**Marvelous Myths** Russell W Dalton, 2011-04-01 What makes someone a hero In the early 1960s the image of a superhero was someone with a square jaw a muscular build and a quick smile whose biggest personal problem was trying to keep their girlfriends from guessing their secret identities Then writer Stan Lee and artists Jack Kirby and Steve Ditko created a group of superheroes who revolutionized comics These heroes including The Fantastic Four The Incredible Hulk Spider man The X men Iron Man Captain America and others were not perfect heroes living in a perfect world but fallible people with physical ailments and

personal problems like our own While the authors and artists who created them did not intend to write explicitly religious stories their tales of imperfect heroes who try to do the right thing despite the many challenges they face provide us with the opportunity to reflect on our own faith journeys as we strive to live heroic lives in the real world Each chapter reflects on the heroes most famous adventures and discusses the ways in which we are called to overcome many of the same obstacles they face as we strive to carry out the ministries to which God calls us Each chapter ends with questions for reflection or group study

Kid Lit Reviews **Power Up** Steven Leonard, Jonathan Klug, Kelsey Cipolla, Jon Niccum, 2023-10-15 offers an eclectic menu of treats that serve up a new and fresh look at a genre we rarely connect directly to the demands of the real world. Much less plumb for key lessons about leadership. *ARMY Magazine*. In the past decade, heroes and villains spawned from the pages of comic books have upended popular culture and revolutionized the entertainment industry. The narratives weave together a multitude of complementary and sometimes competing storylines, spun across decades, generations, and mediums, forming a complex tapestry that simultaneously captures the imagination and captivates the mind. These stories reveal our own vulnerabilities while casting an ideal to which we aspire. They pull at our deepest emotions and push us to the cusp of reality and bring us back to Earth with a renewed hope of a better tomorrow. They are an endless source of powerful metaphors to help us learn and develop, then be the best versions of ourselves possible.
