True Latter-Day Saints' Herald, 1912 The family magazine of the Reorganized Church of Jesus Christ of Latter Day Saints

C.S. Lewis: Revelation, Conversion, and Apologetics P. H. Brazier, 2012-07-18 This is a series of books which have a common theme the understanding of Christ and therefore the revelation of God in the work of C S Lewis These books are a systematic study of Lewis s theology Christology and doctrine of revelation as such they draw on his life and work They are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis s work www.cslewisandthechrist.net

Unpublished Revelations of the Prophets and Presidents of the Church of Jesus Christ of Latter Day Saints, 1981 *The Secret Doctrine: Occultism* (1st ed. 1897) Helena Petrovna Blavatsky, 1897

Revelation Brian K. Blount, 2013-03-01 This new title in the New Testament Library Series provides a concise and confident guide through the complex passages of the book of Revelation

Revelation Richard Swinburne, 2007-07-26 The great religions often claim that their books or creeds contain truths revealed by God How could we know that they do In the second edition of Revelation renowned philosopher of religion Richard Swinburne addresses this central question But since the books of great religions often contain much poetry and parable Swinburne begins by investigating how eternal truth can be conveyed in unfamiliar genres by analogy and metaphor within false presuppositions about science and history In the final part of the book Swinburne then applies the results of Parts I and II to assessing the evidence that the teaching of the Christian Church constitutes a revelation from God In the course of his philosophical exploration Swinburne considers how the church which Jesus founded is to be identified today and presents a sustained discussion of which passages in the Bible should be understood literally and which should be understood metaphorically This is a fuller and entirely rewritten second edition of Revelation the most notable new feature of which is a long chapter examining whether traditional Christian claims about personal morality divorce homosexuality abortion etc can be regarded as revealed truths A formal appendix shows how the structure of evidence supporting the Christian revelation can be articulated in terms of the probability calculus and shows that Plantinga s well known argument from dwindling probabilities against probabilistic arguments of this kind is not cogent

Decolonizing Revelation Rufus Burnett Jr., 2018-03-16 At a time when ideas like post racial society and BlackLivesMatter occupy the same space scholars of black American faith are provided a unique opportunity to regenerate and imagine theological frameworks that confront the epistemic effects of racialization and its confluence with the theological imagination Decolonizing Revelation contributes to this task by rethinking or taking a second look at the cultural production of the blues Unlike other examinations of the blues that privilege the hermeneutic of race this work situates the blues spatially offering a transracial interpretation that looks to establish an option for disentangling racial ideology from the theological imagination This book dislocates race in particular and modernity in general as the primary means by which God s self disclosure is read across human history Rather than

looking to the experience of antiblack racism as revelational the work looks to a people group blues people and their spatial sonic and sensual activities Following the basic theological premise that God is a God of life Burnett looks to the spaces where blues life occurs to construct a decolonial option for a theology of revelation *Deuteronomy; Its Place in Revelation* Alan Hugh McNeile, 1912 *A Revelation of Purgatory* Liz Herbert McAvoy, 2017 *A Revelation of Purgatory* was written by an unnamed woman almost certainly an anchoress in Winchester in 1422 It details from a first person perspective a series of terrifying visions experienced by the author in which she witnesses the purgatorial sufferings of a former friend named Margaret who makes her way through the blazing fires of purgatory tormented by devils the worm of conscience and uniquely her two former pets a fierce little cat and dog Through her prayer and the prayers she elicits from her own circle of influential priests the anchoress is eventually able to deliver Margaret to the doors of the heavenly Jerusalem Made available here in accessible parallel text format with extended introduction and annotation the Revelation is an important text not only does it testify to popular and religious concerns with the afterlife in the late Middle Ages but also underscores the significant role played by women in mitigating the suffering of souls in purgatory by means of their personal interventions The text also bears witness to female friendship effective intergender dialogue and the central role played by an anchoress in those communities with which she interacted be they spiritual institutional or personal Liz Herbert McAvoy is Professor of Medieval Literature at Swansea University **Reading Revelation After Supersessionism** Ralph J. Korner, 2020-11-11 In this volume Ralph Korner argues that John's extensive social identification with Judaism's Jewishness and Jewish institutions does not reflect a literary program of replacing Israel with the ekklesiai churches assemblies that is the Jewish and non Jewish followers of Jesus as Israel's Messiah Rather John is emplacing his Christ followers further within Israel without thereby superseding Israel as a national identity for ethnic Jews who do not follow Jesus as the Christos There are three primary roads travelled in this investigative journey First Korner explores ways in which a Jewish heritage is intrinsic to the literary structure genre eschatology symbolism and theological motifs of the Apocalypse Second he challenges the linear chronology of generally supersessionist dispensational readings of Revelation's visionary content by arguing for a reiterative repetitive structure based on certain literary devices that also provide structure for visions within Jewish apocalypses and Hebrew prophecies Third he incorporates the most recent research on ekklesia usage especially in Asia Minor to assess how John's ekklesia associations might have been non supersessionally perceived especially by Jews in Roman Asia
