Montgomery: a Family History Charles Ames Washburn, 1865 **Family Economics Review** ,1994 Chaos At The Crossroads John Stapleton, 2010-12-03 Chaos At The Crossroads tells the story of the long struggle for family law reform in Australia It also tells the story of the formation of Dads On The Air What began with a small group of disgruntled separated men in Western Sydney in 2000 has gone on to become the world s longest running and most famous radio program dedicated to issues around fatherhood regularly interviewing national and international activists advocates academics and authors Its archives now present a fascinating history of the men s and fatherhood movement of the early part of the millennium Dads On The Air was strategically placed to cover the push for family law reform in Australia Despite the founder

s intent that shared parenting be the norm for the so called helping court aka The Family Court of Australia and subsequent legislative attempts to impose shared parenting post separation as the most civilised outcome for separating couples such as never to be The Family Court rapidly became a law unto itself imposing sole mother custody on separating families despite all the documented harm of this style of custody order denying fathers contact with their children on the flimsiest of excuses Overly legalistic enormously bureaucratic secretive and unaccountable defying public norms of decency and probity it soon became one of the country s most hated institutions To this day it has remained remarkable resistant to reform and indifferent to the public odium it attracts Chaos At The Crossroads concludes Successive governments from both left and right have failed to listen to their constituents and respond to their concerns They have resorted to vested inquiries in the hands of the mandarins and publicly funded elites whose feigned attempts to listen to the views of ordinary people have then been heavily reinterpreted They have delayed progress through the extensive manipulation of committees or other forms of alleged inquiry These same governments even when they were enacting legislative reforms left their enforcement in the hands of institutions notoriously resistant to change They allowed or encouraged fashionable ideology institutional inertia and bureaucracy to triumph over common sense Common decency was lost long ago In terms of human suffering the Australian public has already paid dearly for the failure to reform outdated badly administered and inappropriate institutions dealing with family law and child support and for the failure of governments to take seriously the experiences and voices of the men and women most directly affected by them The country s failure to reform family law and child support is ultimately a failure of democracy itself

Privacy Injunctions and the Media Iain Goldrein, 2012-04-13 A string of high profile law suits has drawn attention to a rapidly developing and controversial branch of media law the use of privacy injunctions to restrain publication of information relating to the private lives of individuals The purpose of this book is to set out the law relating to privacy injunctions and best practice in relation to seeking or opposing this form of relief Such best practice is targeted not just at litigators This book is aimed also at journalists who are the watchdogs of the freedoms of our society and other organs of the media The text is broken down into easily manageable sections with numerous check lists and quality control protocols Applications in the Queen s Bench Division including personal injury Family Division including the President s Media guidance and Reporting Restriction Orders and harassment are covered together with a journalists check list The book reflects the agenda included in the foreword to the book set by Lord Neuberger s Report of 2011 Report of the Committee on Super Injunctions
