Schiller A Master Of The Tragic Form

René Wellek

Schiller A Master Of The Tragic Form:

Schiller, a master of the tragic form Ilse Graham, 1975 **Schiller's Early Dramas** David Pugh, 2000 Given this situation Professor Pugh's study of the plays' fortunes at the hands of the various schools of German literary scholarship from Schiller's day down to the present is useful both to literary scholars seeking orientation in the field and also to readers with a wider interest in German intellectual traditions BOOK JACKET **Schiller, a master of the tragic form** Ilse Graham, 1975

Greek Antiquity in Schiller's Wallenstein Gisela N. Berns, 2020-05-01 An exploration of the poetic function of Greek archetypes in Schiller's Wallenstein this study claims Homer's Iliad and Euripides's Iphigenia in Aulis the first epic and the last tragic poem about the Trojan War in the Greek tradition as archetypal sources for Schiller's modern historical drama about the Thirty Years War In close comparison with Voss's translation of the Iliad and Schiller's own translation of Iphigenia in Aulis Berns shows how Wallenstein compounds echoes of Homeric and Euripidean characters and plots to create a rich horizon of mythical overtones above and beyond the historical world **An Analysis of Schiller's Tragedy, Die Braut**

Von Messina, After Aristotle's Poetic Isaac Flagg, 1871 A History of Modern Criticism 1750-1950: Volume 1, The Later Eighteenth Century René Wellek, 1981-08-13 Vol 2 is missing from the series *Romantic Drama* Gerald Ernest Paul

Gillespie, 1994 It does not treat Romanticism as a limited period dominated by some construed singular master ethos or dialectic rather it follows the literary patterns and dynamics of Romanticism as a flow of interactive currents across geocultural frontiers Researching the Song: A Lexicon Shirlee Emmons, Wilbur Watkins Lewis, 2006 Contains more than 2 000 entries that supply information on the mythological historical geographical and literary references contained in western art song This lexicon helps singers and accompanists enhance their performances of songs by providing them with the background on the many references embedded in this vast repertoire **Schiller's Tragedy of Mary Stuart** Andrea

Maffei, 1863 **Exploring the Interior** Karl S. Guthke, 2018-05-24 In this fascinating collection of essays Harvard Emeritus Professor Karl S. Guthke examines the ways in which for European scholars and writers of the eighteenth and early nineteenth century world wide geographical exploration led to an exploration of the self Guthke explains how in the age of Enlightenment and beyond intellectual developments were fuelled by excitement about what Ulrich Im Hof called the grand opening up of the wide world especially of the interior of the non European continents This outward turn was complemented by a fascination with the world within as anthropology and ethnology focused on the humanity of the indigenous populations of far away lands an interest in human nature that suggested a way for Europeans to understand themselves encapsulated in Gauguin's Tahitian rumination What are we The essays in the first half of the book discuss first or second hand physical or mental encounters with the exotic lands and populations beyond the supposed cradle of civilisation The works of literature and documents of cultural life featured in these essays bear testimony to the crossing not only of geographical ethnological and cultural borders but also of borders of a variety of intellectual activities and interests The second section examines the

growing interest in astronomy and the engagement with imagined worlds in the universe again with a view to understanding homo sapiens as compared now to the extra terrestrials that were confidently assumed to exist The final group of essays focuses on the exploration of the landscape of what was called the universe within featuring among a variety of other texts Schiller's plays *The Maid of Orleans* and *William Tell* these essays observe and analyse what Erich Heller termed *The Artist's Journey into the Interior* This collection which travels from the interior of continents to the interior of the mind is itself a set of explorations that revel in the discovery of what was half hidden in language Written by a scholar of international repute it is eye opening reading for all those with an interest in the literary and cultural history of and since the Enlightenment **In the Company of Men** Elisabeth Krimmer, 2004 In the wake of the revolutionary wars the figure of the cross dressed woman proliferated in novels plays popular tales and real life accounts that circulated throughout Germany Sometimes appearing in soldier's garb and engaging in battle like Joan of Arc other times donning overalls and plying a trade and female cross dresser tested the revolutionary ideas of freedom and equality Perhaps her most provocative challenge however was to contemporary notions of what it meant to be a woman or a man Schiller's Drama; Talent and Integrity Ilse Graham, 1974

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 The Reception of Classical German Literature in England, 1760-1860, Volume 10 John Boening, 2020-02-11 The extensive scope of this collection means that this documentary record of the reception of German literature in England is a valuable scholarly resource One of the most important features of British literary and intellectual history over the past 250 years is the influence of German literature From the second half of the 18th Century through the first decades of the 19th German books and ideas attracted then gained the attention of a nation Despite the acknowledged importance of the influence on writers such as Coleridge and Carlyle the subject though often alluded to was rarely studied This collection provides a guidebook through the masses of periodical and allows the English side of the Anglo German literary relationship to be explored in detail In order to make the collection useful to scholars with a wide range of interest it has been divided into three parts Part 1 is a chronological presentation of commentary on German literature in general It also contains collective reviews of multiple German authors notices of important anthologies and reactions to influential works about Germany and its culture Part 2 collects reviews of 18th Century individual German authors and Part 3 is devoted to the English reception of Goethe and Schiller Parts 2 & 3 contain cross references to the collective reviews of Part 1 Containing over 200 British serials and articles and reviews from all the major English literary periodicals the collection also includes a broad sampling of opinion from the more general magazines including some popular religious publications *Essays of the Masters* Charles Neider, 2000 Collects essays by forty two respected literary figures from around the world including W H Auden Honoré de Balzac Charles Dickens Franz Kafka Nathaniel Hawthorne Marcel Proust Miguel de Unamuno Virginia Woolf and Oscar Wilde *The Gallery of Portraits* Society for the Diffusion of Useful Knowledge, 1837 **The Gallery of Portraits: with Memoirs**, 1837 **The gallery of**
