

# Second Conditional in English

## How to Form the Second Conditional

- If + past simple, + would + base form of the verb ●

For example:

If I had more time, I would read more books.

## Examples of the Second Conditional

- If I won a bunch of money, I would buy a mansion.
- If I were you, I would get a new job.
- If he had the time, he would learn to play the guitar.
- If she spoke French, she would move to Paris.
- If they came early, we would have dinner together.

## Common Mistakes

- Confusing the Second Conditional with the Third Conditional

The Second Conditional and the Third Conditional are similar in structure, but they express different types of situations.

- Using 'Will' Instead of 'Would'

Remember, the Second Conditional uses 'would' in the main clause, not 'will.' 'Will' is used in the First Conditional to express real or possible situations.

- Forgetting to Use the Past Simple in the If-Clause

The if-clause in the Second Conditional always uses the past simple tense, even if the main clause is in the present or future.

**Abel Boyer**

## **Second In English:**

**Teaching Secondary English** Daniel Sheridan, 2001 This new edition of Teaching Secondary English is thoroughly revised but its purpose has not changed Like the popular first edition it balances content knowledge with methodology theory with practice and problem posing with suggested solutions The tone and format are inviting while addressing student readers on a professional level Rather than attempting to cover everything the text provides a framework and materials for teaching a secondary English methods course while allowing considerable choice for the instructor The focus is on teaching literature writing and language the basics of the profession Attention is given to the issues that arise as one seeks to explore what it means to teach English The problems and tensions of becoming a teacher are discussed frankly in a manner that helps students figure out their own attitudes and solutions Features Focuses on a few central concepts in the teaching of secondary English Provides an anthology of 22 readable and challenging essays on key topics allowing students to hear a variety of voices and opinions Includes an applications section for each reading that extends the discussion and asks students to explore problems and grapple with important issues related to the articles Offers short writing assignments in questions that follow the readings and in brief writing tasks in the applications and a longer writing assignment at the end of each chapter Addresses student readers directly without talking down to them New in the Second Edition This edition is shorter tighter and easier to use The opening and concluding chapters more directly address the concerns of new teachers The anthology is substantially updated of the 22 articles included 14 are new to this edition Each essay is preceded by a brief introduction and followed by questions for further thought There are fewer applications but these are more extensive and more fully integrated within the text A writing assignment is provided at the end of each chapter Interviews with college students before and after student teaching are included in Chapters 1 and 6 The bibliographies at the end of each chapter are fully updated

**Teaching Secondary English** Mark Pike, 2003-10-30 What the book does extremely well is do describe the way things are in terms of the requirements of the Framework for Teaching English the curriculum and the new specifications and for this reason it is likely to be most useful to those contemplating English teaching in the maintained sector from outside returnees aspiring NQTs or those in the independent sector Times Educational Supplement Instead of taking us yet again on a tour through the four modalities of English this book's tripartite structure takes a refreshingly different approach by offering thought provoking argument grounded in classroom practicality Nick McGuinn University of York Students comments on Teaching Secondary English The book is written in clear digestible terms offering many practical ideas for teaching the key skills and the wide range of material encountered in the English classroom It is the kind of book which can be dipped into which is particularly useful for people who spend most of their time planning lessons Teaching Secondary English is a must for student teachers and NQTs It is a clear comprehensive and practical guidebook dealing not solely with theory and pedagogy but with the very real issues facing new teachers today It is clear that Teaching Secondary

English unlike so many textbooks on the subject is written by someone with recent classroom experience and this helps the reader to trust and respect the advice it purports I certainly feel it is grounded in practicalities not pie in the sky theory that will not work in most real classrooms This book enables English teachers to implement change and rise to new challenges while remaining true to an ethically and socially just position which provides the rationale for their vocation The author describes and evaluates recent changes to English teaching brought about by initiatives such as the Literacy Strategy the new A levels and the requirement to focus on spiritual moral social and cultural development Examples of innovative teaching and learning strategies are provided throughout The author helps teachers to foster keen readers writers and communicators He shows how they can enable their students to acquire skills and knowledge as well as to recognize the value of aesthetic experience emotional literacy and spiritual and moral response to literature in their own lives and in their communities This book is essential reading for PGCE students as well as practising teachers and all those involved in English in education

*Teaching and Learning of English in Secondary Schools* Casmir Chanda, 2008 By exploring the ways that teachers and pupils can help to improve classroom practices this book shows how education planners and practitioners can effect improvements in schools even in situations of very scarce resources It is suitable for those who are working to improve English language teaching and learning

**Meeting the Standards in Secondary English** Michael Fleming, Frank Hardman, David Stevens, John Williamson, 2003-09-02 Meeting the Standards in Secondary English provides detailed subject knowledge including the detailed pedagogical knowledge needed to teach English in secondary schools support activities for work in schools and self study and information on professional development for secondary schools This practical comprehensive and accessible book should prove invaluable for students on secondary initial teacher training courses PGCE students lecturers on English programmes and newly qualified secondary teachers

*Improving Learning in Secondary English* Geoff Dean, 2004 Exploring how teachers can improve the way they plan their lessons this book discusses how theories and research from leading experts can be applied in the classroom It also features an examination of learning for children of different abilities

[A Guided Reader for Secondary English](#) David Stevens, 2012-08-21 The Guided Reader for Secondary English draws on extracts from the published work of some of the most influential education writers to provide insight guidance and clarity about key issues affecting Secondary English teachers The book brings together key extracts from classic and contemporary writing and contextualises these in both theoretical and practical terms The extracts are accompanied by a summary of the key ideas and issues raised questions to promote discussion and reflective practice and annotated further reading lists to extend thinking Taking a thematic approach and including a short introduction to each theme the chapters cover Theoretical models of curricular English The nature and structure of the Secondary School English curriculum Historical perspectives Texts and intertextuality The arts context for secondary English Assessment and evaluation Linguistic and cultural contexts Future possibilities and tensions Aimed at trainee and newly qualified teachers

including those working towards Masters level qualifications as well as existing teachers this accessible but critically provocative text will be an essential resource for those that wish to deepen their understanding of Secondary English Education

**Teaching the Content Areas to English Language Learners in Secondary Schools** Luciana C. de Oliveira, Kathryn M. Obenchain, Rachael H. Kenney, Alandeom W. Oliveira, 2019-01-17 This practitioner based book provides different approaches for reaching an increasing population in today's schools English language learners ELLs The recent development and adoption of the Common Core State Standards for English Language Arts and Literacy in History Social Studies Science and Technical Subjects CCSS ELA Literacy the Common Core State Standards for Mathematics the C3 Framework and the Next Generation Science Standards NGSS highlight the role that teachers have in developing discipline specific competencies This requires new and innovative approaches for teaching the content areas to all students The book begins with an introduction that contextualizes the chapters in which the editors highlight transdisciplinary theories and approaches that cut across content areas In addition the editors include a table that provides a matrix of how strategies and theories map across the chapters The four sections of the book represent the following content areas English language arts mathematics science and social studies This book offers practical guidance that is grounded in relevant theory and research and offers teachers suggestions on how to use the approaches described
