as the basis of a sober productive life but fails Yet his life is suffused with hope and will Donohue spends many nights in the desert writing songs and melodies He calls upon Emerson when discussing balance and natural justice in creation he reflects on Einstein s theories of space and how they confirm the existence of God He even develops an extensive proposal for food stamp reform while working for a food processing industry Donohue is an economist a composer a social critic a theologian and a writer whose prose is as honest and uncompromising as it is fluid and poetic In the Open is a brilliant journal Like Orwell s Down and Out it will make an enduring contribution to our understanding of a fringe of social life
