The Scarlet Letter Nathaniel Hawthorne,2019-12-17 *The Scarlet Letter* by Nathaniel Hawthorne is a real classic You should grab it and read it to experience it yourself Here s a simple plot to *The Scarlet Letter* In Puritan Boston Massachusetts a crowd gathers to witness the punishment of Hester Prynne a young woman who has given birth to a baby of unknown parentage She is required to wear a scarlet A on her dress when she is in front of the townspeople to shame her The letter A stands for adulteress although this is never said explicitly in the novel Her sentence required her to stand on the scaffold for three hours exposed to public humiliation and to wear the scarlet A for the rest of her life As Hester approaches the scaffold many of the women in the crowd are angered by her beauty and quiet dignity When demanded and cajoled to name the father of her child Hester refuses As Hester looks out over the crowd she notices a small misshapen man and recognizes him as her long lost husband who has been presumed lost at sea When the husband sees Hester s shame he asks a man in the crowd about her and is told the story of his wife s adultery He angrily exclaims that the child s father the partner in the adulterous act should also be punished and vows to find the man He chooses a new name Roger Chillingworth to aid him in his plan The Reverend John Wilson and the minister of Hester s church Arthur Dimmesdale question the woman but she refuses to name her lover After she returns to her prison cell the jailer brings in Roger Chillingworth a physician to calm Hester and her child with his roots and herbs He and Hester have an open conversation regarding their marriage and the fact that they were both in the wrong Her lover however is another matter and he demands to know who it is Hester refuses to divulge such information He accepts this stating that he will find out anyway and forces her to hide that he is her husband If she ever reveals him he warns her he will destroy the child s father Hester agrees to Chillingworth s terms although she suspects she

will regret it Following her release from prison Hester settles in a cottage at the edge of town and earns a meager living with her needlework which is of extraordinary quality She lives a quiet somber life with her daughter Pearl and performs acts of charity for the poor She is troubled by her daughter's unusual fascination with Hester's scarlet A The shunning of Hester also extends to Pearl who has no playmates or friends except her mother As she grows older Pearl becomes capricious and unruly Her conduct starts rumors and not surprisingly the church members suggest Pearl be taken away from Hester Hester hearing rumors that she may lose Pearl goes to speak to Governor Bellingham With him are ministers Wilson and Dimmesdale Hester appeals to Dimmesdale in desperation and the minister persuades the governor to let Pearl remain in Hester's care Because Dimmesdale's health has begun to fail the townspeople are happy to have Chillingworth a newly arrived physician take up lodgings with their beloved minister Being in such close contact with Dimmesdale Chillingworth begins to suspect that the minister's illness is the result of some unconfessed guilt He applies psychological pressure to the minister because he suspects Dimmesdale is Pearl's father One evening pulling the sleeping Dimmesdale's vestment aside Chillingworth sees a symbol that represents his shame on the minister's pale chest Tormented by his guilty conscience Dimmesdale goes to the square where Hester was punished years earlier Climbing the scaffold he admits his guilt but cannot find the courage to do so publicly

The Scarlet Letter by Nathaniel Hawthorne *Culture, Genre, and Literary Vocation* Michael Davitt Bell, 2001 In *Culture Genre and Literary Vocation* Michael Davitt Bell charts the important and often overlooked connection between literary culture and authors' careers Bell's influential essays on nineteenth-century American writers originally written for such landmark projects as *The Columbia Literary History of the United States* and *The Cambridge History of American Literature* are gathered here with a major new essay on Richard Wright Throughout Bell revisits issues of genre with an eye toward the unexpected details of authors' lives and invites us to reconsider the hidden functions that terms such as romanticism and realism served for authors and their critics Whether tracing the demands of the market or the expectations of readers Bell examines the intimate relationship between literary production and culture each essay closely links the milieu in which American writers worked with the trajectory of their storied careers **Gothic**

Subjects Sian Silyn Roberts, Siân Silyn Roberts, 2014-06-09 Beginning in the 1790s North American readers developed an appetite for the gothic novel as imported reprinted and pirated editions of British and European romances flooded the market alongside homegrown works In *Gothic Subjects* Si n Silyn Roberts accounts for the sudden and considerable appeal of the gothic during this period by contending that it prepared a culturally diverse American readership to think of itself as part of a transatlantic world through which goods people and information could circulate By putting gothic literature in dialogue with the writings of Locke Hume Reid Smith Rousseau and other major figures of the European Enlightenment Silyn Roberts shows how the early American novel participated in the process of revising and transforming the figure of the modern individual for a fluid contingent Atlantic population Exploring works of fiction by Charles Brockden Brown Leonora Sansay

Sally Sayward Barrell Keating Wood Edgar Allan Poe Robert Montgomery Bird Nathaniel Hawthorne and William Wells Brown among others Silyn Roberts argues that the gothic helped post Revolutionary readers to think of themselves as political subjects By reading the emergence of a national literary style in terms of its appropriation and reinterpretation of British cultural forms Gothic Subjects situates itself at the crux of several important issues in American literary history transatlantic literary relations the connection between literature and political philosophy the paradoxes of sovereign power and the form of the novel In doing so Gothic Subjects powerfully rethinks some of our previous assumptions about the cultural work of the American gothic tradition

Lost in the Customhouse Jerome Loving, 2005-08 In this spirited challenge to dominant American literary criticism Jerome Loving extends the traditional period of American literary rebirth to the end of the nineteenth century and argues for the intrinsic value of literature in the face of new historicist and deconstructionist readings Bucking the trend for prophetic and revisionist interpretations Loving discusses the major work of the last century's canonized writers as restorative adventures with the self and society From Washington Irving to Theodore Dreiser Loving finds the American literary tradition filled with narrators who keep waking up to the central scene of the author's real or imagined life They travel through a customhouse of the imagination in which the Old World experience of the present is taxed by the New World of the utopian past where life is always cyclical instead of linear and ameliorative Loving argues that the central literary experience in nineteenth century America is the puritanical desire for the time before the loss of innocence that endless chance of coming into experience anew *Lost in the Customhouse* begins with a discussion of Irving Hawthorne Melville Poe Thoreau and Emerson and finds these seminal Renaissance writers waking up primarily to psychological facts which blossomed into the fiction of a self begotten out of the nothingness of experience In part 2 Loving shifts his attention to the urbanization of the American imagination and discusses Whitman Twain Dickinson James Chopin and Dreiser Here the dream driven impulse is more clearly influenced by social history abolition women's suffrage industrialization and the growth of professionalism Loving focuses upon the role of the woman who finds herself on the same frontier as her male precursors with nothing but a carpetbag that is to say the American ego Throughout the study Loving challenges the notion that American literature is preponderately cultural work In the epilogue he packs up his own carpetbag and passes through the European customhouse to find that American writers are more readily perceived as literary geniuses outside of their culture than within it
