Hiesinger,1980 **A Scholar Collects** Philadelphia Museum of Art,1980 The Borghese Collections and the Display of Art in the Age of the Grand Tour Carole Paul,2017-07-05 The redecoration of the exhibition spaces at the Borghese palace and villa undertaken together with the reinstallation of the family s vast art collections was one of the most important events in the cultural life of eighteenth century Rome In this comprehensive study Carole Paul reconstructs the planning and execution of the project and explains its multifaceted significance its place in the history of Italian art architecture and interior design at a complex moment of transition from baroque to neoclassical style as well as its unrecognized but profound influence on the development of the modern art museum The study shows how the installations and decorations worked together to evoke traditional themes in innovative ways Addressed primarily to a new audience of tourists from abroad the thematic content of the spaces celebrated the greatness of the Borghese family and of Roman tradition while their stylistic diversity and sophistication made a case for the continued vitality even modernity of Roman art and culture Designed for the exercise of a highly refined social performance these sites helped to model the experience of art as a form of enlightened modern civility The Learned Draftsman Édouard Kopp,2017-01-10 The celebrated French artist Edme Bouchardon 1698 1762 is primarily known as a sculptor today but his contemporaries widely lauded him as a draftsman as well Talented highly innovative and deeply invested in the medium Bouchardon made an important contribution to the European art and culture of his time and in particular to the history of drawing Around two thousand of his drawings survive most of which bear no relation conceptual or practical to his sculpture yet remarkably little scholarly attention has been paid to this aspect of his oeuvre This is the first book length work devoted to the artist s draftsmanship since 1910 Ambitious in scope this volume offers a compelling narrative that effectively covers four decades of Bouchardon s activity as a draftsman from his departure for Rome in 1723 as an aspiring student to his death in Paris in 1762 by which time he was one of the most renowned artists in Europe His accomplished and dynamic style is analyzed and copiously illustrated in a series of five interrelated chapters that serve as case studies each of which focuses on a coherent group of drawings from a particular period of Bouchardon s career **Getty Research Journal, No. 10** Gail Feigenbaum,2018-03-06 The Getty Research Journal features the work of art historians museum curators and conservators from around the world as part of the Getty s mission to promote critical thinking in the presentation conservation and interpretation of the world s artistic legacy Articles present original research related to the Getty s collections initiatives and research projects This issue features essays on the cross cultural features of a small alabaster vessel in the international style of the ancient Mediterranean French and Flemish influences in the Montebourg Psalter a new identification for the so called bust of Saint Cyricus the effects of the Reformation on the art market in northern Europe sketchbooks kept by the Portuguese painter Jo o Glama Stroeberle containing comments from his

Making a Prince's Museum Carole Paul, Alberta Campitelli, Getty Research Institute, 2000 In 1775 Prince Marcantonio Borghese IV and the architect Antonio Asprucci embarked upon a decorative renovation of the Villa Borghese Initially their attention focused on the Casino the principal building at the villa which had always been a semi public museum By 1625 it housed much of the Borghese's outstanding collection of sculpture Integrating this statuary with vast baroque ceiling paintings and richly ornamented surfaces Asprucci created a dazzling and unified homage to the Borghese family portraying its legendary ancestors as well as its newly born heir In this book Carole Paul reads the inventive decorative program as a set of exemplary scenes for the education of the ideal Borghese prince Her wide ranging essay also situates the Villa Borghese among the sumptuous palaces and suburban villas of Rome's collectors of antiquities and outlines the renovated Casino's pivotal role in the historic transition from the princely collection to the public museum Rounding out this volume is a catalog of the Getty Research Institute's fifty nine drawings for the refurbishing of the Villa Borghese and Alberta Campitelli's discussion of sketches for the short lived Museo di Gabii the Villa's other antiquities museum
