Russian writers to promote Russia as an all inclusive cultural model *Russian Literary Criticism* R. H. Stacy,1974-04-01

Russian Literary Criticism is a survey of the various ways in which representative Russian critics from the eighteenth century to the twentieth century have viewed not only the literary works of other Russian and non Russian writers but also the problems of literature in general Primarily intended for readers who do not know Russian this book discusses the major Russian critics and critical movements The author provides sufficient historical and political background to enable the reader to understand both the literary situation and the problems facing Russian critics at any given time whether the influx of various ideologies official Soviet views or dissident opinion form the Decembrists to Solzhenitsyn *Reference Guide to Russian Literature* Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *How Russian Literature Became Great* Rolf Hellebust,2024-01-15

How Russian Literature Became Great explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia s borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobsbawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer s social function and the equation of literature with national identity make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members How Russian Literature Became Great thus offers a new paradigm for understanding the paradoxes of modern tradition **Dostoevsky** Joseph Frank,1979-05-21 Describes Dostoevsky s early years from his boyhood and the death of his father through his years at the engineering academy in St Petersburg his brief career as a government draughtsman and his involvement with Petrashevsky s radical group that led to exile in Siberia Dust jacket **Arc of Utopia** Lesley Chamberlain,2017-11-15 Although Lenin and his fellow revolutionaries never called themselves Utopians believing strictly in a science of revolution they considered Utopians to be merely dreamers they were enormously inspired by the grand humanitarian aims of the French Revolution of 1789 Taking up this French revolutionary agenda and reinforcing it with

German philosophy Russians formed a beautiful vision in which an imaginary theology blended with a premier role for art Arc of Utopia offers a fresh look at these German philosophical origins of the Russian Revolution In the book Lesley Chamberlain explains how influential German philosophers like Kant Schiller and Hegel were dazzled by contemporary events in Paris and how this led a century later to an explosion of art and philosophy in the Russian streets with a long repressed people reinventing liberty equality and fraternity in their own cultural image Chamberlain examines how some of the greatest Russian names of the nineteenth century from Alexander Herzen to Mikhail Bakunin Ivan Turgenev to Fyodor Dostoevsky defined their visions for Russia in relationship to their views on German enthusiasm for revolutionary France With the centenary of the Russian Revolution approaching Arc of Utopia is an important and timely revisioning of this tumultuous moment in history Studies in Russian Literature Charles Edward Turner,1882 **Literature, Music, Fine Arts** ,1969

The Historical Novel in Nineteenth-Century Europe Brian Hamnett,2011-11-24 Even at the height of its popularity in the early nineteenth century the historical novel faced criticism at many levels After its predominance in the 1810s and 1820s writers and historians shunned it as a travesty of their respective disciplines Even so the historical novel has frequently attracted a wide ranging public right up to the present day Brian Hamnett examines key novels by authors including Scott Balzac Manzoni Dickens Eliot Flaubert Fontane Gald s and Tolstoy revealing the contradictions inherent in this form of fiction and exposing the challenges writers faced in attempting to represent a reality that linked past and present He argues that the historical novel in the nineteenth century was a common European phenomenon with considerable interconnection of themes and periods Accordingly the book ranges from the British Isles and France through the Germanic territories Italy and Spain to the Russian Empire identifying the different objectives and phases of the historical novel Although historical novels did appear in the two previous centuries the form came to maturity in the nineteenth century a consequence of the developing nature of history as a discipline distinct from literature and philosophy and the increasing primacy of the novel for writers and the reading public Yet the frontiers between history and literature remained blurred and the two disciplines continued to influence one another as each sought a faithful representation of human experience **History of**

Mutual Aid A Factor of Evolution This classic work is being republished now in a new edition complete with an excerpt from Comrade Kropotkin by Victor Robinson Joan of Arc on the Stage and Her Sisters in Sublime Sanctity John Pendergast, 2019-11-08 This book examines the figure of Joan of Arc as depicted in stage works of the nineteenth and twentieth centuries especially those based on or related to Schiller's 1801 romantic tragedy *Die Jungfrau von Orleans* The Maid of Orleans The author elucidates Schiller's appropriation of themes from Euripides's *Iphigenia* plays chiefly the quality of sublime sanctity which transforms Joan's image from a victim of fate to a warrior prophet who changes history through sheer force of will Finding the best known works of his time about her Voltaire's *La pucelle d'Orléans* and Shakespeare's *Henry VI* part I utterly dissatisfying Schiller set out to replace them *Die Jungfrau von Orleans* was a smashing success and inspired various subsequent treatments including Verdi's opera *Giovanna d'Arco* and a translation by the father of Russian Romanticism Vasily Zhukovsky on which Tchaikovsky based his opera *Orleanskaya deva* The Maid of Orleans In turn the book's final chapter examines Shaw's *Saint Joan* and finds that the Irish playwright's vociferous complaints about Schiller's romantic flapdoodle belie a surprising affinity for Schiller's approach **Blackwood's Edinburgh Magazine**, 1843

Translation and the Making of Modern Russian Literature Brian James Baer, 2015-11-19 Brian James Baer explores the central role played by translation in the construction of modern Russian literature Peter I's policy of forced Westernization resulted in translation becoming a widely discussed and highly visible practice in Russia a multi lingual empire with a polyglot elite Yet Russia's accumulation of cultural capital through translation occurred at a time when the Romantic obsession with originality was marginalizing translation as mere imitation The awareness on the part of Russian writers that their literature and by extension their cultural identity were born in translation produced a sustained and sophisticated critique of Romantic authorship and national identity that has long been obscured by the nationalist focus of traditional literary studies By offering a re-reading of seminal works of the Russian literary canon that thematize translation alongside studies of the circulation and reception of specific translated texts *Translation and the Making of Modern Russian Literature* models the long overdue integration of translation into literary and cultural studies **Russian Literature** Petr Alekseevich Kropotkin (knižka), 1916
