Harvey J. Sindima, 2024-11-26 *I Believe* is a book on the foundational beliefs in Christianity from the beginning and across the centuries. These central declarations of the Christian faith expressed in creeds, confessions, and faith statements inform the spirituality of believers, the order and manner of worship, undergird rituals and faith practices, and shape the understanding, nature, and form of church government and organization or ecclesiology and polity. *I Believe* shows the power and ability of creeds and confessions to cause splits, schisms, and secessions, and yet also be the glue that unites once different or divided churches. *I Believe* demonstrates that creeds and confessions inspire, encourage, influence, and impact social, political, and historical transformation and change of individuals, churches, societies, and nations. This book is an analysis of creeds and faith statements of many and different churches from every continent: Catholics, Orthodox, and Protestants. This critical investigation and examination of creeds, confessions, and faith statements is presented with deep historical and theological background towards understanding the development of the thought and teachings of the Christian faith from the beginning. *I Believe* fills the need for a single volume covering the development and history of the teachings of Christianity throughout the centuries.

*Voices of the Reformation* John A. Wagner, 2015-05-05 This fascinating collection of primary source documents furnishes the accounts in their own words of those who initiated, advanced, or lived through the Reformation. Starting in 1500, Europe transformed from a united Christendom into a continent bitterly divided between Catholicism and Protestantism by the end of the century. This illuminating text reveals what happened during that period by presenting the social, religious, economic, political, and cultural life of the European Reformation of the 16th century in the words of those who lived through it. Detailed and comprehensive, the work includes 60 primary source documents that shed light on the character, personalities, and events of that time and provides context, questions, and activities for successfully incorporating these documents into academic research and reading projects. A special section provides guidelines for better evaluating and understanding primary documents. Topics include late medieval religion, Martin Luther's reformation in Germany, and the Peasants' War, the rise of Calvinism, and the English Reformation.

**Creeds of the Churches** John H. Leith, 1982-01-01 An excellent compendium of Christian creeds. Especially valuable are the informative notes and comments by the editor, which introduce both creedal sections and individual creeds. *Presbyterian Journal*.

**The Wheat and the Tares** Andrew Allan Chibi, 2017-05-25 Western Christians in the late Middle Ages were accustomed to living in a hierarchical Church, albeit one that had huge local differences and many divisions. Half a millennium later, that seeming unity has been shattered into tens of thousands of Christian denominations, each with its distinctive beliefs and structure. In *The Wheat and the Tares*, Andrew Chibi explores the era of the Reformation, showing how that unity was shattered in a few years. Chibi brings out the divisions that were simmering deep beneath the surface in the era before Luther posted his 95 theses attacking the sale of indulgences on the door of the Castle Church at Wittenberg, sparking momentous changes throughout Europe. The widespread recognition of the need for reform is seen through the eyes of Erasmus, the greatest scholar of the age. Exploring the writings of the main

reformers about the Church Chibi brings out the diverse ecclesiological ideas Jesus's parable of the Wheat and the Tares for Zwingli and other reformers offered an image as the reformers sought to rediscover the purity of the Church as God's gift

Wenger, 2000-10-03 The Subjective Eye Richard Valantasis, Deborah J. Haynes, James D. Smith, Janet F.
