Secret Of The Woods:

Secret of the Woods William J. (William Joseph) Long, 2018-06-28 *Secret of the Woods* by William J. William Joseph Long This little book is but another chapter in the shy wild life of the fields and woods of which *Ways of Wood Folk* and *Wilderness Ways* were the beginning It is given gladly in answer to the call for more from those who have read the previous volumes and whose letters are full of the spirit of kindness and appreciation Many questions have come of late with these same letters chief of which is this How shall one discover such things for himself how shall we too read the secrets of the Wood Folk There is no space here to answer to describe the long training even if one could explain perfectly what is more or less unconscious I would only suggest that perhaps the real reason why we see so little in the woods is the way we go through them talking laughing rustling smashing twigs disturbing the peace of the solitudes by what must seem strange and uncouth noises to the little wild creatures They on the other hand slip with noiseless feet through their native coverts shy silent listening more concerned to hear than to be heard loving the silence hating noise and fearing it as they fear and hate their natural enemies We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
