The Making of Theatrical

Reputations Yael Zarhy-Levo, 2008-04-21 Today's successful plays and playwrights achieve their prominence not simply because of their intrinsic merit but because of the work of mediators who influence the whole trajectory of a playwright's or a theatre company's career. Critics and academic writers are primarily considered the makers of reputations but funding organizations and various media agents as well as artistic directors, producers and directors also pursue separate agendas in shaping the reputations of theatrical works. In *The Making of Theatrical Reputations* Yael Zarhy-Levo demonstrates the processes through which these mediatory practices by key authority figures situate theatrical companies and playwrights within cultural and historical memory. To reveal how these authorizing powers that be promote theatrical events, companies and playwrights, Zarhy-Levo presents four detailed case studies that reflect various angles of the modern London theatre. In the case of the English Stage Company's production of John Osborne's *Look Back in Anger*, she centers on a specific event. She then focuses on the trajectory of a single company, the Theatre Workshop, particularly through its first decade at the Theatre Royal Stratford East, London. Next, she explores the career of the dramatist John Arden, especially its first ten years, in part drawing upon an interview with Arden and his wife, actress and playwright Margaretta D'Arcy, before turning to her fourth study, the playwright Harold Pinter's shifting reputation throughout the different phases of his career. Zarhy-Levo's accounts of these theatrical events, companies and playwrights through the prism of mediation bring fresh insights to these landmark productions and their creators. *Modern Drama Scholarship and Criticism 1966-1980* Charles A. The Plays of David Storey William Hutchings, 1988

This is the first comprehensive play-by-play analysis of the drama of David Storey, one of the most acclaimed and innovative, sometimes controversial writers in the British theatre since World War II. Grouping the plays according to theme, Hutchings demonstrates that the central focus in the drama of David Storey is the devaluation of traditional rituals in contemporary life and the disintegration of the family. A playwright attuned to the poetry in the ordinary, to the profundity, subtle eloquence and dramatic tension in the mundane, Storey explores the ways people cope or fail to cope with complexity, with uncertainty, with constant bewildering flux. He writes about groups, families. In *Celebration*, the Farm rugby teams, *The Changing Room* and construction crews, *The Contractor*. In his plays, individuals seek to overcome isolation and integrate themselves into a significant assemblage that transcends the self. Hutchings notes that Storey frequently deals with working-class parents who cannot understand their grown children's anxieties, their discontentedness with life, their unstable marriages and their inability to enjoy the benefits of the education and advantages they labored so hard for so many years to provide. Storey understands and sympathizes with parents who have paid to educate their children out of their own spheres. He saw it happen in his own family, knew the disapproval of his father. What else could my father think when nearing sixty, he came

home each day from the pit exhausted shattered by fatigue to find me a young man ideally physically equipped to do the job which now left him totally prostrated painting a picture of flowers or writing a poem about a cloud There was and there is no hope of reconciliation Hutchings supplements his thematic analysis of Storey's plays by interweaving into his text 90 percent of a major interview with the playwright the only such comprehensive interview in existence Storey who believes that readers ought to be chary of all interviews discusses alleged literary influences on his work the current state of British theatre and his reactions to critics He also provides insight into various productions and performances in his work *A Bibliography of British History, 1914-1989* Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *British Theatre* John P. Cavanagh, 1989 *The Library Journal Book Review* R. R. Bowker LLC, 1977 **Canadian Theatre Review** ,1977 **Reader's Guide to Great Britain** ,1977
