magical tradition have believed they have been influencing the course of history guiding mankind towards higher levels of consciousness. There is a reincarnationist philosophy and they believe that as initiates of the highest order they return in local groups at key moments to conspire to change the course of events. Whether or not their beliefs are right, whether or not their magical practices work in the way they believe, this book will prove that certain remarkable individuals, many of them famous in other areas, have undoubtedly held these beliefs. Bestsellers such as *HOLY BLOOD HOLY GRAIL* and *THE TOMB OF GOD* have been written by amateur historians trying to penetrate the veil of secrecy that surrounds this conspiracy. Here for the first time an initiate of the order reveals the truth.

In this overview of the modern occult revival, Nevill Drury traces the rise of various forms of magical belief and practice from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left Hand Path as well as twenty-first century magical forays into cyberspace.

Tarot and Other Meditation Decks Emily E. Auger, 2023-03-10

Arthur E. Waite and artist Pamela Colman Smith's Rider-Waite Tarot 1909 is the most popular Tarot in the world. Today it is affectionately referred to as the Rider-Waite-Smith Tarot in recognition of the high quality of Smith's contributions. Waite and Smith's deck has become the gold standard for identifying and analyzing contemporary Tarot and other meditation decks based on archetypes. Developments in both visual and literary history and theory have influenced Tarot since its fifteenth-century invention as a game and subsequent adaptations for esotericism, cartomancy, and meditation. This analysis considers Tarot in relation to established modern and postmodern art movements such as Symbolism, Surrealism, and Pattern and Decoration Art, as well as the concepts and theories informing both the dominance and the dissolution of the modernist grid and hierarchical priorities. This work also explores the close connection between Tarot and the invention of the literary novel and includes new material on the representation of Tarot in film and fiction. A new chapter addresses the growing influence of the archetypal shadow and shadow work on Tarot as an artistic form, narrative genre, and practice in the new millennium.
