## Secret Origins:

Secret Origins (1986-) #17 Gerry Conway, Roy Thomas, E. Nelson Bridwell, 2017-11-23 THE SECRET ORIGIN OF ADAM STRANGE Adam Strange is transported to a faraway planet named Rann where he meets the beautiful Alanna and must find a way to save this new world THE SECRET ORIGIN OF DR OCCULT After rescuing two babies from a Satanic cult Zator raises the children as his own and trains them in the ways of the occult *Secret Origins* James Riley, 2017-09-26 Transported by a strange portal into a comic book city where a formidable darkness has terrified everyone Bethany and Owen are challenged to defeat the darkness despite a lack of superpowers and discover important clues about Bethany's secret origin **Apocalypse and Armageddon, The Secret Origins of Christianity: The First Shall be Last and the Last Shall be First** Hekataios Amerikos, 2015-06-24 In recent years several books about the beginnings of Christianity and of Jesus and the disciples have been written They range from books based mainly upon faith and the gospels to the outlandishly sensational which barely even suggest that they are based upon actual documented history Yet in one way or another they all purport to provide the reader with the historical truth Still when reading these other works one finds that they are at best only loosely based upon real history of the time period and they provide little in the way of historical documentation let alone critical analysis This book is an exception because it sticks to the cold hard historical evidence and proceeds where that evidence leads This important work of historical non fiction will serve to enhance public understanding of the true origins of Christianity This book is designed to serve that purpose It is not meant to offend but is meant to provoke critical thought and debate Secret History Martin Roberts, 2012 This book is a fascinating account of a number of criminal cases in the United States and in the United Kingdom some of which resulted in wrong convictions The book is part narrative part analysis The analysis in particular the demolition of the reputation of Whittaker Chambers ex spy and idol of many Americans he was awarded the Presidential Medal of Freedom will arouse debate and rethinking of the real lessons of the cases The British cases will shock the complacency of many British people Both parts are relevant to the current debate on how to deal with Islamic terrorists whose fanaticism recalls that of the IRA and supporters of Communism The book includes an analysis of Communism and the way in which its supporters manipulate fact for their own ends **Secret History** Nick Redfern, 2015-04-20 A guide to the hidden mysteries and secrets of the world from an established author and expert on conspiracies the unexplained and the paranormal History is written by the winners and the powerful but how much of it is fiction And who is really in control today From the dawn of civilization to the 21st century from ancient aliens to the New World Order Secret History Conspiracies from Ancient Aliens to the New World Order examines explores and uncovers the hidden overlooked and buried history of civilization The book moves from biblical Egyptian Mayan Greek and early mysteries of antiquity to the clandestine doings of the Nazis and the Masons and assassination plots of the more recent past to the surveillance monitoring mind control and secret schemes of today Researcher Nick Redfern investigates the stories

mythologies lore behind incredible events and clandestine groups of yesterday and today More than 60 entries dig deep into the manipulation of events by influential groups including Historical riddles revealing alien visitations space gods human alien crossbreeding and more Government cover ups exposing mind control murders scientists research secret agents agendas and more Powerful groups and intended consequences illuminating 9 11 new world order bird flu chemtrails and more Tracing the chilling and lasting effects of conspiracies cabals and plots Secret History Conspiracies from Ancient Aliens to the New World Order exposes their deep reach in shaping today s world Truly an eye opening read *Secret Origins of the Bible* Tim Callahan,2002 Callahan strictly interprets the Bible through the lens of comparative mythology where the mythic content of Biblical stories is illustrated as a way to understand the purpose the stories served for the people who wrote them Biblical history is merely a mythic representation of human psychology and meaning making in human conscience Callahan contends that most of the histories and stories were written and manipulated centuries after the events described He cautions against literal interpretation of the Bible but seeks to understand why society validates the myth

again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you      **Secret Origins Vol. 1** Jeff Lemire,Pete Tomasi,Greg Pak,Jimmy Palmiotti,Amanda Conner,Kyle Higgins,2015-02-17 At last the SECRET ORIGINS of the World s Greatest Heroes in The New 52 can be revealed The beginnings of the most popular characters in the DC Universe are finally told here in stories that fans have been clamoring for since September 2011 Included here are the origins of The Last Son of Krypton and Kara Zor El Supergirl plus the first Robin Dick Grayson Collects issues 1 4      The Secret History of the Mongols Professor Urgunge Onon,Urgunge Onon,2005-08-18 There has long been a need for a scholarly English edition of the great 13th century historical epic The Secret History of the Mongols the only surviving Mongol source about the empire The book is mainly about the life and the career of Chinggis Khan his ancestors and his rise to power Chinggis Khan was not only a military genius but also a great statesman and diplomat Through a combination of armed force and diplomacy he managed to merge the complex system of alliances which existed between diverse tribes into a powerful confederacy that swept across most of Eurasia starting in 1219 Urgunge Onon s fresh translation brings out the excitement of this epic with its wide ranging commentaries on military and social conditions religion and philosophy while remaining faithful to the original text This fully annotated edition is prefaced by a 36 page introduction setting the work in its cultural and historical context      *The Secret History of Marvel Comics* Blake Bell,Michael J. Vassallo,2013-11-16 The Secret History of Marvel Comics digs back to the 1930s when Marvel Comics wasn t just a comic book producing company Marvel Comics owner Martin Goodman had tentacles into a publishing world that might have made that era s conservative American parents lynch him on his front porch Marvel was but a small part of Goodman s publishing empire which had begun years before he published his first comic book Goodman mostly

published lurid and sensationalistic story books known as pulps and magazines featuring sexually charged detective and romance short fiction and celebrity gossip scandal sheets And artists like Jack Kirby who was producing Captain America for eight year olds were simultaneously dipping their toes in both ponds The Secret History of Marvel Comics tells this parallel story of 1930s 40s Marvel Comics sharing offices with those Goodman publications not quite fit for children The book also features a comprehensive display of the artwork produced for Goodman s other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon Alex Schomburg Bill Everett Al Jaffee and Dan DeCarlo plus the very best pulp artists in the field including Norman Saunders John Walter Scott Hans Wesso L F Bjorklund and Marvel Comics 1 cover artist Frank R Paul Goodman s magazines also featured cover stories on celebrities such as Jackie Gleason Elizabeth Taylor Liberace and Sophia Loren as well as contributions from famous literary and social figures such as Isaac Asimov Theodore Sturgeon and L Ron Hubbard
