The Hittites one of the most powerful peoples of the ancient Near East successfully challenged all other nations including almighty Egypt from their Anatolian stronghold Then their empire collapsed was consigned to oblivion and lay forgotten Three thousand years later a motley group of scholars archaeologists and adventurers rediscovered the Hittites in an enterprise spanning a century and weaving through the worlds of German kaisers Turkish sultans and even the Nazis This is the history of the rediscovery of the Hittites a story packed with intrigue and played out against a compelling historical backdrop It involves colorful characters like an explorer fluent in 29 languages and an archaeologist who slept in royal tombs along with Victorian historians cuneiform experts code crackers and grave robbers These unlikely sleuths uncovered the very roots of the Hittite Empire *Gnostic Secrets of the Naassenes* Mark H. Gaffney,2004-04-19 Reveals the hidden meaning of the Grail and a secret Christian doctrine for achieving higher consciousness Shows that Gnosticism is not a derivative of Christianity but the revelation of the true message of Jesus Describes the ancient relationship between water and spirit Explains the doctrine of immanence taught by Jesus at the Last Supper Features the translated source text from The Refutation of All Heresies by Bishop Hippolytus the only existing record of the Naassene Sermon In the third century C E the Catholic Bishop Hippolytus composed A Refutation of All Heresies in which his chief target was the Gnostic sect the Naassenes whose writings included a recounting of Jesus actual teachings at the Last Supper Contrary to Church attacks the Naassenes were not a heretical derivative of Christianity but the authentic foundation and purveyor of Christ s message In fact much of what passes as Christianity has nothing to do with the original teachings of its founder The message recorded in the Naassene Sermon was intended for an inner circle of disciples who were prepared for advanced initiation into Jesus wisdom teachings The Grail discussed therein was not an actual chalice but a symbol of the indwelling of the divine The teachings involved the awakening of spirit and included practices aimed at restoring the soul s lost connection with God Immanence in the true sense intended by Jesus thus allows for spiritual attainment in this life by ordinary individuals without the intermediary of Church or priest This was the real meaning of the Last Supper and why the Naassenes believed that Jesus was the fulfillment of all the Mystery traditions The Hittites and Their World Billie Jean Collins,2012-11-01 Lost to history for millennia the Hittites have regained their position among the great civilizations of the Late Bronze Age Near East thanks to a century of archaeological discovery and philological investigation The Hittites and Their World provides a concise current and engaging introduction to the history society and religion of this Anatolian empire taking the reader from its beginnings in the period of the Assyrian Colonies in the nineteenth century B C E to the eclipse of the Neo Hittite cities at the

The Secrets of Spirituality & Occult Helena Blavatsky, 2023-12-09. In *The Secrets of Spirituality Occult*, Helena Blavatsky intricately weaves a rich tapestry of esoteric knowledge and spiritual exploration, unveiling the hidden dimensions of human existence. The book is characterized by its philosophical depth and mystical prose, drawing from a diverse range of traditions, including Eastern religions, Gnosticism, and the Western esoteric traditions. Blavatsky employs a metaphorical and often poetic style, inviting readers to ponder the intricacies of nature, existence, and the soul's journey toward enlightenment, all while positioning her work within the burgeoning context of 19th-century occultism and spiritual movements. Helena Blavatsky, a prominent figure in the Theosophical Society, was a revolutionary thinker whose travels across various cultures and in-depth studies of ancient texts profoundly influenced her worldview. Her early experiences in Russia and her later explorations in the East imbued her with a unique perspective on spirituality, which she passionately sought to communicate through her writings. Blavatsky's dedication to uncovering the universal truths underlying diverse belief systems led her to synthesize complex philosophical ideas into accessible narratives. This book is

highly recommended for seekers of knowledge scholars of spirituality and those curious about the intersection of mystical thought and practical wisdom It serves not only as a guide to understanding the deeper aspects of existence but also as an invitation to engage with the transformative power of occult studies that remain relevant today **The Secret Society of Moses** Flavio Barbiero, 2010-01-19 A radical reexamination of Western history that suggests the descendants of Moses were the architects of the rise of the Roman Church and the ancestors of European aristocracy Answers the inexplicable disappearance of all mention of Moses's descendants from the Bible Reveals the key role played by Josephus Flavius in shaping early Christianity Explains the connection of this secret priesthood to modern secret societies like the Freemasons After the book of Exodus Moses's two sons and numerous descendants all vanish from the Bible Flavio Barbiero's investigation of this strange absence and his study of the centuries long power struggle between the priestly families fighting for control of the Temple of Jerusalem starts with the rebellion against Rome and the emergence of Josephus Flavius one of Moses's descendants on the world stage In AD 70 when the Temple in Jerusalem was destroyed by Titus Flavius and thousands of Jewish priests were exterminated Josephus now bearing his sponsor's last name followed Titus Flavius to Rome with at least 250 relatives and friends Here they were made Roman citizens but then subsequently disappeared from recorded history Barbiero's careful study of early Christianity shows however that these surviving members of Moses's high priest lineage succeeded in taking control of the nascent Roman Church and masterminded its extraordinary success Using a wide range of evidence drawn from fields as disparate as archaeology heraldry and genetics Barbiero shows how these descendants of Moses used the cult of Mithras to eventually seize control of the secular Roman authority as well He then follows step by step the spread of the members of this secret priestly elite into what was to become the aristocracy of medieval Europe and how their influence continues to be felt in modern secret societies like Freemasonry
