsequent history of dogma reflects a continuation of the biblical story as the church learns to test and apply paradigms of faith to the challenges of an unfolding cultural and historical situation Segundo examines the collision that occurred in the Middle Ages when Greek dogmatic formulations carefully worded to address problems posed by Hellenistic culture were imposed on the new barbarian tribes as ready made truths This resulted in the loss of a dynamic understanding of revelation and faith from which the church has only emerged since Vatican II In his conclusion Segundo develops a theology of revelation attuned to the signs of the times a perspective influenced by the experience of Latin America s base communities According to Segundo Knowledge of God as revealing something occurs to us when we are discovered to have a historical sensitivity that converges with God s own intentions It is from a perspective and practice attuned to the Reign of God that we are free to discern God s revelation in history today
