**Thomas L. Thompson, L Thompson**

## **Sayings And Such:**

**Unknown Sayings of Jesus** Joachim Jeremias, 2008-07-18 Our subject is the lost sayings of our Lord or to give them their Greek name the theagrapha which means literally the unwritten sayings saying which are not recorded in the four Gospels As a matter of fact we possess a not inconsiderable number of sayings which have come down to us outside the canonical Gospels a fact of great importance not only for the study of the Gospels themselves but also for the Church and its message How does it come about we immediately ask that there are such things as sayings of Jesus outside the Gospels Why were they left out of our Gospels How did these two parallel streams of tradition arise sayings in the Gospels and sayings outside them from chapter 1

**Escaping My Responsibility** Hugo Strandberg, 2009 What is morality This is the question this book is dealing with The aim of the study is to show the distorting character of many common pictures of what morality is pictures found inside and outside of philosophy The central idea of the book is that the distorting character of these pictures is that they make it possible for me to escape my moral responsibility Focusing on responsibility and our attempts to shut our eyes to it questions such as the following are discussed Is there a moral reality Is it possible to show someone else what is good and bad What is the relation between morality and religion Are there moral truths What can philosophically be said about the meaning of life

**Authorship and Text-making in Early China** Hanmo Zhang, 2018-10-08 This book is a timely response to a rather urgent call to seek an updated methodology in rereading and reappraising early Chinese texts in light of newly discovered early writings For a long time the concept of authorship in the formation and transmission of early Chinese texts has been misunderstood The nominal author who should mainly function as a guide to text formation and interpretation is considered retrospectively as the originator and writer of the text This book illustrates that although some notions about the text as the author's property began to appear in some Eastern Han texts a strict correlation between the author and the text results from later conceptions of literary history Before the modern era there existed a conceptual gap between an author and a writer A pre modern Chinese text could have had both an author and a writer or even multiple authors and multiple writers This work is the first study addressing these issues by more systematically emphasizing the connection of the text the author and the religious and sociopolitical settings in which these issues were embedded It is expected to constitute a palpable contribution to Chinese studies and the discipline of philology in general

**The Messiah Myth** Thomas L. Thompson, L. Thompson, 2009-04-20 Since the eighteenth century scholars and historians studying the texts of the Bible have attempted to distill historical facts and biography from the mythology and miracles described there That trend continues into the present day as scholars such as those of the Jesus Seminar dissect the Gospels and other early Christian writings to separate the Jesus of history from the Christ of faith But with The Messiah Myth noted Biblical scholar Thomas L. Thompson argues that the quest for the historical Jesus is beside the point since the Jesus of the Gospels never existed Like King David before him says Thompson the Jesus of the Bible is an amalgamation of themes from Near Eastern

mythology and traditions of kingship and divinity The theme of a messiah a divinely appointed king who restores the world to perfection is typical of Egyptian and Babylonian royal ideology dating back to the Bronze Age In Thompson s view the contemporary audience for whom the Old and New Testament were written would naturally have interpreted David and Jesus not as historical figures but as metaphors embodying long established messianic traditions Challenging widely held assumptions about the sources of the Bible and the quest for the historical Jesus The Messiah Myth is sure to spark interest and heated debate

*Genesis Forty-nine in Its Literary and Historical Context* Raymond De Hoop,1972 This book deals with the so called Blessing of Jacob Genesis 49 in all its aspects discussing philological literary and historical problems After an introductory chapter a thoroughly discussed translation of Genesis 49 and an analysis of its poetical structure are presented followed by the discussion of the genre definition tribal saying Stammesspruch and a synchronic and diachronic analysis of Genesis 49 in its literary context Gen 47 29 49 33 The remarkable results of this analysis are finally discussed in relation to Israel s history It is suggested that only part of the Blessing functioned within the originally much shorter deathbed account Gen 47 29 49 33 reflecting the historical situation of the time of origin Afterwards it was thoroughly worked up into its present shape to meet the conditions of later political development
