Homilies on the Gospel According to Saint John: And His First Epistle Saint Augustine of Hippo, Aeterna Press, THESE Discourses on St John are assigned by the Benedictine Editors to A D 416 or the following year In favour of an earlier date it might indeed be alleged that the keen controversy against the Donatists which so frequently occurs in these Sermons shews the schism to have been still flagrant when they were preached as in fact in the Homilies on the Epistle of St John delivered in the same year St Austin expressly mentions that the schismatics had still their altar at Hippo quid faciunt in hac civitate duo altaria Whence it might seem that their date must be prior to A D 411 the year of the Conference of Carthage That this however would be too early a date is shewn as the Editors remark by numerous passages in which not only is the doctrine of Predestination put forth as a well understood and most certain truth e g Tr xlv xlviii lxviii lxxxiii cv cxi but there is pointed reference only not by name e g liii lxvii lxxxi lxxxvi to the Pelagian heresy which came into Africa in that same year 411 A distinct note of time however is given in Tract cxx 4 in the mention of the revelatio corporis beatissimi Stephani which in the account written by the Presbyter Lucian is assigned to the close of A D 415 Aeterna Press

China in War and Revolution, 1895-1949 Peter Zarrow, 2006-06-07 Providing historical insights essential to the understanding of contemporary China this text presents a nation s story of trauma and growth during the early twentieth century It explains how China s defeat by Japan in 1895 prompted an explosion of radical reform proposals and the beginning of elite Chinese disillusionment with the Qing government The book explores how this event also prompted five decades of efforts to strengthen the state and the nation democratize the political system and build a fairer and more unified society Peter Zarrow weaves narrative together with thematic chapters that pause to address in depth themes central to China s transformation While the book proceeds chronologically the chapters in each part examine particular aspects of these decades in a more focused way borrowing from methodologies of the social sciences cultural studies and empirical historicism Essential reading

for both students and instructors alike it draws a picture of the personalities ideas and processes by which a modern state was created out of the violence and trauma of these decades **Childhood and Youth** Gary Clapton,2015-06-30 Childhood and youth have often been the targets of moral panic rhetoric This Byte explores a series of pressing concerns about young people child abuse child pornography child sexual exploitation child trafficking and the concept of childhood With an appraisal of the work of the influential thinker Geoffrey Pearson who wrote on deviance and young people it draws attention to the moralising within these discourses and asks how we might do things differently *Media/Democracy* Alec Charles,2013-07-16 It is a view commonly acknowledged that the mass media have a crucial role to play in the development and maintenance of democracy It is a matter of greater controversy as to whether the media s influence upon democracy is as constructive as it might be This collection explores the various impacts upon democratic structures and processes of different media forms in different parts of the world It examines the very different influences of the press in democratic Nigeria and post Leveson Britain it looks at how social media are used by politicians voters and revolutionaries in the UK Poland and the Arab Region it investigates the political impact of media ownership in Britain Italy and Argentina and it asks whether we can ever hope to develop from being passive consumers of the mass media to active participants in modes of democratic citizenship underpinned by those media False Dawn Lee Penn,2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional

spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org Dances with Spirits Calvin Helin,2014-07-01 Scientific and technological advances have provided the means for destroying planetary life but does humanity have the wisdom necessary to choose survival While facing impending danger cultures worldwide can benefit by exploring tried and true perspectives on humankind s place in the world One proven measure for greater balance comes through reclaiming the spirit infused views that ensured the survival of our ancestors for millennia Homilies on the Gospel According to St. John, and His First Epistle ... Translated, with Notes and Indices Aurelius Augustinus (sanctus),1849 The Oxford Handbook of South Korean Politics JeongHun Han,Ramon Pacheco Pardo,Youngho Cho,2023-01-24 This Handbook presents and analyses contemporary South Korean politics bringing together domestic political economic social cultural and demographic developments and putting them in the context of trends in fellow developed countries **The Boat to Redemption** Su Tong,2011-10-27 A tragicomic novel of a father and son coping with China s Cultural Revolution from a true literary talent Anchee Min author of Empress Orchid Winner of the Man Asian Literary Prize In a peaceful village it has been officially proven that Ku is not as was once believed the son of a revolutionary martyr but the issue of a river pirate and a prostitute Mocked by his neighbors Ku leaves the shore for a new life among the boat people But refusing to renounce his high status he along with his teenage son keeps his distance from the gossipy lowlifes who surround him Then one day a feral girl Huixian arrives looking for her mother The boat people and especially Ku s son take her into their hearts But Huixian sows conflict wherever she goes and soon the boy is in the grip of an obsession Raw emotional and unerringly funny this is a story of a people caught in the stranglehold not only of their own desires and needs but also of a Party that sees everything and forgives nothing **The Compelling Ideal** Jan Kiely,2014-05-27 In this groundbreaking volume based on extensive research in Chinese archives and libraries Jan Kiely explores the pre Communist origins of the process of systematic thought reform or reformation ganhua

that evolved into a key component of Mao Zedong's revolutionary restructuring of Chinese society. Focusing on ganhua as it was employed in China's prison system, Kiely's thought-provoking work brings the history of this critical phenomenon to life through the stories of individuals who conceptualized, implemented, and experienced it, and he details how these techniques were subsequently adapted for broader social and political use.
