Shirley Paulson,2022-04-18 Buried for more than a thousand years in the sands of Egypt the Secret Revelation of John has stayed a secret far longer than it should have Even now more than seventy five years after its discovery in 1945 it eludes easy understanding even as it shines with the message of God s loving presence amid suffering and violence Illuminating the Secret Revelation of John is the first study written for the curious public as well as for scholars who have not yet plumbed its depths The ancient Secret Revelation of John unearths three gems of healing wisdom that have been encrusted in a millennium of doubt and theological limitation This new work explores the many facets of these gems with a historical setting and background a contemporary paraphrase and a study section that invites pondering of and conversation about new questions to explore [John Jasper's Secret](#) Henry Morford,Charles Dickens,Wilkie Collins,1905 **Secret Mysteries of**

**the Gospel of John** Daniel Speck,2017-07-07 The Gospel of John is a book of mysteries and secrets and hidden prophecies Even its mysteries have mysteries A careful study of this Gospel s prophetic types reveals details of God s plans for the Church and Israel in the Last Days Even though there is little in this book that explicitly describes Second Coming events on its deeper symbolic level it speaks volumes about the Tribulation Rapture Resurrection Day of the Lord and Israel s restoration Even the exact year that Jesus will return is coded within these stories of the life of Christ *The Brothers: John Foster Dulles, Allen Dulles, and Their Secret World War* Stephen Kinzer,2013-10-01 A joint biography of John Foster Dulles and Allen Dulles who led the United States into an unseen war that decisively shaped today s world During the 1950s when the Cold War was at its peak two immensely powerful brothers led the United States into a series of foreign adventures whose effects are still shaking the world John Foster Dulles was secretary of state while his brother Allen Dulles was director of the Central Intelligence Agency In this book Stephen Kinzer places their extraordinary lives against the background of American culture and history He uses the framework of biography to ask Why does the United States behave as it does in the world The Brothers explores hidden forces that shape the national psyche from religious piety to Western movies many of which are about a noble gunman who cleans up a lawless town by killing bad guys This is how the Dulles brothers saw themselves and how many Americans still see their country s role in the world Propelled by a quintessentially American set of fears and delusions the Dulles brothers launched violent campaigns against foreign leaders they saw as threats to the United

States These campaigns helped push countries from Guatemala to the Congo into long spirals of violence led the United States into the Vietnam War and laid the foundation for decades of hostility between the United States and countries from Cuba to Iran The story of the Dulles brothers is the story of America It illuminates and helps explain the modern history of the United States and the world A Kirkus Reviews Best Nonfiction Book of 2013 *Report of the President's Commission on the Assassination of President John F. King, 2009-02-28 Lost in antiquity rediscovered in 1896 and only recently accessible for study *The Secret Revelation of John* offers a firsthand look into the diversity of Christianity before the establishment of canon and creed Karen L King offers an illuminating reading of this ancient text a narrative of the creation of the universe and humanity and a guide to justice and salvation said to be Christ's revelation to his disciple John Freeing the Revelation from the category of Gnosticism to which such accounts were relegated King shows how the Biblical text could be read by early Christians in radical and revisionary ways By placing the Revelation in its social and intellectual milieu she revises our understanding of early Christianity and more generally religious thought in the ancient Mediterranean world Her work helps the modern reader through many intriguing but confusing ideas in the text for example that the creator god of Genesis a self described jealous and exclusive god is not the true Deity but a kind of fallen angel or in an overt critique of patriarchy unique in ancient literature the declaration that the subordination of woman to man was an ignorant act in direct violation of the holy height In King's analysis the Revelation becomes not strange but a comprehensible religious vision and a window on the religious culture of the Roman Empire A translation of the complete *Secret Revelation of John* is included *Honest Answers about the Murder of President John F.*
