**Humanism and the Death of God** Ronald E. Osborn,2017-01-19 Humanism and the Death of God is a critical exploration of secular humanism and its discontents Through close readings of three exemplary nineteenth century philosophical naturalists or materialists who perhaps more than anyone set the stage for our contemporary quandaries when it comes to questions of human nature and moral obligation Ronald E Osborn argues that the death of God ultimately tends toward the death of liberal understandings of the human as well Any fully persuasive defense of humanistic values including the core humanistic concepts of inviolable dignity rights and equality attaching to each individual requires an essentially religious vision of personhood Osborn shows such a vision is found in an especially dramatic and historically consequential way in the scandalous particularity of the Christian narrative of God becoming a human He does not attempt to provide logical proofs for the central claims of Christian humanism along the lines some philosophers might demand Instead this study demonstrates how philosophical naturalism or materialism and secular humanisms and anti humanisms might be persuasively read from the perspective of a classically orthodox Christian faith      **The Trials for Treason at Indianapolis**

**Introduction to The White Lotus** Gilad James, PhD, *The Chosen Peoples' Challenge: Biblical Love Boundaries* Mohamed Moussa Ghounem, 2025-06-20 The Chosen Peoples Challenge Biblical Love Boundaries What does it truly mean to be chosen Is it a title of privilege or a call to service For millennia Jews Christians and Muslims have each claimed a divine covenant But today with rising violence political manipulation and religious confusion are we honoring the sacred trust of chosenness or distorting it The Chosen Peoples Challenge Biblical Love Boundaries boldly redefines the conversation Written in accessible yet scholarly prose this groundbreaking work invites Jews Christians and Muslims to confront the theological truths behind their shared heritage With historical precision and compassionate interfaith dialogue the author unpacks over

40 evictions from the Bible where God's favor was lost not due to race or religion but disobedience Drawing on deep scriptural insight including Torah Gospel Qur'an and the Talmud this book shows how divine selection is not about birthright but about behavior At its core is a new theological framework Triune Covenant Theology a fresh interfaith alternative to the widely known Dual Covenant Theology Where Dual Covenant Theology suggests Jews and Christians can each be saved without fully believing in the other's revelation thus promoting parallel paths of disbelief Triune Covenant Theology asserts the opposite that God's enduring covenant is built on three pillars of unity Moses's law Jesus's mercy and Muhammad's monotheism Rather than negating each other these three messengers confirm one another calling humanity back to God's oneness lawfulness and love This book fearlessly challenges myths that have clouded the path to peace like the ideas of a land without a people or unconditional chosenness It addresses the misuse of sacred texts to justify apartheid settler violence and religious supremacy offering instead a vision rooted in justice humility and universal accountability Across twelve dynamic chapters and three rich appendices including a simulated AI debate between a Rabbi a Catholic priest and an Imam you'll encounter A powerful comparison of Biblical vs Qur'anic visions of statehood sovereignty and moral law A theological and historical case for why Muslims now bear the mantle of Greater Israel not politically but spiritually A glossary of critical interfaith terms from Mishpat to Supersessionism to empower deeper understanding A Top 20 list of Zionist myths gently debunked with sacred texts and historical facts Far from a work of religious superiority this book is a spiritual blueprint for accountability coexistence and the revival of divine ethics It invites readers of all faiths or none to see that being chosen is not about domination but about devotion Not about privilege but purpose With a tone that is simultaneously scholarly and compassionate bold yet bridge building this book is already being hailed as a landmark work in comparative theology Whether you're a student of scripture a faith leader a peace advocate or simply someone searching for spiritual clarity in a fractured world The Chosen Peoples Challenge offers the depth honesty and inspiration needed to help re-light the world's spiritual lamp beginning at Jerusalem and shining outward Join the challenge Reclaim the covenant Share the light

**The Secret Rebellion** Daniel Osigbe, 2012-08-01 The Secret Rebellion is written to confront and challenge the reader regarding the areas of their lives that they have not fully surrendered to God It also delves into exploring the meaning of this hidden rebellion against God and its effects It begins with an idyllic story of a young gentleman who seems like a good man But he ends up losing everything because he left his master's house The remainder of the book follows this pattern exploring how we might appear right even when we are in rebellion against God The book finishes up by revealing the cure that can be found in God and God's desire for us

**Missionary Practices and Spanish Steel** Andrew L. Toth, 2012-10-15 The work and ministries of the Roman Catholic friars who gave their lives both as martyrs for the cause of their church and in years of hard and often thankless labor are the inspiration and basis for Missionary Practices and Spanish Steel a theological and practical narrative that seeks to remember and understand their accomplishments in Christian mission Missionary and theologian Andrew L Toth investigates the roots of Christian mission as it developed into the field of Christian missiology in the chaotic terrible and incredibly diverse three hundred year Spanish conquest of North America indigenous nations Through his research Toth shows that in the great majority of the cases studied the friars accomplished their goals to transform these native cultures into their own Spanish culture to account them as Roman Catholic Christians This study is more than just a history of the friars missionary movement Toth not only explores how Spanish Catholic missionaries approached their work but also asks to what extent their approach conformed to a particular theological perspective Toth rounds out his argument by speculating on what the friars can teach us about the role of missionaries today Comprehensive and thought provoking Missionary Practices and Spanish Steel offers a new perspective on the current missionary movement by looking through the lens of the past
