at Daniel's farm. He is an old friend whom they suspect has become a narcotics agent. This complicates an already dangerous situation. Through the harrowing and dangerous summer and autumn months of growing and harvesting, Daniel grows increasingly unhappy with his lifestyle. He begins to question what he does, who his friends are, and what he really wants in his life. The climax sees Daniel discovering evidence of betrayal and perhaps even murder. **The Wrong Hands** Ann Larabee, 2015-06-15 A valuable account. *The Wrong Hands* brilliantly guides us through the challenges to American democracy. Howard P. Segal, *Times Higher Education*. Gun ownership rights are treated as sacred in America, but what happens when dissenters moved beyond firearm possession into the realm of high explosives? How should the state react? Ann Larabee's *The Wrong Hands* a remarkable history of do-it-yourself weapons manuals from the late nineteenth century to the recent Boston Marathon bombing traces how efforts to ferret out radicals willing to employ ever more violent methods fueled the growth of the American security state. But over time, the government's increasingly forceful targeting of violent books and ideas, not the weapons themselves, threatened to undermine another core American right: free expression. In the 1886 Haymarket Square bombing, a new form of revolutionary violence that had already made its mark in Europe arrived in the United States. At the subsequent trial, the judge allowed into evidence Johann Most's infamous *The Science of Revolutionary Warfare*, which allegedly served as a cookbook for the accused. Most's work was the first of a long line of explosive manuals relied on by radicals. By the 1960s, small publishers were drawing from publicly available US military sources to produce works that catered to a growing popular interest in DIY weapons making. The most famous was *The Anarchist Cookbook* 1971, which soon achieved legendary status and a lasting presence in the courts. Even novels such as William Pierce's *The Turner Diaries* have served as evidence in prosecutions of right-wing radicals. More recently, websites explaining how to make all manner of weapons, including suicide vests, have proliferated. The state's right to police such information has always hinged on whether the disseminators have legitimate First Amendment rights. Larabee ends with an analysis of the 1979 publication of instructions for making a nuclear weapon, which raises the ultimate question: should a society committed to free speech allow a manual for constructing such a weapon to disseminate freely? Both authoritative and eye-opening, *The Wrong Hands* will reshape our understanding of the history of radical violence and state repression in America.

**The Professor of Immortality** Eileen Pollack, 2019-10-01 A tragicomedy about the paradoxes of trying to be a decent human and maybe even trickier of trying to be a decent mom by the author of *A Perfect Life*. Rivka Galchen, author of *Little Labors*. Professor Maxine Sayers once found her personal and professional life so fulfilling that she founded the Institute for Future Studies, a program dedicated to studying the effects of technology on our culture and finding ways to prolong human life. But when her beloved husband dies, she is so devastated she can barely get out of bed. To make matters worse, her son Zach abruptly quit his job in Silicon Valley and has been out of contact for seven months. But Maxine is jolted from her grief by her sudden realization that a favorite

former student and a former close friend of her son might be a terrorist called the Technobomber and that Zach might either be involved in or has become a victim of this extremist's bombing. Deserting her teaching responsibilities, her ailing mother and an appealing suitor Maxine is compelled to set out in search of her son in order to warn and protect him even though she knows she should report her suspicions to the FBI to prevent greater carnage. The Professor of Immortality is intimate and sweeping, funny and terrifying and most of all dead on in its observations of what it means to want to know everything about people we love while still being frightened of what we might find out. It's a detective story and a story of motherlove. Eileen Pollack is a splendid writer. Elizabeth McCracken, author of *Bowlaway*. In this exceptional novel Eileen Pollack writes with great immediacy about the impact of grief on a parent's perception of the world. Tender, wry, full of unexpected revelations. The Professor of Immortality gripped me from the first scene and the urgent questions it poses have stayed with me. Idra Novey, author of *Those Who Knew*. The Organic Medicinal Herb Farmer, Revised Edition Jeff Carpenter, Melanie Carpenter, 2023-09-07. Seasoned and novice growers alike will find a mother lode of information and wisdom packed into this gem of a book. Nancy Phillips, author of *The Herbalist's Way*. Updated with new information about herb dryers and construction, soil fertility, growing cannabis and more. In the first edition of *The Organic Medicinal Herb Farmer*, authors Jeff and Melanie Carpenter presented a comprehensive seed-to-bottle guide for aspiring and experienced growers alike, from basic business considerations to planting and propagation to creating value-added products. Now they're back with a revised and updated edition sharing the lessons they've learned throughout their twenty-five years of operating a medicinal herb farm that prizes quality over quantity. The Carpenters offer their insights and tips on every aspect of herb farming, including size and scale considerations, data management for profit maximization, the herbal marketplace and choosing which herbs to grow, field and bed preparation and planting, including building soil fertility, plant-positive weed, pest and disease control, harvest and post-harvest processing, including scalable dryer construction, value-added products and marketing. A new chapter on growing cannabis. And much more. The Carpenters make the case that growing organic medicinal herbs is not only viable and profitable but also an important step for improving the ecological health of farmland, taking pressure off of wild medicinal plant populations and increasing biodiversity. While local foodways are more often the focus of attention, local medicine ways are equally critical and in need of restoration. *The Organic Medicinal Herb Farmer* is a one-of-a-kind resource complete with detailed profiles of 50 medicinal herbs and over 200 color photographs. Whether you're looking to grow an herb farm from the ground up, incorporate medicinal plants on an existing farm, or add tools to your belt as a seasoned grower, you'll find the information you need in this volume. A beautiful and informative book. A dirt-smudged copy should be within easy reach of every home gardener or farmer who grows or wants to grow medicinal plants. Michael McGuffin, President, American Herbal Products Association. West of the West Mark Arax, 2010-10-08. Teddy Roosevelt once exclaimed, "When I am in California I am not in the West. I am west of the West." And in this book Mark Arax sets out to explain

just what TR meant His is a compelling sometimes ominous portrait of a place and its people who are often surviving on the edge reliving history and losing their way in the promised land The Summer of the Death of Hilario Guzman is a deeply felt portrait of an immigrant family from Oaxaca followed through harrowing border crossings and raisin harvests the Last Okie of Lamont the inspiration for the town featured in The Grapes of Wrath has only one Okie left who tells Arax his life story as he drives to a funeral to bury one more Dust Bowl migrant and Highlands of Humboldt is a visit to the marijuana growing capital of the U S where the local bank collects a sizeable daily deposit of cash most of which reeks of marijuana Combining hard hitting reporting and stellar writing Arax captures both the atmosphere of social upheaval and the sense of being rooted in a community Once you meet the people portrayed in this book you won t forget them
