**Stanley E. Porter, Gregory P. Fewster**

## Scalometry And The Pauline Epistles:

**Scalometry and the Pauline Epistles** George K. Barr, 2004-06-15 Scale is well known and understood in creative arts such as architecture sculpture and music but New Testament scholars have given no significant consideration to scale changes in the Biblical texts A robust methodology allows scale changes in literature to be examined scientifically and reveals scale related patterns in the epistles To determine the significance of these patterns George Barr has conducted a wide survey covering many texts in Greek Latin and English It reveals that the patterns found in the New Testament are very rare indeed if not unique and gives grounds for the belief that such patterns are associated with authorship The patterns found in the Pauline epistles clarify some theories regarding the origins of the epistles and in some cases shed new light on their compilation

Paul and Pseudepigraphy Stanley E. Porter, Gregory P. Fewster, 2013-09-05 In Paul and Pseudepigraphy an international group of scholars engage open questions in the study of the Apostle Paul and those documents often deemed pseudepigraphal This volume addresses many traditional questions including those of method and the authenticity of several canonical Pauline letters but they also reflect a desire to think in new ways about persistent questions surrounding pseudepigraphy The focus on pseudepigraphy in relationship to Paul affords a unique opportunity to address this innovative inclination not readily available in studies of New Testament pseudepigraphy in general Regarding these concerns new approaches are introduced traditional evidence is reassessed and some new suggestions are offered In addition to Pauline letters treatments of related non canonical Pauline pseudepigraphs are included in discussion

Counting Paul Benjamin L. White, 2025-04-15 Who wrote the Pauline Epistles For nearly 1 700 years the answer seemed fairly straightforward The New Testament canon set the boundary at thirteen or fourteen including Hebrews Pauline Epistles alongside an uncontroversial biographical framework within which to imagine them in Acts In the early nineteenth century the identification of the historical Paul with the canonical Paul was severed when theologian Ferdinand Christian Baur of the University of Tübingen laid the groundwork for the fundamental historiographical moves that still orient Pauline Studies as a critical discipline by both delimiting the number of authentic Pauline Epistles and highlighting the tendentious character of Acts portrayal of Paul Given the highly uncertain and subjective nature of so much of the argumentation over the authenticity of the Pauline Epistles as it developed in the nineteenth century the analysis of authorial style took on increasing weight as a way out of so many special decisions The linguistic features of texts were counted averaged and compared In measuring one text against another the Pauline stylome emerged as the incontrovertible standard for uncovering canonical forgeries in the Apostle's name Tracing the long history of the computational approach to the Pauline authorship problem Counting Paul exposes the ideological foundations and questionable science of much of the work and argues that Pauline biography ought not be written from fewer sources than what the New Testament has given us but rather more It advocates for a more expansive vision of what might count as Pauline by reorienting our focus away from internal criteria like appeals to style and toward external

criteria like the reception of Paul in the generations after his death      Pauline Language and the Pastoral Epistles Jermo van Nes,2017-12-11 In *Pauline Language and the Pastoral Epistles* Jermo van Nes questions the common assumption in New Testament scholarship that language variation is necessarily due to author variation By using the so called Pastoral Epistles PE as a test case Van Nes demonstrates by means of statistical linguistics that only one out of five of their major lexical and syntactic peculiarities differs significantly from other Pauline writings Most of the PE s linguistic peculiarities are shown to differ considerably in the Corpus Paulinum but modern studies in classics and linguistics suggest that factors other than author variation account equally if not better for this variation Since all of these explanatory factors are compatible with current authorship hypotheses of the PE Van Nes suggests to no longer use language as a criterion in debates about their authenticity      *Biblical and Ancient Greek Linguistics, Volume 5* Stanley E. Porter,Matthew Brook O'Donnell,2016-11-04 *Biblical and Ancient Greek Linguistics* BAGL is an international journal that exists to further the application of modern linguistics to the study of Ancient and Biblical Greek with a particular focus on the analysis of texts including but not restricted to the Greek New Testament The journal is hosted by McMaster Divinity College and works in conjunction with its Centre for Biblical Linguistics Translation and Exegesis and the OpenText org organization [www.opentext.org](http://www.opentext.org) in the sponsoring of conferences and symposia open to scholars and students working in Greek linguistics who are interested in contributing to advancing the discussion and methods of the field of research BAGL is a refereed on line and print journal dedicated to distributing the results of significant research in the area of linguistic theory and application to biblical and ancient Greek and is open to all scholars not just those connected to the Centre and the OpenText org project      **T&T Clark Handbook to the Historical Paul** Ryan S. Schellenberg,Heidi Wendt,2022-05-05 The T T Clark Handbook to the Historical Paul gathers leading voices on various aspects of Paul s biography into a thorough reconsideration of him as a historical figure The contributors show how recent trends in Pauline scholarship have invited new questions about a variety of topics including his social location his mode of subsistence his cultural formation his place within Judaism his religious experience and practice and his affinities with other religious actors of the Roman world Through careful attention to biographical detail social context and historical method it seeks to describe him as a contextually plausible social actor The volume is structured in three parts Part One introduces sources methods and historiographical approaches surveying the foundational texts for Paul and the early Pauline tradition Part Two examines key biographical questions pertaining to Paul s bodily comportment the material aspects of his career and his religious activities Part Three reconstructs the biographical portraits of Paul that emerge from the letters associated with him presenting a series of micro biographies pieced together by leading Pauline scholars      **The Pastoral Epistles** Stanley E. Porter,2023-10-17 Leading New Testament scholar Stanley Porter offers a comprehensive commentary on the Pastoral Epistles that features rigorous biblical scholarship and emphasizes Greek language and linguistics This book breaks new ground in its interpretation of these controversial letters by focusing on the

Greek text and utilizing a linguistically informed exegetical method that draws on various elements in contemporary language study Porter pays attention to the overall argument of the Pastoral Epistles while also analyzing word meanings and grammatical structures to tease out the textual meaning Porter addresses major exegetical issues that arise in numerous highly disputed passages and while attentive to the history of scholarship on First Timothy Second Timothy and Titus often takes untraditional or innovative positions to blaze a new path forward rather than adopt settled answers This commentary will appeal to professors students and scholars of the New Testament      **Entering the Fray** T. Michael W.

Halcomb,2012-08-02 In modern times the relationship between the church and academy has been strained and tension filled Mainstream church culture has often been skeptical of Bible scholars depicting them as self serving intellectuals trying to out think God by devising new and controversial interpretations Just as well academics have often leveled harsh critiques against church culture painting pastors and laity as anti intellectual pseudo spiritualists Entering the Fray argues that in spite of the wide gap between the academic and ecclesiastical worlds the modern church should be aware of the key discussions taking place among biblical scholars To be sure the average churchgoer has not been tuned in to scholarly conversations concerning matters such as the Messianic Secret Q the Historical Jesus the pistis Christou debate and related topics In fact they may have purposefully tuned out Some however are simply unaware that any such dialogue has taken place and beyond the internet may not have the first clue as to how to explore the details This primer seeks to function as that first clue by helping congregants pastors and students of the Bible enter into the fray of scholarly discussions that over the last few hundred years have shaped both the academy and church The companion website can be found at <http://michaelhalcomb.com/enteringthefray/home.html>      **1 and 2 Thessalonians** Nijay K. Gupta,2019-07-23 The study of Paul s Thessalonian letters is enjoying fresh interest today These texts are considered by many to be amongst the earliest extant Christian documents They are included in conversations about early Jewish and Christian apocalypticism New insights are coming from examination of the religious socio cultural and political contexts of Roman Thessalonica And looking back these letters have played an important role in the development of Christian eschatology This volumes serves as an up to date guide to these academic discussions and debates and much more This volume on 1 and 2 Thessalonians in the Zondervan Critical Introductions to the New Testament series offers a volume length engagement with subjects that normally only receive short treatments in biblical commentaries or in New Testament Introductions This volume addresses Authorship Date Audience Socio Historical Context Genre Purpose Integrity Textual History Greek Style Structure Argument Other Critical Issues Main Interpretive Issues Reception into the Canon Selected History of Interpretation Bibliography      **Paul's Letter to the Romans** Arland J. Hultgren,2011-05-16

Building on his own translation from the Greek Hultgren walks readers through Romans verse by verse illuminating the text with helpful comments probing into major puzzles and highlighting the letter s most inspiring features He also demonstrates the forward looking missional character of Paul s epistle written as Hultgren suggests to introduce Roman Christians to the

major themes of Paul's theology and to inspire in them both confidence in the soundness of his teaching and support for his planned missionary efforts in Spain *International Review of Biblical Studies, Volume 51 (2004-2005)* Bernhard Lang, 2006-02-01 Formerly known by its subtitle *Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete* the *International Review of Biblical Studies* has served the scholarly community ever since its inception in the early 1950's. Each annual volume includes approximately 2,000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls, Pseudepigrapha, Non-canonical gospels and ancient Near Eastern writings. The abstracts, which may be in English, German or French, are arranged thematically under headings such as e.g. Genesis, Matthew, Greek language, text and textual criticism, exegetical methods and approaches, biblical theology, social and religious institutions, biblical personalities, history of Israel and early Judaism, and so on. The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered. *Lukan Authorship of Hebrews* David L. Allen, 2010 The fifth volume in the popular *NEW AMERICAN COMMENTARY STUDIES IN BIBLE THEOLOGY* series argues that gospel writer Luke is also the author of *Hebrews*. [Studying Paul's Letters with the Mind and Heart](#) Gregory S. MaGee, 2018-09-25 This informative survey of Paul's epistles is conversant with the latest scholarship but written in an engaging style that emphasizes practical application. In each chapter Gregory MaGee asks and answers a vital question for understanding Paul's letters while prompting the reader to consider the discussion's personal implications. These questions get at the heart of understanding, interpreting and living out the Pauline letters: Why listen to Paul? Were all thirteen letters really written by Paul? How does Paul interact with the Old Testament? What are some specific interpretive challenges in Paul's letters? How can I wisely apply Paul's teachings? What are the experts saying about Paul these days? What ideas were especially important to Paul? Students and other thoughtful Christians wishing to dig deeper into Paul's letters will benefit from this contemporary overview and will be challenged to grow spiritually and apply Paul's teachings and example. **1-2 Timothy, Titus** David W. Pao, 2023-11-07 As the inaugural volume of the *Brill Exegetical Commentary Series* this commentary provides a fresh reading of the Pastoral Epistles while interacting with recent developments in biblical studies and the auxiliary disciplines. A fresh translation of the Greek text is followed by text-critical, grammatical, historical and theological analyses of the text. Instead of a commentary on the commentaries, this work grounds the reading of the Pastoral Epistles within their proper linguistic and socio-cultural contexts, thus allowing their distinct theological voices to emerge. *Framing Paul* Douglas A. Campbell, 2014-11-27 All historical work on Paul presupposes a story concerning the composition of his letters: which ones he actually wrote, how many pieces they might originally have consisted of, when he wrote them, where from and why. But the answers given to these questions are often derived in dubious ways. In *Framing Paul* Douglas Campbell reappraises all these issues in rigorous fashion, appealing only to Paul's own epistolary data in order to derive a basic frame for the letters on which all subsequent

interpretation can be built Though figuring out the authorship and order of Paul s letters has been thought to be impossible Campbell s Framing Paul presents a cogent solution to the puzzle      *Romans* Gerald L. Stevens,2021-05-25 Stevens invokes a powerful synthesis of recent Pauline studies by insisting the category of Israel is the hermeneutical key to all of Romans Through Jesus the Messiah and the power of the Spirit Paul saw fulfilled Isaiah s vision of Israel s destiny to the nations to bring the good news of salvation Recapturing Isaiah s vision broke the spell for Paul of the Great Assembly s postexilic take on Israel Paul s apostleship first and foremost was to Israel not gentiles exclusively Paul used his expos of the gospel of God in Romans to challenge believers in Rome to embrace their place in the messianic Israel of God      *International Review of Biblical Studies, Volume 47 (2000-2001)* Bernhard Lang,2021-09-06 Formerly known by its subtitle Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered

From Pentecost to Patmos Craig L. Blomberg,2006 A companion to Jesus and the Gospels Blomberg s ECPA Gold Medallion winner From Pentecost to Patmos introduces serious Bible students to the depths of information found in Acts through Revelation      Ephesians John Paul Heil,2007      *Die älteste Sammlung paulinischer Briefe und die Entstehung der kanonischen Paulusbriefsammlung* Markus Vinzent,2025-09-22 F r die Anf nge des Christentums sind lediglich zwei Sammlungen christlicher Texte bekannt die als Neues Testament bezeichnet wurden eine vor der Mitte des 2 Jh s entstandene die von Markion von Sinope veranstaltet wurde und die uns bekannte des sp ter kanonischen Neuen Testaments die aus der Zeit um Iren us von Lyon gegen Ende des 2 Jh s zusammengebracht wurde Der griechische Text der 10 Briefe Sammlung des Paulus die von den Kirchenv tern dem Neuen Testament des Markion von Sinope zugeordnet wird wird hier erstmals rekonstruiert In Teil I wird diese Sammlung gegen ber der 14 Briefe Sammlung des Paulus die sich im kanonischen Neuen Testament findet als die ltere erwiesen und in ihrer Sprache und Inhalt gegen ber der j ngeren verglichen Die Editionsteilt rekonstruieren den griechischen Text der parallel zu dem des kanonischen Textes der zehn Briefe gesetzt ist versehen mit Apparaten zu den altkirchlichen Zeugen und den signifikanten Varianten erg nzt mit einer kurzen inhaltlichen Kommentierung zu einzelnen Briefabschnitten und einer lexikographischen Analyse
