Introduction to Biblical Interpretation

William W. Klein, Craig L. Blomberg, Robert L. Hubbard, Jr., 2017-03-28 Introduction to Biblical Interpretation now in its third edition is a classic hermeneutics textbook that sets forth concise logical and practical guidelines for discovering the truth in God's Word. With updates and revisions throughout that keep pace with current scholarship, this book offers students the best and most up-to-date information needed to interpret Scripture. Introduction to Biblical Interpretation defines and describes hermeneutics, the science of biblical interpretation. It suggests effective methods to understand the meaning of the biblical text, surveys the literary, cultural, social, and historical issues that impact any text, evaluates both traditional and modern approaches to Bible interpretation, examines the reader's role as an interpreter of the text and helps identify what the reader brings to the text that could distort its message. It tackles the problem of how to apply the Bible in valid and significant ways today. Provides an extensive and revised annotated list of books that readers will find helpful in the practice of biblical interpretation. Used in college and seminary classrooms around the world, this volume is a trusted and valuable tool for students and other readers who desire to understand and apply the Bible.

The Book of Revelation Leonard L. Thompson, 1997-02-13 About seventy years after the death of Jesus, John of Patmos sent visionary messages to Christians in seven cities of western Asia Minor. These messages would eventually become part of the New Testament canon as The Book of Revelation. What was John's message? What was its literary form? Did he write to a persecuted minority or to Christians enjoying the social and material benefits of the Roman Empire? In search of answers to these penetrating questions, Thompson critically examines the language, literature, history, and social setting of the Book of the Apocalypse. Following a discussion of the importance of the genre, apocalypse, he closely analyzes the form and structure of the Revelation, its narrative and metaphoric unity, the world created through John's visions, and the social conditions of the empire in which John wrote. He offers an unprecedented interpretation of the role of boundaries in Revelation, a reassessment of the reign of the Emperor Domitian, and a view of tribulation that integrates the literary vision of Revelation with the reality of the lives of ordinary people in a Roman province. Throughout his study, Thompson argues that the language of Revelation joins the ordinary to the extraordinary, earth to heaven, and local conditions to supra-human processes.

Revelations of the End Dr. Robert "Andy" Gowins, 2025-02-05 Revelations of the End: A Fresh Look at an Ancient Eschatology is not a traditional chapter and verse breakdown of the major themes of the New Testament book of Revelation. It is, however, an eschatological commentary that

utilizes the framework of the book of Revelation to revisit the traditional and orthodox end time teachings of the church for most of its history The book attempts to address the eschatological expectations of the early first century church for whom this apocalyptic and prophetic letter was originally written It seeks to explain the Old Testament eschatological expectations through the structure of New Testament eschatological revelations as expressed through the letter of Revelation This eschatological commentary is an attempt to revisit the biblical historical and orthodox teachings of the church concerning matters of the last days

One Gospel Nathan N. Hoff, 2023-12-18 Is faith in Messiah necessary to the content of saving faith in the Old Testament as it is in the New While the dispensational tradition has been clear that salvation in every age includes a common object God a common basis Christ's death and a common requirement faith it has not always agreed on the content of saving faith across the testaments Written within the dispensational tradition *One Gospel* seeks to advance the discussion by looking at Paul's use of the Abraham story in Romans 4 This work contends there is continuity between the Old Testament and the New as illustrated by Abraham and Paul The content of saving faith must always include faith in Messiah who in the progress of revelation is identified as Jesus Christ
