Secret Life Of Wombats:

The Secret Life of Wombats James Woodford, 2012-01-30 Whitley Award winner for Best Popular Zoology Book With his usual brilliance James Woodford explores the wombat's bizarre evolutionary history and perilous future This is popular science writing at its best an irresistible subject in the hands of an irrepressible author *Welcome, Wombat* Kama Einhorn, 2018 This entry in the True Tales of Rescue provides an up close look at what life is like at a real wombat sanctuary in Australia straight from a wombat herself Includes full color photos graphics and maps **Once Upon a Wombat Time** Christine L. Watts, 2013-04-26 Once Upon a Wombat Time is the story of how a baby wombat left orphaned after a car accident came into the lives of his human rescuers and changed the family forever By simply experiencing life with the cheeky and enchanting Wombie his human family gained insights into life they'd never forget and neither will you Written and beautifully illustrated by a local East Gippsland resident Christine L Watts Once Upon a Wombat Time is dedicated to Volunteer Wildlife Shelter carers throughout Australia This heartfelt story opens up discussion on issues including caring for each other and Mother Nature and how we can all help our planet survive Woven throughout the text and textured illustrations are messages of life the environment and the heart Written in prose with delightful dry felted illustrations Once Upon a Wombat Time is a favorite to be read and enjoyed time and time again by both the young and young at heart

Great White James Woodford, 2014-12-01 I remember thinking two things at the time Firstly if it had wanted to eat us we wouldn't have stood a chance and second it didn't want to eat us When James Woodford was confronted by half a dozen sharks swimming at full speed he froze in shock But he was even more surprised when they swam right past completely ignoring him He couldn't reconcile this experience with the mindless eating machines that dominate the discussion of sharks in Australia Interviewing world renowned experts and joining research teams at Neptune Islands one of the most famous shark aggregation locations in the world and consequently one of the most dangerous dive sites James investigates these intriguing creatures at close range and discovers their fascinating world *The Great Barrier Reef (Revised Edition)* James Woodford, 2011-08-01 The real Great Barrier Reef is not just a single clown fish or a colony of branching stag horn coral It is not simply the crystal clear water cocktails and beautiful bodies of the tourist ads Nor is it just the stage for murders mishaps shipwrecks shark attacks crocodile death rolls or gropers that swallow men's heads whole and only sometimes spit them back out The real Great Barrier Reef is a living thing a 2300 kilometre long untamed organism made up of trillions of animals It is the magnificent and terrifying home to the wild things of nightmares and hallucinations James Woodford wanted to understand the real reef in all its complexity and along its entire extraordinary length For a year he worked and dived with marine biologists exploring it from the coral outpost of Lord Howe Island in the south to the crocodile haunted waters at the reef's northern boundary in Cape York The Great Barrier Reef is a thrilling study of the reef of its beauty mystery and terror as it faces its greatest threat rising sea temperatures that stem from global warming Part science part history part travel and

wholly adventurous Woodford's book is as captivating grand and magical as the reef itself **The Rough Guide to Australia (Travel Guide eBook)** Rough Guides, 2019-11-01 World renowned tell it like it is guidebook Discover Australia with this comprehensive entertaining tell it like it is Rough Guide packed with comprehensive practical information and our experts honest and independent recommendations Whether you plan to swim with whale sharks explore the Atherton Tablelands or sail in the Whitsunday Islands The Rough Guide to Australia will help you discover the best places to explore sleep eat drink and shop along the way Features of The Rough Guide to Australia Detailed regional coverage provides in depth practical information for each step of all kinds of trip from intrepid off the beaten track adventures to chilled out breaks in popular tourist areas Regions covered include Sydney and around New South Wales and the ACT Coastal Queensland Outback Queensland Northern Territory Western Australia South Australia Melbourne and around Victoria and Tasmania Honest independent reviews written with Rough Guides trademark blend of humour honesty and expertise and recommendations you can truly trust our writers will help you get the most from your trip to Australia Meticulous mapping always full colour with clearly numbered colour coded keys Find your way around Sydney Melbourne and many more locations without needing to get online Fabulous full colour photography features a richness of inspirational colour photography including the captivating rugged peaks of the Flinders Ranges and the stunning blue waters and whale sharks of Ningaloo Marine Park Things not to miss Rough Guides rundown of Sydney Brisbane Perth and Adelaide's best sights and top experiences Itineraries carefully planned routes will help you organise your trip and inspire and inform your on the road experiences Basics section packed with essential pre departure information including getting there getting around accommodation food and drink health the media festivals sports and outdoor activities culture and etiquette shopping and more Background information comprehensive Contexts chapter provides fascinating insights into Australia with coverage of history religion ethnic groups environment wildlife and books plus a handy language section and glossary Covers Sydney and around New South Wales and the ACT Coastal Queensland Outback Queensland Northern Territory Western Australia South Australia Melbourne and around Victoria and Tasmania About Rough Guides Rough Guides have been inspiring travellers for over 35 years with over 30 million copies sold globally Synonymous with practical travel tips quality writing and a trustworthy tell it like it is ethos the Rough Guides list includes more than 260 travel guides to 120 destinations gift books and phrasebooks **No Saints around Here** Susan Allen Toth, 2014-04-01 When we promise in sickness and in health it may be a mercy that we don't know exactly what lies ahead Forcing food on an increasingly recalcitrant spouse Brushing his teeth Watching someone you love more than ever slip away day by day As her husband James's Parkinson's disease with eventual dementia began to progress writer Susan Allen Toth decides she intensely wants to keep her husband at home the home he designed and loved and lived in for a quarter century until the end No saint as she often reminds the reader Toth found solace in documenting her days as a caregiver The result written in brief episodic bursts during the final eighteen

months of James's life has a rare and poignant immediacy. Wrenching, occasionally peevish at times darkly funny and always deeply felt, Toth's intimate, unsparing account reflects the realities of seeing a loved one out of life, the critical support of some friends and the disappearance of others, the elasticity of time infinitely slow and yet in such short supply, the sheer physicality of James's decline and the author's own loneliness, the practical challenges, the right food, the right wheelchair, the right hospital bed, all intricately interlocking parts of the act of loving and caring for someone who in so many ways is fading away. We all need someone to hear us, Toth says, of the millions who devote their days to the care of a loved one. Her memoir is at once an eloquent expression of that need and an opening for others. No Saints around. Here is the beginning of a conversation in which so many of us may someday find our voices. *The Rough Guide to Australia* Rough

Guides, 2014-04-01. The Rough Guide to Australia is your indispensable guide to one of the most unmissable countries on earth. It is packed with practical information on once-in-a-lifetime experiences in Oz, from sunrise walks around Uluru to viewing Kangaroo Island's wild seals, sea lions, kangaroos and koalas, from bush camping safaris in UNESCO World Heritage listed Kakadu National Park to exhilarating helicopter flights down the dramatic gorges of Aboriginal-owned Nitmiluk National Park. You'll also find expert background information on Australia's history, wildlife, cinema and Aboriginal culture, and the clearest maps of any guide. Now available in ePub format. **The Dog Fence** James Woodford, 2013-06-18. An extraordinary and absorbing book about travel history and one of the loneliest environments in the world. **Reconfiguring the Natures of Childhood** Affrica Taylor, 2013. In this fascinating new book, Affrica Taylor encourages an exciting paradigmatic shift in the ways in which childhood and nature are conceived and pedagogically deployed, and invites readers to critically reassess the naturalist childhood discourses that are rife within popular culture and early years education. Through adopting a common world's framework, *Reconfiguring the Natures of Childhood* generates a number of complex and inclusive ways of seeing and representing the early years. It recasts childhood as messy and implicated rather than pure and innocent, situated and differentiated rather than decontextualized and universal, entangled within real world relations rather than protected in a separate space. Throughout the book, the author follows an intelligent and innovative line of thought which challenges many pre-existing ideas about childhood. Drawing upon cross-disciplinary perspectives and with international relevance, this book makes an important contribution to the field of childhood studies and early childhood education and will be a valuable resource for scholars, postgraduate students and higher education teachers. [Real Dirt](#) James Woodford, 2008-09-29. Real

Dirt is the true story of a sea change, the life that led there and what you have to do to get where you want to be. When James Woodford realised the greasy pole of big city ambition was not for him, he focused on rediscovering the environmentalist within and getting his family out of the city. How hard could it be. **Rewilding the World** Caroline Fraser, 2014-04-29. A

gripping account of the environmental crusade to save the world's most endangered species and landscapes the last best hope for preserving our natural home Scientists worldwide are warning of the looming extinction of thousands of species from tigers and polar bears to rare flowers birds and insects If the destruction continues a third of all plants and animals could disappear by 2050 and with them earth's life support ecosystems that provide our food water medicine and natural defenses against climate change Now Caroline Fraser offers the first definitive account of a visionary campaign to confront this crisis rewilding Breathtaking in scope and ambition rewilding aims to save species by restoring habitats reviving migration corridors and brokering peace between people and predators Traveling with wildlife biologists and conservationists Fraser reports on the vast projects that are turning Europe's former Iron Curtain into a greenbelt creating trans frontier Peace Parks to renew elephant routes throughout Africa and linking protected areas from the Yukon to Mexico and beyond An inspiring story of scientific discovery and grassroots action Rewilding the World offers hope for a richer wilder future

The Rivertown Vet Jennifer Scoullar, 2024-07-28 A slow burn enemies to lovers romance by a favourite Australian author Local vet Jana Malinski runs a wombat sanctuary with her sister on their family's serene property by the Murray River But Jana's routine is up ended after a chance encounter with handsome accountant and single dad Mark the man who broke her heart in high school Offered the opportunity to run Wildfell Park the town zoo that has fallen into disrepair Jana must push past her hostility to save the local landmark and home to countless native and exotic animals But working alongside Mark every day isn't easy especially given the undeniable attraction between them While she fights her feelings a new danger emerges one that could threaten the very existence of Wildfell Park and Jana's dreams of an ideal future Set in the gorgeous river country of South Australia The Rivertown Vet is a heartfelt and charming tale about community conservation and kindness

Vertebrate Conservation and Biodiversity David L. Hawksworth, Alan T. Bull, 2007-09-09 This book draws together a wide range of papers from researchers around the world that address the conservation and biodiversity of vertebrates particularly those in terrestrial habitats Collectively the papers provide a snapshot of the types of studies and actions being taken in vertebrate conservation and provide topical examples that will make the volume especially valuable for use in conservation biology courses

Platypus Matters Jack Ashby, 2024-05-31 Scientifically informed and funny a firsthand account of Australia s wonderfully unique mammals and how our perceptions impact their future Think of a platypus They lay eggs that hatch into so called platypups produce milk without nipples and venom without fangs and can detect electricity Or a wombat Their teeth never stop growing they poop cubes and they defend themselves with reinforced rears And what about antechinuses tiny marsupial carnivores whose males don t see their first birthday as their frenzied sex lives take so much energy that their immune systems fail Platypuses possums wombats echidnas devils kangaroos quolls dibblers dunnarts kowaris Australia has some truly astonishing mammals with incredible unfamiliar features But how does the world regard these creatures And what does that mean for their conservation In Platypus Matters naturalist Jack Ashby shares his love for these often misunderstood animals Informed by his own experiences meeting living marsupials and egg laying mammals during fieldwork in Tasmania and mainland Australia Ashby s tale not only explains historical mysteries and debunks myths especially about the platypus but also reveals the toll these myths can take Ashby makes clear that calling these animals weird or primitive or incorrectly implying that Australia is an evolutionary backwater a perception that can be traced back to the country s colonial history has undermined conservation Australia now has the worst mammal extinction rate of any place on Earth Important timely and written with humor and wisdom by a scientist and self described platypus nerd this

celebration of Australian wildlife will open eyes and change minds about how we contemplate and interact with the natural world everywhere *Australian Mammals* Stephen M. Jackson, 2025-06-02 *Australian Mammals Biology and Captive Management* is a complete guide to the husbandry of all groups of Australian mammals This second edition has been updated based on the latest research bringing together current knowledge of the biology and behaviour of each species in captive situations and providing guidance for hand rearing It covers advances from the last 20 years including developments in assisted breeding genetic techniques updated taxonomy and the importance of Australian mammal welfare both physical and mental Written in collaboration with experts in captive management ecology and veterinary science chapters are presented for each taxonomic group of Australian mammals Each chapter covers animal welfare natural history housing requirements general husbandry feeding requirements handling and transport health requirements behaviour breeding and artificial rearing *Australian Mammals* provides practical guidance for zookeepers veterinarians zoologists researchers and students
