Schism And Continuity In An African Society A Study Of Ndembu Village Life:

Schism and Continuity in an African Society Victor Witter Turner, 1964 Schism and Continuity in an African Society Victor Turner, 1996-08-01 With a new foreword by Bruce Kapferer Professor of Anthropology James Cook University A reprint of the seminal anthropological work of the 1960s Originally published by Manchester University Press Victor Turner will be remembered as the anthropologist who developed the concept of the social drama a method used extensively by anthropologists to describe and analyse the social life of a community In essence this technique involves analysing social crises within a community over a period of time in order to gain a better understanding of the key principles that govern the social life of the community This book Turner s first social drama study focuses on the village life of the Ndembu of Zambia who were then under British rule The social constraints such as the matrilineally inherited headmanship system and the various releases from these constraints provoked periodic crises which caused great disruption and pain These crises made visible the contradictions between the principles governing social life and the conflicts experienced between individuals and groups when enforcing these principles Seven social dramas are discussed all from one family over a period of twenty years each substantiated by sociological and demographic research **Schism and Continuity in an African Society** Victor Witter Turner, 1964 **Schism and Continuity in an African Society; a Study of Ndembu Village Life, by V.W. Turner** Victor Witter Turner, 1957 **Schism and continuity in an african society** Victor Witter Turner, 1968 *Field Research* Robert G. Burgess, 2003-09-02 For this the fourth volume in the successful Contemporary Social Research series Robert Burgess has provided a new resource text which will prove invaluable to those engaged in field research The material he has chosen is drawn both from sociology and social anthropology and the readings come from experienced researchers both in the USA and Europe In addition Burgess draws upon the work of historians for a special section on the use of historical materials in field research The focus is upon the strategies processes and problems of work in the field Chapters by distinguished social scientists cover gaining entry note taking interviewing and observing Material on data collection is complemented by discussion of data analysis and theorising The readings themselves are subdivided into nine sections The first essay in each section is written by Burgess himself in order to locate the articles in a broader context and to highlight the key issues and the important questions Burgess has also provided a review of some of the major traditions in field research and a series of brief guides to further reading on the major topics covered in each of the sections Particular attention has been paid to the use of annotated reading lists and the preparation of a very full bibliography *Field Research A Sourcebook and Field Manual* will be an essential textbook for students of social research or field research at both the undergraduate and post graduate levels In addition it will provide valuable guidance for workers in the social sciences engaged in research in the field *Worship And Conflict Under Colonial Rule: A South Indian Case* Arjun Appadurai, 1981 The Author Has Developed An Integrated Anthropological Framework In This Ethno Historical Case Study In Which He

Interprets The Politics Of Worship In A Famous Sri Vaisnav Shrine A Striking Example Of The Fruitful Interaction Between Anthropology And History This Book Provides A Unique Glimpse Of The Cultural Profile Of Social Change In Modern India And Is An Important Addition To The Comparative Study Of Colonialism *Roads Through Mwinilunga* Iva Peša, 2019-07-29

Roads through Mwinilunga provides a historical appraisal of social change in Northwest Zambia from 1750 until the present By looking at agricultural production mobility consumption and settlement patterns existing explanations of social change are reassessed Using a wide range of archival and oral history sources Iva Pe a shows the relevance of Mwinilunga to broader processes of colonialism capitalism and globalisation Through a focus on daily life this book complicates transitions from subsistence to market production and dichotomies between tradition and modernity *Roads through Mwinilunga* is a crucial addition to debates on historical and social change in Central Africa *Africa and the Disciplines* Robert H. Bates, V. Y. Mudimbe, Jean F. O'Barr, 1993-12

African Studies contrary to some accounts is not a separate continent in the world of American higher education Its intellectual borders touch those of economics literature history philosophy and art its history is the story of the world both ancient and modern This is the clear conclusion of *Africa and the Disciplines* a book that addresses the question Why should Africa be studied in the American university This question was put to distinguished scholars in the social sciences and humanities prominent Africanists who are also leaders in their various disciplines Their responses make a strong and enlightening case for the importance of research on Africa to the academy Paul Collier's essay for example shows how studies of African economies have clarified our understanding of the small open economies and contributed to the theory of repressed inflation and to a number of areas in microeconomics as well Art historian Suzanne Blier uses the terms and concepts that her discipline has applied to Africa to analyze the habits of mind and social practice of her own field Christopher L Miller describes the confounding and enriching impact of Africa on European and American literary theory Political scientist Richard Sklar outlines Africa's contributions to the study of political modernization pluralism and rational choice These essays together with others from scholars in history anthropology philosophy and comparative literature attest to the influence of African research throughout the curriculum For many knowledge from Africa seems distant and exotic These powerful essays suggest the contrary that such knowledge has shaped the way in which scholars in various disciplines understand their worlds Eloquent testimony to Africa's necessary place in the mainstream of American education this book should alter the academy's understanding of the significance of African research its definition of core and periphery in human knowledge These essays are at once exceptionally thoughtful and remarkably comprehensive Not only do they offer an unusually interesting overview of African studies they are also striking for the depth and freshness of their insights This is the sort of volume from which both seasoned regional experts and students stand to learn an enormous amount John Comaroff University of Chicago These essays provide an important perspective on the evolution of African studies and offer insights into what Africa can mean for the different humanistic and social science disciplines Many show in

ingenious and subtle ways the enormous potential that the study of Africa has for confounding the main tenets of established fields One could only hope that the strictures expressed here would be taken to heart in the scholarly world Robert L Tignor Princeton University Transforming the Dead Eve A. Hargrave, Shirley J. Schermer, Kristin M. Hedman, Robin M. Lillie, 2015-05-15 The essays in *Transforming the Dead* Culturally Modified Bone in the Prehistoric Midwest explore the numerous ways that Eastern Woodland Native Americans selected modified and used human bones as tools trophies ornaments and other objects imbued with cultural significance in daily life and rituals The Slain God Timothy Larsen, 2014 This book is a history of the relationship between the discipline of anthropology and the Christian faith It explores how leading anthropologists have come to believe that ethnographic findings and evidence made Christianity no longer tenable **The Teaching of Anthropology** David Goodman Mandelbaum, 1963 General material non Aboriginal

Theory in Social and Cultural Anthropology R. Jon McGee, Richard L. Warms, 2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all Students in particular are likely to turn to the web to find quick background information on theorists and theories However most web based information is inaccurate and or lacks depth Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will In response SAGE Reference plans to publish the two volume *Theory in Social and Cultural Anthropology* An Encyclopedia Features Benefits Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage To ease navigation between and among related entries a Reader's Guide groups entries thematically and each entry is followed by Cross References In the electronic version the Reader's Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion Prayer & Community Riv-Ellen Prell, 2018-02-05 Combining history and ethnography Prell uses current theories about ritual and prayer to understand men's and women's struggles with their religious tradition and their desire to create community Riv Ellen Prell spent eighteen months of participant observation field research studying a countercultural havurah to determine why these groups emerged in the United States during the 1970s In her book she explores the central questions posed by the early havurot and their founders She also examines the havurah as a development of American Judaism continuing rather than rejecting many of the previous generations ideas

about religion Combining history and ethnography Prell uses current theories about ritual and prayer to understand men's and women's struggles with their religious tradition and their desire to create community *The Intellectual Legacy of Victor and Edith Turner* Frank A. Salamone, Marjorie M. Snipes, 2018-10-15 In 2016 Edith Turner passed away She left behind an intellectual legacy that together with her husband Victor Turner transformed modern anthropology This edited collection focuses on Victor and Edith Turner's significant theoretical contributions including their work on communitas liminality pilgrimage friendship fieldwork self reflection affective culture religion spirits and faith This collection includes retrospectives on the personal lives of Edith and Victor as provided by their son a close look at Edith's work on last rites for which she studied and contemplated her own demise an examination of Edith's faith and belief system in light of her personal research interests and contemporary applications of the Turners's theories in relation to modern social processes Contributors touch on a variety of topics including current political upheavals and inversions the values of friendship and bonding the importance of music as affective culture jazz as a pilgrimage and deeper theoretical issues surrounding the concept of liminality This work illustrates the Turners' enduring theoretical and affective contributions and emphasizes the great importance they placed on studying and understanding what it means to be human We continue to learn from their example

Witchcraft, Oracles, and Magic Among the Azande Edward Evan Evans-Pritchard, Eva Gillies, 1976 Witchcraft Oracles and Magic among the Azande first published in 1977 was based on anthropological researches carried out in the Southern Sudan during the late 1920s For a decade or so the book had little discernable impact but from the early 1950s to present day its influence has grown incalculably so that it is now difficult even to discuss beliefs about witchcraft or sorcery without reference to it This abridgement of E E Evans Pritchard's acknowledged masterpiece is intended to make it more accessible to students and the general reader

The Hausa of Nigeria Frank A. Salamone, 2010 The Hausa of Nigeria is the culmination of thirty nine years of anthropological thought and research and many field trips to Nigeria It is an ethnographic reflection of intense field work in Yauri and the surrounding areas that border it as well as many trips to archives libraries and interview sites It is also the result of discussions with colleagues especially Salamone's mentor Charles Frantz who directed Salamone to Nigeria and who has aided the author's many years of study of the Hausa over time Frantz's work on ethnicity as well as ethics in anthropology has served to provide a standard for Salamone's own endeavors This work looks at the notion of identity formation and its relationship to history religion warfare gender economics and various other dimensions of Hausa life as well as minority group relationships and creolization
