History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis **Three**

Questions of Formative Judaism Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an

enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details **Imagery**

Techniques in Modern Jewish Mysticism Daniel Reiser, 2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism **Rabbinic Literature** Tal Ilan, Lorena Miralles-Maciá Miralles-Maciá, Ronit Nikolsky, 2022-04-22 This volume in the Bible and Women series is devoted to rabbinic literature from late Jewish antiquity to the early Middle Ages Fifteen

Between Alexandria and Jerusalem examines the dynamics of Hellenistic and Jewish cultures It begins by looking at the changes in mentality as reflected in papyri of Roman Egypt the birth of a qualified audience looking for teachers and preachers and requiring a new culture This same phenomenon emerged in Rabbinic society Rabbinic literature was different not only from the Bible but from Alexandrian exegesis as well However Alexandrian exegesis paved the way for rabbinic Midrash The book defies the understanding of culture as a combination of various petrified patterns Jewish and Hellenic It also challenges the idea of separate Jewish cultures Rather it endeavors to trace tremendous cultural changes It was exactly these changes that connected one period to another one literature to another and thus embodied continuity and unity of culture *Interpreting Scriptures in Judaism, Christianity and Islam* Mordechai Z. Cohen,Adele Berlin,2016-06-06 This comparative study traces Jewish Christian and Muslim scriptural interpretation from antiquity to modernity with special emphasis on the pivotal medieval period It focuses on three areas responses in the different faith traditions to tensions created by the need to transplant scriptures into new cultural and linguistic contexts changing conceptions of the literal sense and its importance vis vis non literal senses such as the figurative spiritual and midrashic and ways in which classical rhetoric and poetics informed or were resisted in interpretation Concentrating on points of intersection the authors bring to light previously hidden aspects of methods and approaches in Judaism Christianity and Islam This volume opens new avenues for interdisciplinary analysis and will benefit scholars and students of biblical studies religious studies medieval studies Islamic studies Jewish studies comparative religions and theory of interpretation
