Secret Of The Unicorn:

The Secret of the Unicorn Hergé, 1968 The Secret of the Unicorn Herg, 1959 **Secret of the Unicorn**
Hergé, 1974-06 A clue hidden in a toy ship leads Tintin on a dangerous treasure hunt **The Secret of the Unicorn (C2)**
Herg, 2008 秘密のユニコーン, 1983 Japanese edition of The Secret of the Unicorn World famous globe trotting comic
character Tintin is back again in this new full size soft cover book Capt Haddock discovers a puzzle from his ancestor and
Tintin helps solve it This story is source for Steven Spielberg 2011 movie the Adventures of Tintin **The Unicorn's Secret**
Steven Levy, 2016-11-08 The true story of Ira Einhorn the Philadelphia antiwar crusader environmental activist and New Age
guru with a murderous dark side During the cultural shockwaves of the 1960s and 70s Ira Einhorn nicknamed the Unicorn
was the leading radical voice for the antiwar movement at the University of Pennsylvania At his side were such noted
activists as Abbie Hoffman and Jerry Rubin A brilliantly articulate advocate for peace in a turbulent era he rallied followers
toward the growing antiestablishment causes of free love drugs and radical ecological reform In 1979 when the mummified
remains of his girlfriend Holly Maddux a Bryn Mawr flower child from Tyler Texas were found in a trunk in his apartment
Einhorn claimed a CIA frame up Incredibly the network of influential friends socialites and powerful politicians he'd charmed
and manipulated over the years supported him Represented by renowned district attorney and future senator Arlen Specter
Einhorn was released on bail But before trial he fled the country to an idyllic town in the French wine region and disappeared
It would take more than twenty years and two trials to finally bring Einhorn to justice Based on more than two years of
research and 250 interviews as well as the chilling private journals of Einhorn and Maddux prize winning journalist Steven
Levy paints an astonishing and complicated portrait of a man motivated by both genius and rage The basis for 1998 NBC
television miniseries The Hunt for the Unicorn Killer The Unicorn's Secret is a spellbinding sociological true crime study
revealing the dark and tragic dimensions of a man who defined an era only to shatter its ideals Publishers Weekly *Herge:*
The Man Who Created Tintin Pierre Assouline, 2009-10-29 One of the most beloved characters in all of comics Tintin won an
enormous international following Translated into dozens of languages Tintin's adventures have sold millions of copies and
Steven Spielberg is presently adapting the stories for the big screen Yet despite Tintin's enduring popularity Americans know
almost nothing about his gifted creator Georges Remi better known as Herg Offering a captivating portrait of a man who
revolutionized the art of comics this is the first full biography of Herg available for an English speaking audience Born in
Brussels in 1907 Herg began his career as a cub reporter a profession he gave to his teenaged world traveling hero But
whereas Tintin was fully formed clear headed and positive Assouline notes his inventor was complex contradictory
inscrutable For all his huge success achieved with almost no formal training Herg would say unassumingly of his art I was
just happy drawing little guys that's all Granted unprecedented access to thousands of the cartoonist's unpublished letters
Assouline gets behind the genial public mask to take full measure of Herg's life and art and the fascinating ways in which the

two intertwine Neither sugarcoating nor sensationalizing his subject he meticulously probes such controversial issues as Herg's support for Belgian imperialism in the Congo and his alleged collaboration with the Nazis He also analyzes the underpinnings of Tintin how the conception of the character as an asexual adventurer reflected Herg's appreciation for the Boy Scouts organization as well as his Catholic mentor's anti Soviet ideology and relates the comic strip to Herg's own place within the Belgian middle class A profound influence on a generation of artists such as Andy Warhol and Roy Lichtenstein the elusive figure of Herg comes to life in this illuminating biography a deeply nuanced account that unveils the man and his career as never before

The Adventures of Tintin Hergé,1959 *Secret of the Unicorn* Hergé,2009-07-10 When Tintin gives Captain Haddock a model ship the cartoon characters are led into a strange adventure involving pirates from the reign of Charles II

The Comics of Hergé Joe Sutcliffe Sanders, 2016-07-28 Contributions by J. Nathan Miranda de Arajo Guillaume de Syon Hugo Frey Kenan Kook Andrei Molotiu Annick Pellegrin Benjamin Picado Vanessa Meikle Schulman Matthew Screech and Gwen Athene Tarbox As the creator of Tintin Hergé 1907-1983 remains one of the most important and influential figures in the history of comics When Hergé born Georges Prosper Remi in Belgium emerged from the controversy surrounding his actions after World War II his most famous work leapt to international fame and set the standard for European comics While his style popularized what became known as the clear line in cartooning this edited volume shows how his life and art turned out much more complicated than his method The book opens with Hergé's aesthetic techniques including analyses of his efforts to comprehend and represent absence and the rhythm of mundaneness between panels of action Broad views of his career describe how Hergé navigated changing ideas of air travel while precise accounts of his life during Nazi occupation explain how the demands of the occupied press transformed his understanding of what a comics page could do The next section considers a subject with which Hergé was himself consumed the fraught lines between high and low art By reading the late masterpieces of the Tintin series these chapters situate his artistic legacy A final section considers how the clear line style has been reinterpreted around the world from contemporary Francophone writers to a Chinese American cartoonist and on to Turkey where Tintin has been reinvented into something meaningful to an audience Hergé probably never anticipated Despite the attention already devoted to Hergé no multi-author critical treatment of his work exists in English the majority of the scholarship being in French With contributors from five continents drawing on a variety of critical methods this volume's range will shape the study of Hergé for many years to come

Blake & Mortimer - Volume 12 - Atlantis Mystery Edgar P. Jacobs, 2013-03-25T00:00:00+01:00 Deep under Sao Miguel island rumoured to be the last emerging part of Atlantis Professor Mortimer has discovered samples of a mysterious radioactive metal Could it be

the Atlanteans legendary orichalcum When he and his friend Blake set out on an expedition into the depths to find out sabotage occurs in the form of their old opponent Olrik And soon all three will be embroiled in a power struggle far bigger in scope than they could have imagined
