The Secret Doctrine of the Kabbalah Leonora Leet,1999-08 The Secret Doctrine of the Kabbalah resurrects this ancient body of knowledge to reveal eternal truths that profoundly impact contemporary spirituality Experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the cosmological diagram of the entire Western esoteric tradition the kabbalistic Tree of Life **The Universal Kabbalah** Leonora Leet,2004-09-29 This landmark work by an innovative modern Kabbalist develops a scientific model for kabbalistic cosmology and soul psychology Derived from the kabbalistic diagram of the Tree of Life and the author s own Sabbath Star diagram this universal model encodes the laws of all cosmic manifestation giving a mathematical basis to many aspects of this mystical tradition and providing a new synthesis of science and spirituality that may well write a new chapter to the Kabbalah The Kabbalah of the Soul Leonora Leet,2003-03-25 Reveals the transformative spiritual work by which the soul can reach ever higher dimensions of consciousness Relates the soul levels of the Zohar to the various paths the soul may travel toward ultimate realization Introduces a new meditative technique called the Transformative Moment Throughout the history of the Jewish esoteric tradition humankind has been understood to play a pivotal role in the perfection of the cosmos uniting the finite with the infinite in the perfection of divine personality Working from an original synthesis of the major kabbalistic traditions of cosmology derived from the Bible the Zohar and the school of Isaac Luria Leonora Leet has erected a new framework for understanding the mechanism of the transformative spiritual work that enables the human soul to reach increasingly higher dimensions of consciousness This analysis extends the frontiers of Leet s prior works on the Kabbalah to provide a new illumination of human possibilities Leet first considers the false temptations of worldly power and pleasure that lead to the fall of the soul and then the means of its redemption She develops a powerful meditative technique called the Transformative Moment whose workings are exemplified by Jacob and Joseph and that allow the individual to progress through all the higher levels of the soul even possibly to attain the miraculous powers of the legendary spiritual masters She further correlates the hierarchy of soul levels with Ezekiel s Throne vision to show the various paths the soul may travel toward self realization sex love power knowledge holiness and unification The first four paths relate to the four faced living creatures Chayot of Ezekiel s Throne vision the bull ox lion eagle and man The final two paths correlate to the prophet and the envisioned man on the throne he recognizes to be his divine higher self the knowledge that defines the secret doctrine of the whole of the Jewish mystical tradition culminating in the Kabbalah *Re-Genesis* Yitzhaq Hayut-Man,2019-03-20 How does the creation of the universe in six or seven days according to the Book of Genesis fit the evidence of the universe 15 milliard years of existence Why does the Book of Genesis contain three different creation stories In what sense is the Book of Genesis written in future tense What is the meaning of one of the very first commandments to till it and to keep it and why are we told in so many details about Noah s project of keeping the world s fauna Why is the Book of Genesis focused on fights between brothers

even murders generation after generation and how can they be resolved Isaac's sacrifice who was testing whom and how did Isaac have the last laugh Is Israel a feminine maternal entity Esau and Jacob in the continual Jewish Christian contention and the mysterious and awesome role of the Ancient Kings of Edom What is the significance of the Twelve Tribes of Israel to our present time These questions and many others are the core of ReGenesis While giving fair treatment to key traditional Jewish and Christian and even Muslim exegesis this study reveals many novel discoveries based on recent research as well as on a wealth of letter codes and numerical patterns **Magic...The Simple Truth** Sylvia Bennett,2004-12-16 Alchemy is the art of turning your trash into treasure The Real Magic Course is a path of transformation Transformation is the magic of which many spiritual writers and teachers have had a great deal to say but about which they have given no practical instructions This book of Real Magic alchemy presents the practical instructions as a simple and sacred technology for today's world Real Magic alchemy is a creative and spiritual art that can help us hone our ability to transmute energy and redefine what it means to be human in today's suffering and challenging world *Kabbalistic Tarot* Dovid Krafchow,2005-07-11 This guide reveals the intimate relationship of the tarot to the esoteric teachings of the Torah and the Kabbalah Kabbalistic interpretations for all 78 traditional tarot cards are included as well as a detailed kabbalistic reading and interpretation of the Tree of Life spread Kabbalah and the Power of Dreaming Catherine Shainberg,2005-02-16 A dynamic exposition of the powerful ancient Sephardic tradition of dreaming passed down from the renowned 13th century kabbalist Isaac the Blind Includes exercises and practices to access the dream state at will in order to engage with life in a state of enhanced awareness Written by the close student of revered kabbalist Colette Aboulker Muscat In Kabbalah and the Power of Dreaming Catherine Shainberg unveils the esoteric practices that allow us to unlock the dreaming mind's transformative and intuitive powers These are the practices used by ancient prophets seers and sages to control dreams and visions Shainberg draws upon the ancient Sephardic Kabbalah tradition as well as illustrative stories and myths from around the Mediterranean to teach readers how to harness the intuitive power of their dreaming While the Hebrew Bible and our Western esoteric tradition give us ample evidence of dream teachings rarely has the path to becoming a conscious dreamer been articulated Shainberg shows that dreaming is not something that merely takes place while sleeping we are dreaming at every moment By teaching the conscious mind to be awake in our sleeping dreams and the dreaming mind to be manifest in daytime awareness we are able to achieve revolutionary consciousness Her inner vision exercises initiate creative and transformative images that generate the pathways to self realization *The Secret Legacy of Jesus* Jeffrey J. Bütz,2009-12-21 Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother of Jesus the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul's desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and

disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival

Jeffrey B tz author of *The Brother of Jesus and the Lost Teachings of Christianity* reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In *The Secret Legacy of Jesus* B tz demonstrates how this centuries old underground stream of Christ s original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but B tz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world

[The Kabbalistic Mirror of Genesis](#) David Chaim Smith, 2015-09-17 A bold line by line reexamination of the first 3 chapters of Genesis that reveals the essential nature of mind and creativity Deconstructs each line of Genesis chapters 1-3 with esoteric methods derived from the oral teachings of the Kabbalah Reveals the sefirot the Tree of Life as the Divine blueprint of the creative process Explains how Genesis reveals the Divinity of mind and consciousness Hidden within the first three chapters of Genesis rests one of the greatest jewels of Western mystical literature For millennia religious literalism has dominated our understanding of the Bible imprisoning its subtle inner wisdom within the most coarse and superficial aspects of the narrative Generations have been led to believe that Genesis 1-3 is only a primitive proto cosmic history a mythological explanation of the human moral disposition a religious fairy tale But by accepting the text as pure kabbalistic metaphor the mystical content of Genesis springs forth revealing the Divine nature of creativity as well as a new understanding of the human mind Deconstructing each line of Genesis 1-3 with esoteric methods derived from the oral teachings of the Kabbalah David Chaim Smith reveals how the ten sefirot collectively known as the Tree of Life are not simply a linear hierarchy They are a unified interdependent whole with ten interactive functions forming the template through which creative diversity manifests Through acts of creation and creativity the mind expresses its Divine nature Through our Divine creative power we are able to touch upon Ain Sof the infinite the lifeblood of all creative expression Smith s line by line examination of Genesis 1-3 reveals a complete model not only of Divine creativity but also of the predicament of the human mind of the Divine nature of consciousness as well as our inability to recognize the mind s Divinity With this new interpretation which removes the concept of a Creator God we are able to transcend the contrasting notions of being and non being at the heart of conventional habits of perception and awaken a new mystical understanding of Unity and the fathomless depth of Divinity

[The Awakening Ground](#) David Chaim Smith, 2016-06-16 Author David Chaim Smith offers a guide to the practice of mystical contemplation from the perspective of a highly unusual form of non dual

Kabbalah unfettered by both religious mythology and psychological reductionism The path articulates the ultimate quest for meaning which seeks to pass through the clutter of the mind's conceptual associations to nakedly and directly recognize the innate essentiality of all things known as the light of En no Sof end or the Infinite Most mainstream conventional schools of Kabbalah hold such a radical aspiration to be inapproachable at best and heretical at worst The work introduces six stages that articulate how the mind breaks through its own restrictive habitual reflexes to awaken to the ground of En Sof which is the mind's essential nature Each stage is illustrated by the author's own original works of art and line diagrams Draws upon obscure sources such as the 13th century Kabbalistic text Fountain of Wisdom various alchemical and gnostic texts and the writings of Isaac the Blind The author reveals how meaning never remains static its nature is to move transmit and display yet its precious potential becomes buried under layers of mental constructs He explains how the mind's habits and reflexes impose structures of containment that try to make sense out of phenomena but these very structures actually obscure their essence completely Smith's experiential path to gnostic awakening reveals how in the wake of the lesser concerns of the conceptual mind primordial purity shines in resonances of vast poetic beauty if a sensibility of wonder awe and delight is cultivated Offering a step by step analysis to the ecstatic aspects of contemplative revelation David Chaim Smith explores how to ride the razor's edge of the paradox to coax the mind from the sleep of habituation towards the culmination of gnosis Although the process is described within the traditional symbol system of kabbalah its import is a truly radical exponent of extreme mysticism
