The Second Family Ron Taffel, Melinda Blau, 2001-03-07 If you have a teen or pre teen you recognize the phenomenon already perhaps without even knowing it has a name The second family as uncompromisingly described by renowned therapist Dr Ron Taffel is the immense collective power of the peer group and pop culture a force so pervasive it threatens to and often succeeds in overwhelming the first family of adults at home and in school Derived from thousands of interviews with kids and adults The Second Family uses real life sometimes graphic examples to bare the truth about the world of adolescence today and to illuminate the new set of rules by which kids operate The second family can be scary to adults While many parents bury their heads insisting not my child Taffel reveals that even good children Chronically lie without a trace of guilt Have sex at astonishingly early ages Do drugs and alcohol not to be bad but simply because they are there Yet there are healthy aspects to the second family that often go unrecognized A secret moral code of peer support that will surprise you Boys and girls as best friends Boys taking care of friends in emotional need Girls becoming powerful group leaders A social structure for teens that provides a type of intimacy support communication and honesty he or she can t find anywhere else It is impossible to understand today s teens or preteens without understanding the Second Family Taffel opens a window into a closed world of frightening dangers and equally uplifting possibilities It's a Boy! 2001 indicated that in the U S one fourth of the high school seniors have problems with drugs and alcohol nearly two thirds of teenagers experiment with drugs before finishing high school and fifty six percent of seventeen year olds know at least one drug dealer at school Studies also indicate that when a girl chooses to use substances peer pressure is the biggest reason why Many parents believe the best they can do is to teach their daughters right from wrong and hope for the best But there is more that you can do Because while peer pressure may be the biggest influence for girls who choose to use substances parental involvement is the single most important factor for those who decide not to The dangers of substance abuse can actually bring you and your daughter closer Whether you want to help your daughter resist the overwhelming pressures to drink smoke and use drugs have discovered or suspect that your daughter may be using substances or want to help her develop a strong and positive identity in response to negative peer pressure this book shows how the lure of today s teen party culture puts you in your most powerful position ever to connect with and influence your daughter American Book Publishing Record ,2001 **Forthcoming Books** Rose Arny,2001-06 **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 *Reckoning with Restorative Justice* Leanne Trapedo Sims,2023-09-18 In Reckoning with Restorative Justice Leanne Trapedo Sims explores the experiences of women who are incarcerated at the Women s Community Correctional Center the only women s prison in the state of Hawai i Adopting a decolonial and pro abolitionist lens she focuses particularly on women s participation in the Kailua Prison Writing Project and its accompanying Prison Monologues program Trapedo Sims argues that while the writing project served as a vital resource for the inside women it also remained deeply embedded within carceral logics at the institutional state and federal levels She foregrounds different aspects of these programs such as the classroom spaces and the dynamics that emerged between performers and audiences in the Prison Monologues Blending ethnography literary studies psychological analysis and criminal justice critique Trapedo Sims centers the often overlooked stories of incarcerated Native Hawaiian and Pacific Islander women in Hawai i in ways that resound with the broader American narrative the disproportionate incarceration of people of color in the prison industrial complex

The Second Family Ron Taffel,2001 **Rethinking the Youth Question** Phil Cohen,2016-02-06 Bringing together material written over the past two decades this book traces a history of political and intellectual debates around central issues of education labour and the youth question An argument is made for linking the cultural structural and autobiographical dimensions of the youth question in order to engage educationally with the burden of representation which young people are made to carry via race class and sexuality in the postmodern world The book includes three major unpublished pieces and an introduction which discusses the nature of the collection and sets it in both a personal and political context The Family in Italy from Antiquity to the Present David I.
